## GREYHOUND AMBASSADORS AT CHELTENHAM RACECOURSE

Our thanks to the GBGB Greyhound Ambassadors who attended Cheltenham Racecourse during their November meeting.

Gail May, Lorraine Sams and Carly Philpott were joined by their retired racers Eric (Spiridon Caerus), Toby (Warning Over), Florence (Go with Flo) and Swifty (Union Secret). They spent the day speaking with the public about the care their greyhounds have received throughout their careers.

They were also joined by several special guests including horseracing trainer and fellow greyhound enthusiast Fergal O'Brien, champion jockey Tony McCoy and ITV presenter Luke Harvey.

Speaking after the event, Gail May, said:

*"We had a fantastic day chatting with the spectators at Cheltenham and we are extremely thankful to the track for hosting us and for letting us have a special stall in the Village which was brilliantly located.*

*"From the minute we got there we had a steady stream of people coming over to speak to us and to meet our retirees. It was a real mix of individuals, from current greyhound racing fans to those who had never met a greyhound before. Everyone we spoke to was interested to hear about the care the dogs receive both at and away from the track. It was lovely too that so many children got to meet the hounds and give them a stroke. The dogs all behaved impeccably and really showcased what is so special about this breed.*

*"Lots of people we spoke to said they were considering homing a greyhound in the future and it showed just how much support there is for greyhounds within the horseracing community. We hope, in the future, that we can attend more race meetings and develop a greater partnership between our sports."*

# IMPORTANT NOTICES

## Complaints

The Greyhound Board of Great Britain will receive complaints in confidence from anyone concerned about a possible breach of the Rules of Racing. Send emails to [complaints@gbgb.org.uk](mailto:complaints@gbgb.org.uk) or call the GBGB office on **020 7822 0900**. Alternatively, write to:

The Greyhound Board of Great Britain Ltd,  
Genesis House, 17 Godliman Street, London EC4V 5BD

## Welfare Hotline

If you are concerned about the welfare of any registered racing greyhounds, please call our confidential Welfare Hotline on **020 7822 0917**. The line is available 24 hours a day, seven days a week.

You will be prompted to leave a voicemail message giving as much information as you can so that our team can investigate your concerns fully and ensure appropriate action is taken.

The Disciplinary Committee wish to advise those appearing before them as “the affected person” that the Disciplinary Committee has the discretion to take account of any previous breaches of the rule(s) of racing which they consider are relevant to a case being heard before them irrespective of the date of commission of the breach.

## DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB were in attendance at a meeting held on 9 November 2021:-

Mr K Salmon (in the chair)  
Mr M Harrod  
Mr H Starte

### 1 **William O'Donoghue** – Request to Lift Disqualification

The Disciplinary Committee heard an application by Mr William O'Donoghue for the lifting of the indefinite disqualification imposed upon him on 19 September 2013 for breaches of rules 152 (i) and (ii), 174(i)(b) and 174(xiv)(b) of the GBGB rules of racing.

Mr O'Donoghue was in attendance.

The background to this application is that Mr O'Donoghue was first disqualified in 2007. On 16 June 2011 he successfully applied to the Disciplinary Committee to have that disqualification lifted on condition that he only sold his own greyhounds and he took all reasonable steps to ensure his dogs were free from prohibited substances.

On 18 October 2012 he received a 12 months' disqualification suspended for 12 months.

On 19 September 2013 he appeared before the Disciplinary Committee having sold a greyhound, STAY FOR RUBY, at Perry Barr sales trials, which subsequently tested positive for metabolites of stanzolol. When the point of registration sample was tested it too tested positives for metabolites of stanzolol. Mr O'Donoghue admitted that he was

not the owner of the greyhound. He was acting as agent for Mr John Mulcahy, from whom he had collected the greyhound three days prior to the sales trials. The only step he took to ensure that the greyhound was free from prohibited substances was to take Mr Mulcahy's word for it. Having been asked by stipendiary steward Alex McTaggart to provide a statement setting out his involvement, and having promised to do so, he never in fact provided any such statement.

Mr O'Donoghue had a lamentable record with no fewer than 7 drug related breaches, 5 of them involving the deliberate administration of a prohibited substance contrary to rule 174(i)(a) of the GBGB rules of racing (or its NGRC equivalent).

In all the circumstances the Disciplinary Committee felt there was no alternative but to order that Mr O'Donoghue be disqualified indefinitely with immediate effect.

On 3 October 2017 Mr O'Donoghue made an application to have that disqualification lifted so that he could act as a sales agent. That application was refused on the basis that the Disciplinary Committee had no confidence that if his licence was restored Mr O'Donoghue would comply with the GBGB rules of racing.

He now makes the same application. In support of his application, he told the Committee that at the time of his breaches there was no, or at least very lax, regulation in Ireland. He described himself as a “sitting duck”. He stated that there was now a “whole new set of rules” and

that testing was now much more stringent. He stated that he had “seen the light” and “served his time”. He said he would “guarantee” that there was no further breach of the rules.

The Disciplinary Committee were not persuaded by these assurances. He still portrayed himself as a victim of circumstance, notwithstanding his 5 breaches of rule 174(i)(a). He continued to take no responsibility for those breaches. In effect he told the committee that he would not breach the rules because it was now so hard to get away with it, which the Disciplinary Committee did not find remotely reassuring.

As for “serving his time” the Disciplinary Committee noted that the current disqualification had lasted for 8 years, however the purpose of the disqualification was not simply to punish Mr O'Donoghue, it was also to protect the racing public who had the right to assume that greyhounds running in this country were free from prohibited substances. In order to do that the Disciplinary Committee would have had to be confident that there would be no future breaches of the rules of racing. They felt no such confidence. Based on Mr O'Donoghue's past record and the way he now put his application the Disciplinary Committee felt that it would only be a matter of time before he once again breached the rules of racing.

Accordingly, his application was dismissed.

## 2 Mr Kye Hallsworth – Request to lift Warning Off order

The Disciplinary Committee heard an application by Mr Kye Hallsworth for the lifting of an order warning him off for an indefinite period imposed on 10 September 2019 for breaches of rules 152(i) and (ii), 174(i) (a), and 174(xiv)(a) and (b) of the GBGB rules of racing in that urine samples taken from the greyhounds STORMBORN and BURGESS BANDIT at Nottingham Stadium on 21 September 2018 were analysed by LGC life sciences as containing the presence of diisopropylamine.

Mr Hallsworth was in attendance and accompanied by professional trainer Mr Robert Hall.

The Disciplinary Committee note that diisopropylamine is a vasodilator, which stimulates the cardio-vascular and nervous systems and has been shown to have a proven ability to improve performance in racing greyhounds.

They further noted that Mr Hallsworth, whilst accepting full responsibility for administering this substance, claimed that he had been given syringes containing what he believed to be a multi-vitamin injection by a person he was not willing to name. His intention in administering that substance was to relieve cramp in the greyhounds. The Disciplinary Committee which dealt with the inquiry on 10 September 2019 rejected that explanation and found that Mr Hallsworth had deliberately administered this substance with the intention of improving the greyhounds' performance.

Mr Hallsworth, in support of his application, told the Disciplinary Committee that this had been "the biggest mistake of his life" which had "ruined everything." He said he had been no more than a naive boy at the time of the breaches. Now, two years on, he was a man. He had had to move out of the family home, find his own accommodation and obtain employment which had taught him how the world works. He said he now knew that he had to stick to the rules in whatever he did.

He was supported in his application by his stepfather, professional greyhound trainer Robert Hall. He pointed out that we all make mistakes, but the important thing was to learn from them. He stressed how keen Mr Hallsworth was on greyhound racing and how important

it was to encourage young people to become involved with the sport.

The Disciplinary Committee were disappointed to note that Mr Hallsworth still maintained he thought the injections were multi-vitamins, notwithstanding the clear findings made on 10 September 2019, and that he continued to refuse to name the person who had supplied the syringes, saying that he feared for his safety.

They further noted that the deliberate doping of a greyhound to improve its performance was the most serious breach of the rules involving prohibited substances. The racing and betting public have the right to expect that greyhounds are free from prohibited substances when they race. On 10 September 2019 the Disciplinary Committee made clear findings and based upon those finding felt that an indefinite warning off was the appropriate penalty. Only a little more than two years have elapsed since that penalty was imposed. The Disciplinary Committee felt that to allow this application so soon would undermine both the findings and the penalty determined on 10 September 2019.

Accordingly, this application is dismissed.

## 3 Central Park Stadium – TULLYMURRY BART – Professional Trainer Mr B O'Sullivan

Professional Trainer Mr Barry O'Sullivan was found in breach of Rules 152 (i), 174 (j)(b) and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound TULLYMURRY BART at Central Park Stadium on 9 May 2021 was analysed by LGC Health Sciences as containing the presence of heptaminol, and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of a greyhound or prejudice its wellbeing.

Mr O'Sullivan was in attendance. Robert Killingbeck, racing manager of Central Park Stadium, Dave Baldwin, head of racing (greyhounds) ARC, and Professor Tim Morris, independent scientific adviser, were also in attendance.

On 9 May 2021 a pre-race urine sample was taken from the greyhound TULLYMURRY BART at Central Park stadium which, when analysed by LGC, tested positive for the presence of heptaminol.

The Disciplinary Committee heard evidence from Professor Tim Morris to the effect that heptaminol not available as a veterinary or human medicine in the UK or the EU, although it is available in Australia. It is described as a "muscle stimulant" and it also stimulates the cardiovascular system in dogs. It is therefore a substance which by its nature could affect the performance or prejudice the welfare of a greyhound. It has been reported as being abused as a doping agent in Britain and Australia.

Mr O'Sullivan could offer no explanation as to how TULLYMURRY BART came to test positive. He told the Disciplinary Committee that when he received the results of the LGC analysis they "knocked him for six". He made extensive enquiries to try and establish the truth, including asking for the CCTV footage from the track. Unfortunately, this was unavailable. He had made extensive improvements to the security at his own kennel including the installation of CCTV. He speculated that someone might have interfered with TULLYMURRY BART at the track, possibly motivated by malice, but in the judgment of the Disciplinary Committee this was nothing more than speculation. He stressed that he had not administered this substance. He had no reason to do so, indeed he had every reason not to, given the potential damage to his reputation and livelihood.

The Disciplinary Committee addressed the question whether they could say on a balance of probability that Mr O'Sullivan had deliberately administered heptaminol or connived in its administration. Not only was there insufficient evidence to support such a conclusion, but the Disciplinary Committee were of the firm view that Mr O'Sullivan had not administered heptaminol. The Disciplinary Committee found him to be a patently honest witness who was doing his best to assist the inquiry. They considered there was considerable force in his lack of motive, and the potential damage such behaviour could cause to his reputation and livelihood.

Accordingly, the committee found Mr O'Sullivan in breach of rules 152 (i), 174(j)(b), and 217 of the GBGB rules of racing which impose strict liability.

As regards penalty Mr Gibson, presenting the case on behalf of the GRB, suggested a severe reprimand and a fine of £750. The Disciplinary Committee gave very

careful consideration to this aspect of the case. The administration of a substance which has been shown to be abused as a doping agent is among the most serious of rule breaches and the level of penalty suggested by Mr Gibson would generally be appropriate. However, each case has to be considered on its merits and there were a number of features which mitigated the seriousness of this breach. The Disciplinary Committee were satisfied that this was a one-off incident which had genuinely shocked Mr O'Sullivan. He had done everything in his power to ensure there would be no repetition. He is very well respected and produced a number of glowing references. For those reasons the Disciplinary Committee felt that a caution was sufficient to mark Mr O'Sullivan's part in this rule breach. However, there is no escaping the fact that heptaminol has been abused as a doping agent and the seriousness of that must be marked by a fine of £500.

#### 4 **Romford Stadium – DARK CRUSADER / EXPERT STAR – Professional Trainer Mr J Simpson**

Professional Trainer Mr John Simpson was found in breach of rules 152 (i), 174 (i)(b), 214 and 217 of the GBGB Rules of Racing in that urine samples taken from the greyhounds DARK CRUSADER on 5 May 2021 and EXPERT STAR on 15 May 2021 at Romford Stadium were analysed by LGC Health Sciences as containing the presence of pentobarbital and hydroxylated metabolites of pentobarbital and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of a greyhound or prejudice its wellbeing.

Mark Bird, on behalf of GRB, proposed that the Disciplinary Committee hear the two cases together. Mr Simpson confirmed that the procedure had been explained to him by Mr Bird and he had no objection to this.

Mr Simpson was in attendance. Mark Arkell, racing manager of Romford Stadium, and Professor Tim Morris, independent scientific adviser, were also in attendance.

On 5 May 2021 a pre-race urine sample was taken from the greyhound DARK CRUSADER at Romford stadium which, when analysed by LGC, tested positive for the presence of pentobarbital

and hydroxylated metabolites of pentobarbital

On 15 May 2021 a pre-race urine sample was taken from the greyhound EXPERT STAR at Romford stadium which, when analysed by LGC, tested positive for the presence of pentobarbital and hydroxylated metabolites of pentobarbital

The Disciplinary Committee heard evidence from Professor Tim Morris to the effect that pentobarbital is available as a veterinary medicine as a concentrated solution for injection for euthanasia of animals in the UK. Pentobarbital affects dogs as it does other animals and people with increasing doses causing sedation, anaesthesia, and then death through respiratory and cardiac arrest. As a depressant of the nervous and respiratory systems it a substance which by its nature could affect the performance or prejudice the welfare of a greyhound.

Professor Morris gave very clear evidence that there have been a significant number of cases where meat described at Category 3 Animals By Product has contained drug residues. His opinion was that contaminated meat was by far the likeliest cause of these two positive tests.

Mr Simpson produced receipts which show that he only feeds category 3 meat. He told the disciplinary committee that he has now stopped feeding beef to prevent any repetition of these incidents. In the judgment of the Disciplinary Committee, he was entitled to believe that the category 3 meat he was feeding to his greyhounds was free of drugs residues. He therefore is in no way to blame for these positive tests.

In those circumstances the Disciplinary Committee ordered that no further action be taken in this matter.

The Disciplinary Committee of the GBGB were in attendance at a meeting held on 11 November 2021:-

Mr R Woodworth CBE (in the chair)  
Mr P O'Dowd  
Mr R O'Donovan

#### 1 **Nottingham Stadium – START CRACKING – Professional Trainer Mr B Denby**

Professional Trainer Mr Barry Denby was found in breach of rules 152 (i), 174 (i)(b) and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound START

CRACKING at Nottingham Stadium on 14 January 2021 was analysed by LGC Health Sciences as containing the presence of ketoprofen, and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of a greyhound or prejudice its wellbeing.

#### 2 **Nottingham Stadium – HOWS PARKER – Professional Trainer Mr B Denby**

Professional Trainer Mr Barry Denby was found in breach of rules 152 (i), 174 (i)(b) and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound HOWS PARKER at Nottingham Stadium on 14 January 2021 was analysed by LGC Health Sciences as containing the presence of ketoprofen, and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of a greyhound or prejudice its wellbeing. The Above Inquiries

Duncan Gibson, on behalf of GRB, proposed that the Disciplinary Committee hear the two cases together (as the circumstances were almost identical) and consider whether breaches of the rules had occurred but not consider any possible sanctions until the third inquiry had been heard in order not to prejudice Mr Denby. Mr Denby confirmed that the procedure had been explained to him by Mr Gibson and he had no objection to this

Mr Denby was in attendance. Dave Baldwin, head of racing (greyhounds) ARC, Tiffany Blackett, stipendiary steward and Professor Tim Morris, independent scientific adviser, were also in attendance.

The Disciplinary Committee heard evidence from Professor Tim Morris, independent scientific adviser, to the effect that ketoprofen is used in animals and man. For animals it is available as a UK licensed veterinary medicine, in tablet or injectable form for therapeutic indications in a number of species including dogs, cattle, horses and pigs. A number of tablet or topical (gel) preparations are used in human medicine.

Ketoprofen chemically is in the class of drugs described as Non-Steroidal Anti-inflammatory Drugs (NSAIDs). NSAIDs relieve pain, reduce fever and reduce inflammation. All NSAIDs have the potential to induce adverse reactions, some of which can be life threatening.

Professor Morris was not aware of any studies that show ketoprofen could directly affect the performance of a greyhound but the alleviation of symptoms by ketoprofen could have an indirect effect on performance by mitigating adverse effects of any pain or inflammation.

Accordingly, in Professor Morris's opinion ketoprofen as a NSAID is a substance which by its nature could affect the performance of the Greyhound or could prejudice the wellbeing of a greyhound.

The Committee heard from Mr Denby that neither he nor his staff had administered ketoprofen. Rather, he stated that he employed "old-fashioned" methods of massage and cold-water treatment to address muscular problems in his racing greyhounds. While the ketoprofen might have been expected to have come from the feeding of Category 2 ABPs, all the evidence in this case suggested that Mr Denby purchased meat fit for human consumption to feed to his greyhounds. Not only did his meat receipts evidence this but on inquiry from Ms Blackett, the supplying butchers confirmed that they did not supply ABPs. When asked to explain this, Professor Morris stated that as ketoprofen is not regarded as one of the more toxic NSAIDs by the Food and Drug Authorities; there is no established residue limit regulating its presence in meat for human consumption. In practice therefore meat that was sold as fit for human consumption could well contain traces of ketoprofen. Accordingly the GRB have had to establish a Screening Limit/Residue Limit for ketoprofen. In Mr Denby's case the screening limit was exceeded by both START CRACKING and HOWS PARKER but evidence suggested that the meat supplied to Mr Denby often included offal such as liver and kidney. Ketoprofen residues would accumulate in the feed animal's kidney and might therefore account for the increased finding in the two greyhounds. Whereas an administration of ketoprofen would commonly expect to produce much higher readings. On the balance of probabilities the Committee concluded that the ketoprofen positives had come from the meat and offal fed by Mr Denby. While some of the GBGB Rules of Racing impose strict liability on the trainer in this case the Committee considered that Mr Denby had taken all reasonable measures to avoid this occurrence and the Disciplinary

Committee ordered that there be no further action.

### **3 Nottingham Stadium – BLENHIEM CHOICE – Professional Trainer Mr B Denby**

Professional Trainer Mr Barry Denby was found in breach of rules 152 (ii), 174 (i)(a) and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound BLENHIEM CHOICE at Nottingham Stadium on 6 April 2021 was analysed by LGC Health Sciences as containing the presence of meloxicam, and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of a greyhound or prejudice its wellbeing.

Mr Denby was in attendance. Dave Baldwin, head of racing (greyhounds) ARC, Tiffany Blackett, stipendiary steward and Professor Tim Morris, independent scientific adviser, were also in attendance.

The Disciplinary Committee heard evidence from Professor Tim Morris, independent scientific adviser, to the effect that meloxicam is available in the UK as a licenced veterinary medicine, in a range of tablet, liquid for oral administration or injectable forms, from a number of different companies, for use in cats, dogs, horses, pigs, and cattle.

Meloxicam is chemically in the class of drugs described as Non-Steroidal Anti-Inflammatory Drugs (NSAIDs). NSAIDs relieve pain, reduce fever and reduce inflammation.

All NSAIDs have the potential to induce adverse reactions, some of which can be life threatening. Vomiting is the most common adverse effect, with death noted in the analysis of recorded adverse events.

Professor Morris was not aware of any studies that show meloxicam could directly affect the performance of a greyhound. The alleviation of symptoms by meloxicam could have an indirect effect on performance by mitigating adverse effects of any pain or inflammation.

Accordingly, in Professor Morris's opinion meloxicam as a NSAID is a substance which by its nature could affect the performance of the Greyhound or could prejudice the wellbeing of a greyhound.

BLENHIEM CHOICE was owned by Mr Denby's kennelhand.

Mr Denby was adamant that he had not administered meloxicam to BLENHIEM CHOICE, that he trusted implicitly his two kennel staff and believed that the meloxicam must have resulted from contaminated meat. However Professor Morris gave evidence that the Screening Limit established by the meloxicam administration study carried out by the GRB had been very significantly exceeded in this case and was most unlikely to have resulted from the ingestion of meat.

The Committee believed on the balance of probabilities there had been a deliberate administration of meloxicam in this case and while they could not be certain by whom, Mr Denby was responsible for the actions of his staff.

While Ms Blackett spoke highly of Mr Denby's kennel practices, in all the circumstances of the case, the Disciplinary Committee ordered that Mr Denby be severely reprimanded and fined £500.

### **4 Towcester Stadium – ANGRY TORNADO – International Trainer Mr P Cronin**

International Trainer Mr Peter Cronin was found in breach of rules 152 (i), 174 (i)(b), 214 and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound ANGRY TORNADO at Towcester Stadium on 26 June 2021 was analysed by LGC Health Sciences as containing the presence of pentobarbital and hydroxypentobarbital, and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of a greyhound or prejudice its wellbeing.

Mr Cronin was in attendance. Tiffany Blackett, stipendiary steward and Professor Tim Morris, independent scientific adviser, were also in attendance.

The Disciplinary Committee heard evidence from Professor Tim Morris to the effect that pentobarbital is available as a veterinary medicine as a concentrated solution for injection for euthanasia of animals in the UK. Pentobarbital affects dogs as it does other animals and people with increasing doses causing sedation, anaesthesia, and then death through respiratory and cardiac arrest. As a depressant of the nervous and respiratory systems it a substance which by its nature could affect the

performance or prejudice the welfare of a greyhound.

ANGRY TORNADO had given a positive sample after winning a heat of the RPGTV Derby Plate at Towcester in a very fast time.

As a number of previous GRB findings in other dogs had been associated with feeding contaminated meat both the GBGB and IGB (now RCE) had advised against feeding Category 2 meat although Mr Cronin argued that the RCE position was more that of a recommendation rather than firm advice and indeed that the practice of feeding Category 2 meat was common amongst Irish greyhound trainers. In this case Professor Morris gave evidence that the pentobarbital had almost certainly come from the Category 2 meat which Mr Cronin admitted feeding to ANGRY TORNADO. Mr Cronin explained that while he would normally have stayed with Trainer Paul Foster when his dogs were competing in the Derby and would have purchased his meat from a UK supermarket because of COVID he had transported his dogs backwards and forwards to Ireland for their races. His feeding of Category 2 meat had been an aberration. However the Committee noted that Mr Cronin had been bringing his dogs to compete in the UK's most important competitions for many years and must have known of the GBGB's advice not to feed Category 2 meat to racing greyhounds.

Some of the GBGB Rules of Racing impose strict liability on the trainer and in all the circumstances of the case, the Disciplinary Committee ordered that Mr Cronin be reprimanded and fined the sum of £450.

## LOCAL INQUIRIES

### 1 Professional Greyhound Trainer Mr S Pilgrim

At a local inquiry held by the Area Stipendiary Steward on 18th October 2021, professional greyhound trainer Mr S Pilgrim was cautioned for a breach of Rules 212 & 152 (i) in respect of the use of anti bark muzzles on greyhounds in his residential kennels.

### 2 Perry Barr Stadium

At a local inquiry held by the Area Stipendiary Steward on 13th September 2021, Perry Barr Stadium was cautioned for a breach of Rules 129, 130 & 152 (i) & (ii) in respect of

the supervision of the start of race 9 on 28th August 2021 at Perry Barr Stadium.

### 3 Newcastle Stadium – CNOG SYDNEY

At a local inquiry held by the Area Stipendiary Steward on 16th September 2021, Newcastle Stadium was reprimanded and fined £500 for a breach of Rules 152 (i) & (ii) in respect of racing the greyhound CNOG SYDNEY off the wrong handicap mark on 6th August 2021 at Newcastle Stadium.

### 4 Professional Greyhound Trainer Mr H Burton

At a local inquiry held by the Area Stipendiary Steward on 19th October 2021, professional greyhound trainer Mr H Burton was cautioned for a breach of Rules 152 (ii) in respect of verbally abusive and threatening behaviour to the Racing Manager at Newcastle Stadium on 8th October 2021.

### 5 Sheffield Stadium – DARK WARRIOR – Professional Greyhound Trainer Mrs C Weatherall

At a local inquiry held by the Area Stipendiary Steward on 29th June 2021, professional greyhound trainer Mrs C Weatherall's explanation was accepted in respect of the improved performance of the greyhound DARK WARRIOR at Sheffield Stadium on 29th June 2021.

Opening at 5/2 and starting at 11/4, the greyhound had won a 280m race recording a calculated time of 16.22 seconds as compared with its best recent time of 16.88 seconds recorded in a Trial on 8th May 2021.

# Open Races

## General Conditions

Unless otherwise stated the following will apply to all open races advertised in this issue of the Calendar:

- The Standard Conditions of Entry (Rules of Racing, Rule 82) and international Entries and Conditions where applicable (Rule 83).
- Classification Wide Runners – Open Races (Rules of Racing, Rule 79(b)).
- Entries close to the Racing Managers, at the addresses of the stadiums concerned, at the times and on the date shown.
- The draw for traps (and heats, where applicable) is made under Rule 80 by the Secretary of the GBGB, or their appointed representative, as soon as possible after the closing date for entries unless otherwise indicated in the conditions.
- When reference is made in the calendar regarding greyhounds who have not won an open race at the time of closing, it refers to GBGB open races.
