

REGULATORY VET VACANCIES, GBGB AWARDS TICKET INFO AND THE LATEST OPEN RACE INFORMATION

Cochise-peasy: The first Category One title of the year goes to Cochise who made easy work of his rivals in the Arena Racing Company Cesarewitch at Central Park on Sunday from off the front. Greyhound racing has been in the Rees family for three generations and Richard and his wife Jackie, son Charlie and kennelhand Stacey Elms will all be looking to build on this success in the months to come.

REGULATORY VETERINARY SURGEON VACANCIES X 3

The Greyhound Board of Great Britain (GBGB) is the governing body for licensed greyhound racing in England, Scotland and Wales. As well as overseeing Stadia and the running of each race and trial, we are responsible for regulating the welfare and care of all racing greyhounds, from registration to retirement.

Welfare is of the upmost importance and the top priority for the GBGB, as reflected in the recently published 5 year Welfare Strategy (<https://www.gbgb.org.uk/welfare-care/commitment-to-care/>) which covers all stages of a racing greyhound's life. To support the delivery of the Welfare Strategy and the GBGB's commitment to optimising greyhound welfare, the GBGB has created five new Regional Regulatory Veterinary Surgeon roles.

The GBGB wishes to recruit a team of Regulatory Veterinary Surgeons to cover five geographical regions: the North (including Scotland), the Southeast (including London), the Southwest/West Midlands, the East Midlands/East Anglia, the Northwest/Northeast. *Please note that the North (including Scotland) and Northwest/Northeast vacancies have been filled.*

The Regional Regulatory Veterinary Surgeons will report to the Veterinary Executive. Their functions will include:

- Upholding the GBGB's Rules of Racing in matters relating directly and indirectly to greyhound welfare.
- Acting as a point of reference and support for Track Veterinary Surgeons in respect of their regulatory functions.
- Working closely with and supporting the field staff of Stipendiary Stewards, both at tracks and at trainers' residential kennels.
- Conducting annual veterinary kennel inspections at trainers' residential kennels.

Candidates will be Members or Fellows of the RCVS. You must have broad clinical skills and a minimum of two years' experience working in veterinary practice. A post graduate qualification in animal welfare or other relevant discipline would be desirable. Experience of working in animal sports or with an animal welfare charity would also be desirable.

The position will involve travel and independent working and therefore candidates must be able to work unsupervised and hold a clean and valid driving licence. Candidates must also be prepared to work flexibly and outside of usual working hours when required to do so.

This is a full time, non-clinical position and will be field based.

For a job description, requirements, and person specification, please contact Zoë Brown.

To apply for this position, please email a copy of your CV, together with a covering letter detailing which area you are applying for and how you fit the criteria specification to Zoë Brown, HR Manager, at zoe.brown@gbgb.org.uk

GBGB is an equal opportunities employer

IMPORTANT NOTICES

Complaints

The Greyhound Board of Great Britain will receive complaints in confidence from anyone concerned about a possible breach of the Rules of Racing. Send emails to complaints@gbgb.org.uk or call the GBGB office on **020 7822 0900**. Alternatively, write to:

The Greyhound Board of Great Britain Ltd,
Genesis House, 17 Godliman Street, London EC4V 5BD

Welfare Hotline

If you are concerned about the welfare of any registered racing greyhounds, please call our confidential Welfare Hotline on **020 7822 0917**. The line is available 24 hours a day, seven days a week.

You will be prompted to leave a voicemail message giving as much information as you can so that our team can investigate your concerns fully and ensure appropriate action is taken.

The Disciplinary Committee wish to advise those appearing before them as "the affected person" that the Disciplinary Committee has the discretion to take account of any previous breaches of the rule(s) of racing which they consider are relevant to a case being heard before them irrespective of the date of commission of the breach.

DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB was in attendance at a meeting held on 17 November 2022

Those present:

Mr R O'Donovan (chair)

Dr J Hunt

Mr R Woodworth CBE

The meeting opened with the Committee remembering the life and contribution of Kevin Salmon who had sadly passed away since the last meeting.

Kevin would be remembered as an outstanding contributor to the Committee and greyhound racing generally. He would be remembered as a true gentleman, courteous yet at the same time bringing a sharp analytical and critical focus to committee meetings. Kevin had a wonderful sense of humour and on occasion had entertained the committee with anecdotes from his life as a barrister. He will be sorely missed and the Committee was told that the GBGB had given its condolences to his family.

1 Brighton & Hove Stadium: Professional Trainer Mr G. Andreas

Professional trainer Mr George Andreas was found in breach of rules 152(i), 174(i)(b) and 217 of the GBGB Rules of Racing in that on analysis by LGC Health Sciences, a urine sample taken from the greyhound **INSANE JOE** at Brighton and Hove Stadium on 19 November 2021 was found to contain the presence caffeine and paraxanthine.

Mr Andreas was in attendance. Daniel Rankin, Racing Manager at Brighton & Hove Stadium, Professor Tim Morris, independent scientific adviser, and Annie Poole, Stipendiary Steward, were also in attendance.

At the Local Inquiry held on 2 February 2022 Mr Andreas said that he genuinely had no idea how the substance came to be in the greyhound.

The Disciplinary Committee heard evidence from Professor Morris that caffeine was not now used as a veterinary treatment and was widely present in food products, including tea. Paraxanthine is a metabolite of caffeine. Caffeine is recognised as a stimulant, including of sporting performance. Possible side effects include restlessness, agitation, vomiting, diarrhoea, polydipsia and polyuria. In his view, it was a substance which by its nature could affect the performance of the greyhound or prejudice the well-being of a greyhound.

There was no firm evidence as to the source of the caffeine. The Disciplinary Committee reviewed the full feeding regime which included the possibility that caffeine might have been ingested through the purchase of cereals as Mr Andreas fed his greyhounds with various cereals bought from Lidl. Mr Andreas denied feeding any cereals which might contain chocolate and so indirectly cause the finding of caffeine. In the absence of any evidence to the contrary the Committee thought cereals were a possible source, and the most likely source. On the other hand, there was simply no firm

evidence, so one could not say that on the balance of probabilities that cereals were the source.

The GBGB Rules of Racing impose strict liability where a prohibited substance is found in the greyhound. The Disciplinary Committee found Mr Andreas to be in breach of Rules 174(i)(b), 217 and 152(i) of the GBGB Rules of Racing. However, there was no evidence to indicate the caffeine had been intentionally administered so no breaches were found of Rules 152(ii) or 174(i)(a). Further as the Committee had been unable to find that on the balance of probabilities the caffeine derived from feeding it did not find a breach of Rule 214.

In relation to the breaches of Rules 152(i), 174(i)(b) and 217 the Committee took into account the low level of caffeine found and Mr Andreas' good record in recent years and ordered a caution and a penalty of £200.

2 Central Park Stadium: Professional Trainer Mr M. Mavrias

Professional trainer Mr Mick Mavrias was found in breach of Rules 152(i), 174(i)(b) and 217 of the GBGB Rules of Racing in that on analysis by LGC Health Sciences, a urine sample taken from the greyhound **RUN ON TOFF** at Central Park Stadium on 24 February 2022 was found to contain the presence of codeine, norcodeine and oripavine.

Mr Mavrias was in attendance. Rob Killingbeck, Racing Manager at Central Park Stadium, Professor Tim Morris, independent scientific

adviser, and Annie Poole, Stipendiary Steward, were also in attendance.

At the Local Inquiry held on 22 April 2022 Mr Mavrias said that he had no idea how the substance came to be in the greyhound. However, he also mentioned that his retired greyhounds were occasionally fed waste bread obtained from Bookers (a wholesale food supplier) via one of his licensed kennel hands who worked at Bookers during the week. Bread was only fed occasionally when there was excess bread on offer.

The Disciplinary Committee heard evidence from Professor Morris that codeine is a naturally occurring plant material and found in poppy seeds. Norcodeine is a metabolite of codeine in the dog. Oripavine is an alkaloid found in the opium poppy and not used as a medicine because of toxic side effects.

Codeine and norcodeine both reduce pain and both drugs can cause sedation or excitement, constipation and other adverse effects. Oripavine is also highly toxic and causes seizures. In Professor Morris' opinion, therefore, codeine, norcodeine and oripavine are substances which by their nature could affect the performance of the greyhound or with their side-effects could prejudice the well-being of a greyhound.

At the Local Inquiry Mr Mavrias had suggested that a painkiller which he was prescribed did contain codeine. Professor Morris rejected this as a source of the positive finding. Because of its toxic qualities oripavine was not found in any medicine. Given the presence of oripavine in addition to codeine and norcodeine, the likely source of the substances found came from contamination by poppy products.

The Disciplinary Committee heard more detailed evidence from Mr Mavrias that if there was more surplus bread available from Bookers than needed for his retired dogs then he would feed bread to his racing dogs. He was aware of the danger of contamination by poppy seeds and the bread was checked first by his staff member when selecting bread and secondly by him when preparing feeds. Professor Morris advised that ground poppy seed might also be present in bread even if not obvious as seeds. The Committee considered that on the balance of probabilities the presence of codeine, norcodeine and oripavine resulted from the

feeding of bread products to Mr Mavrias' racing greyhounds.

The Committee found Mr Mavrias to be in breach of those rules involving strict liability, that is to say Rules 174(i)(b), and 217. It followed that there was also then a breach of Rule 152(i). Given the advice to trainers to take particular care in relation to bread products it could not be argued that the presence of the substances concerned was the result of normal and ordinary feeding. Given the finding that on the balance of probabilities the substances derived from the feeding of bread to his greyhounds the Committee also found Mr Mavrias to be in breach of Rule 214. Given the absence of intent no breaches were found of Rules 152(ii) or 174(i)(a). In mitigation there had been no intent to harm the welfare of any greyhound and Mr Mavrias had held a licence for 50 years with an unblemished record. Mr Mavrias was apologetic and had ceased feeding bread products to his racing greyhounds. Accordingly the Committee ordered a caution and a penalty of £200.

3 Towcester Racecourse: Professional Trainer Mrs C. Weatherall

Professional trainer Mrs Carol Weatherall was found in breach of Rules 152(i) and 214 of the GBGB Rules of Racing in that on analysis by LGC Health Sciences, a urine sample taken from the greyhound **FIGHT THE POWER** at Towcester Stadium on 25 June 2022 was found to contain the presence of ketoprofen.

Mrs Weatherall was in attendance. Professor Tim Morris, independent scientific adviser, and Paul Illingworth, Stipendiary Steward, were also in attendance.

As the Local Inquiry held on 12 September 2022 Mrs Weatherall was unable to offer any explanation for the presence of a ketoprofen metabolite but suggested that it might be derived from the human medication Voltorol®. She had also produced evidence that she regularly purchased Animal By Product (ABP) category 3 raw meat from a well-known supplier.

The Disciplinary Committee heard evidence from Professor Tim Morris that ketoprofen was a Non-Steroidal Anti-Inflammatory Drug (NSAID) which relieved pain, reduced fever and reduced inflammation. It had the potential to induce adverse reactions, some of which could be

life-threatening. Vomiting is the most common observed adverse effect in dogs and gastric intestine ulceration is the most common life-threatening adverse effect. While there were no studies showing that ketoprofen could directly affect the performance of a greyhound the alleviation of symptoms could have an indirect effect on performance by mitigating the adverse effects of pain and inflammation. Ketoprofen, therefore, was a substance which by its nature could affect the performance of the greyhound or could prejudice the well-being of a greyhound.

Professor Morris advised that the product Voltorol® could not be the source of the ketoprofen as it contained another NSAID, namely diclofenac.

Professor Morris advised that the food safety assessment of ketoprofen indicated a very low risk to consumers via meat and as such there is no food safety maximum residue limited applicable. Meat for human consumption and ABP 3 meat would not be tested for ketoprofen in the routine monitoring of meat for drug residues for human safety. Meat containing some ketoprofen could therefore legally enter the supply chain for human consumption or ABP category 3 meat. The finding of a ketoprofen metabolite could therefore be consistent with the feeding of category 3 ABP meat. On the other hand, the level of a ketoprofen metabolite found was higher than might be expected from food safety data.

The Committee found that on the balance of probabilities and on the evidence available the ketoprofen derived from the feeding of ABP category 3 meat and the relatively high level of a ketoprofen metabolite, in excess of the GBGB screening limit, found might be explained by a rogue batch, or the contamination of category 3 meat by category 2 meat.

It was clear from this finding that there had been no intentional administration of ketoprofen and no breach of Rules 174(i)(a) or 152(ii). Equally there had been no breach of Rules 174(i)(b) or 217 as the contamination derived from the ordinary course of feeding.

On the other hand, Rule 214 in effect imposed strict liability where a prohibited substance was found which derived from feeding and the Committee found a breach of Rule 214 and therefore Rule 152(i).

Taking into account that the finding that substances found derived from the meat supplied rather than any fault on the part of Mrs Weatherall and given her good record the Committee ordered a caution but no financial penalty.

The Disciplinary Committee of the GBGB was in attendance at a meeting held on 13 December 2022

Those present:
Mr H Starte (chair)
Mr P O'Dowd
Mr R O'Donovan

**1 Perry Barr Stadium:
Professional Trainer Mr N.
Britton**

Professional Trainer Mr Neil Britton was found in breach of rules 152(i) and (ii) and 174 (xii) (a) of the GBGB Rules of Racing in that he acted in an improper manner prejudicial to the good reputation of greyhound racing as regulated by GBGB.

Mr Britton was in attendance by video link from Perry Barr Stadium, as were Mr Chris Black, Perry Barr General Manager, and Stipendiary Steward Pete Rosney.

The Committee heard that on 3 June 2022 Mr Britton had visited Monmore Green Stadium to collect greyhound feed and other items. There was an afternoon meeting taking place and, when he entered the car park, Mr Britton saw a Citroen Relay transporter van that he had sold the previous September to another trainer ("Trainer A"). Mr Britton had been in dispute with Trainer A for several months over payment for the van and, more recently, with him and one of Trainer A's owners over payment for a greyhound that Mr Britton had bought from the owner.

The Committee heard that in September 2021 it had been agreed that Trainer A would pay £2000 to Mr Britton for the van by monthly instalments. By February Trainer A had paid £950 in instalments and he had also obtained an ultrasound machine for Mr Britton that was agreed to be worth £250, so that £800 remained outstanding.

In his written statement to the Committee, Trainer A claimed that he had met Mr Britton at Monmore Green Stadium at the end of February and paid him the outstanding £800 in cash. But this was strenuously denied by Mr Britton, who said he had received no such cash payment.

In April it had been agreed that Mr Britton would buy a greyhound from one of Trainer A's owners for £800. Mr Britton claimed that when this was agreed Trainer A still owed him £400 for the van; so he had paid £400 to the owner after receiving the greyhound but, as he maintained he was entitled to do, he had refused to pay any more and had told the owner to get the rest of the £800 from Trainer A. For their part, in their written statements to the Committee, Trainer A denied there had been any money owed to Mr Britton for the van, while the owner complained that whether or not Trainer A owed Mr Britton money for the van, he was still owed £400 by Mr Britton for the greyhound.

The Committee heard that in May there had been a series of text messages back and forth between Mr Britton, Trainer A and the owner, mostly of an offensive and threatening nature, with Trainer A and owner demanding payment for the greyhound and Mr Britton insisting £400 was owed him for the van.

The Committee heard that when Mr Britton saw the van parked in the trainers' car park at Monmore Green stadium on Friday 3 June he found the driver's window open and the van keys in the ignition. He reached in, took the keys and walked off with them. Trainer A had been running three greyhounds at the afternoon meeting. When he returned to the van and found the keys missing, he had contacted the Perry Barr racing manager, Mr Martin Seal, and told him that he suspected the keys had been taken by Mr Britton. Mr Seal telephoned Mr Britton, who admitted taking the keys. Trainer A also contacted Stipendiary Steward Peter Rosney. Mr Rosney made arrangements for another trainer to collect Trainer A and his greyhounds and transport them to Trainer A's kennels. As Trainer A did not have any spare keys for the van, he could not collect it from Monmore Green Stadium until Mr Britton returned the keys to the stadium, which he did at some point over the weekend.

At the Local Inquiry held on 28 July 2022 Mr Britton was recorded as accepting that he should not have taken the keys, that this had left Trainer A and his dogs stranded with no way to get home and that this could have impacted on the welfare of the greyhounds. Mr Britton was also recorded as accepting that, if Trainer A was going to pay the owner £400 of the price for the greyhound

he had bought, he was not owed any money for the van when he took the keys. Mr Britton said he had taken the keys because Trainer A had not paid the £400 to the owner and the owner was chasing him for the money.

In his evidence to the Committee Mr Britton said that he was provoked when he saw the van in use on 3 June because Trainer A had told him it was "a bag of nails" and unusable, giving this as a reason for not paying the outstanding £400 for the van. He had also been provoked, he said, by the greyhound being suspended from racing when the owner complained that he had not received full payment and by public statements that he said had been made about the dispute on Facebook and other websites by Trainer A and the owner and by abusive messages he said he had received from them. He had believed he was entitled to seize the van because he was still owed £400. He had taken the keys "in a red mist", thinking that by "taking the van hostage", he would get paid the money he was owed.

It was explained to Mr Britton that the Greyhound Board and the Committee were not concerned with and were not deciding on the rights and wrongs of his dispute with Trainer A and the owner over payment for the van or for the greyhound and expressed no view on whether anything was owed to anyone. The issue was whether Mr Britton had behaved improperly as a trainer by taking the van keys, immobilising the van and thereby potentially putting at risk the welfare of greyhounds being run by Trainer A at the stadium, as well as inconveniencing and disrupting stadium staff and others who had been required to remedy the situation.

Mr Britton said he had given no thought to whether by taking the keys he had been putting the welfare of any greyhound at risk. He claimed it had not crossed his mind that the van was at the stadium because Trainer A was running dogs at the afternoon meeting. All he had thought about, he said, was that someone was using his van, "taking the mickey" by using it without paying for it. Contrary to what he was recorded as accepting at the Local Inquiry, he did not accept that what he did was improper.

The Committee had no hesitation in finding that Mr Britton had behaved improperly. It should have been apparent to him that the van was or

was probably being used to transport greyhounds to race or trial at the afternoon meeting. He made no attempt to check this was not the case before taking the keys. As a professional trainer he should have realised that the welfare of those greyhounds would be put at risk by removing the means for them to be transported from the track. In the event, no harm had been caused to any greyhound. But it was seriously improper conduct on Mr Britton's part to prioritise pursuing his dispute with Trainer A over payment for the van above greyhound welfare. There was a clear breach of Rule 174 (xii) (a). By this conduct and his disregard for greyhound welfare, Mr Britton had also acted in a manner prejudicial to the good reputation of greyhound racing and was in breach of rule 152 (ii).

The Committee heard that Mr Britton was of previous good character as a trainer. They were prepared to accept that this had been a lapse of judgment on Mr Britton's part relatively early in his career as a professional trainer and that he would not in future allow himself to lose sight of his duty to put greyhound welfare first. They ordered that Mr Britton be severely reprimanded and that he pay a fine of £500.

2 Romford Stadium: KINCORA BEAUTY – Professional Trainer Mr M Wiley

Professional Trainer Mr Martyn Wiley was found in breach of rules 152(i), 174 (i) (b) and 217 of the GBGB Rules of Racing in that on analysis by LGC Health Sciences a urine sample taken from the greyhound **KINCORA BEAUTY** at Romford Stadium on 26 October 2022 was found to contain the substances caffeine, paraxanthine and ceterizine.

Mr Wiley was in attendance by video link as were Ms Coralie Hurst, Deputy Racing Manager at Romford Stadium, Stipendiary Steward Ms Annie Poole and Professor Tim Morris, independent scientific adviser.

The Committee heard that on 26 October 2022 a random pre-race urine sample was taken from KINCORA BEAUTY before it ran in a 400m A1 race. On analysis by LGC Health Sciences the sample tested positive as containing the presence of caffeine in excess of the residue limit set by the GBGB, paraxanthine, a metabolite of caffeine and ceterizine.

Professor Morris told the Committee that caffeine was not a veterinary treatment. It was present in many human food products including tea, coffee and chocolate. It affected dogs as it did people, acting as a stimulant to the brain and opening airways. Recognised as a stimulant with a potential effect on sporting performance, it also had side effects, including restlessness, agitation, excitement, vomiting, diarrhoea and excessive thirst and urination.

Cetirizine was not available as a veterinary medicine, Professor Morris said. It is an antihistamine licensed for use in many human medical products, including over-the-counter, non-prescription treatments, typically for the relief of hayfever and other allergic reactions. It was a sedative, although considered to be less sedative than other antihistamines.

The presence of the metabolite paraxanthine confirmed that the caffeine had passed through KINCORA BEAUTY. Both caffeine and cetirizine were substances which by their nature could affect the performance and prejudice the wellbeing of the greyhound. Professor Morris said he had found no medical preparation available in the UK that contained both caffeine and cetirizine. From an anti-doping perspective, he noted that that caffeine, as a stimulant, and cetirizine, as a sedative, would tend to counter-act each other.

The Committee heard that Mr Wiley fed his greyhounds pasta, gravy, beef, chicken, Category 3 ABP meat and biscuit. Professor Morris said there was no reason to think that cetirizine would be present in any part of that diet. Caffeine was "ubiquitous", he said, being found in many human food products. Warnings published by the GBGB in the Calendar advise trainers to be careful to avoid exposing their greyhounds to foods and drinks containing caffeine. However, there was no reason to believe that caffeine would be present in any of the diet fed by Mr Wiley. Specifically, recent analysis of samples of commercial biscuit fed to greyhounds had found no significant presence of caffeine.

Questioned by Mr Phillip Law for the Board, Professor Morris agreed that it was unlikely that the caffeine and the cetirizine found in KINCORA BEAUTY's sample had come from the same source. He also agreed that for the two substances to have been ingested accidentally by the

greyhound would be "like lightning striking twice". However, Professor Morris said that giving the two substances to a greyhound, with their contrary effects on its performance, would be a very unusual and ineffective kind of doping.

Mr Wiley told the Committee that he had had about 50,000 runners during his career as a trainer and in his entire life in greyhound racing had probably been involved with about 100,000 runners. This was the first time that any greyhound trained or run by him had had a positive sample result. He found the result extremely embarrassing as reflecting on his reputation as a trainer, which was the most important thing for any trainer. Consequently, he had studied the possible sources of the substances found and reviewed his kennel administration to see how they could have got into KINCORA BEAUTY. He believed he had been taking every precaution that he could.

Mr Wiley said that he had a long-standing, experienced full-time kennel staff of 4 and about 10 people in total working at the kennel. He did background checks on all staff and was confident of their integrity. All feed preparation was done using tools to minimise handling. All meat was taken from its plastic bag packaging to be prepared with zero hand contact. No food was taken into the kennels at any time. Kennel staff had a separate room away from the dogs in which they ate and drank. Owners came to see their greyhounds on Sundays but could not access the kennel area. No owners or other visitors were allowed into the kennel area and they were never left unattended with a greyhound anywhere in the establishment. No visitors were allowed access anywhere outside the kennel block, for example the gallop, the pool or the whirly-gig. Her owner had no contact with KINCORA BEAUTY.

So far as the caffeine was concerned, Mr Wiley said he had come to the conclusion that he must have been the victim of a rogue batch of his commercial dog biscuit. He was aware there had been recent positives for caffeine where a common element was that the trainers were feeding the same commercial biscuit as him.

Mr Wiley thought only six people in total, all staff, would have contact with KINCORA'S BEAUTY. He had questioned his staff and none had been using anything containing

cetirizine. He trusted his staff completely, but even if there was someone nefarious on his staff, attempting to dope the greyhound for the race on 26 October made no sense. It was the wrong dog in the wrong race, with KINCORA'S BEAUTY racing over 400m when it had shown Open Race winning form in sprints.

Mr Wiley contended that he had done everything in his power to prevent what had happened from happening and could not do more. In these circumstances it was unfair that he should be held responsible for these positive test results.

The Committee was impressed by Mr Wiley as an honest and conscientious witness who was genuinely upset that his greyhound had tested positive and was anxious to discover the cause and assist the GBGB's inquiry. They unreservedly accepted that he had not been party to any deliberate administration of either of these substances, whether singly or in an extremely unusual and inexplicable combination of counteracting drugs. The Committee could not find that conscious administration of either or both of these substances by someone other than Mr Wiley was the more likely cause or that the more likely explanation was that the greyhound was inadvertently fed or allowed to consume something containing one or both of these substances. The Committee acknowledged that Mr Wiley had made conscientious and scrupulous efforts to minimize the risk of either of these things happening and intended to do what he could to avoid any repetition.

As for contamination from the biscuit fed to Mr Wiley's dogs, the Committee could not find in the face of Professor Morris's evidence that either the caffeine or cetirizine had come from this source. Mr Wiley had not established that the presence of either substance was the result of normal and ordinary feeding or care of the greyhound for the purposes of Rule 174 (i) (c). Accordingly, he was in breach of Rule 174 (i) (b) in respect of the finding of each substance, which rule imposes strict liability on any trainer who has in his charge a greyhound that shows the presence of any quantity of any substance which by its nature could affect the performance of the greyhound or could prejudice the wellbeing of the greyhound. Similarly, he was also in breach of Rule 217 which imposes strict liability on a trainer

whose greyhound takes part in a race when it is not free from a substance that could affect its performance or wellbeing. By virtue of those breaches he was also in breach of Rule 152 (j).

In all the circumstances the appropriate sanction in respect of all breaches was that Mr Wiley receive a Caution and pay a fine of £200.

3 SARAH CORNER

The Disciplinary Committee granted an application made by Ms Sarah Corner to rescind her indefinite disqualification imposed by the National Greyhound Racing Club following an application made by her for a permit trainer's licence in September 1990.

The Committee heard that when she was a teenager Ms Corner had been a kennelhand to her father, Mr Royston Corner, who had been a licensed trainer for many years at Yarmouth Stadium. Ms Corner told the Committee that in 1990 her father had been disqualified for a short period and ordered to pay a £500 fine after a greyhound trained by him tested positive for the drug theobromine.

Ms Corner said she had been angered by her father's disqualification and had reacted badly to being prevented from working with her father's greyhounds. She had applied for a trainer's licence but did so using the name and address of an aunt who lived next door to her family home.

The Committee was shown an NGRC report of a hearing before the Stewards (counterpart of the GBGB Disciplinary Committee) that had followed a Local Inquiry into Ms Corner's 1990 application. This recorded a finding that Ms Corner had made a licence application containing false information and had also submitted written evidence to the Local Inquiry which contained false information. She had been disqualified indefinitely and fined £500.

Ms Corner said she could only explain what she had done as being a crazy act of teenage defiance. She had been 18 years old and was young and naïve and admitted it had been a ridiculous and hopeless thing to do. Nevertheless, she in no way condoned what she had done and apologized for her actions at that age.

Ms Corner said that after his short disqualification ended, her father had

continued to hold a trainer's licence on and off and remained interested in greyhound racing. However, because of work commitments, it had never been the right time to resume training. Recently he had been diagnosed with a serious illness and Ms Corner and her sister had bought a share in a greyhound to give him an interest to assist in his recovery. Then early in 2022 they had bought a greyhound and put it in a syndicate with herself named as the head of the syndicate. Then she had been asked by a local trainer to take out a kennelhand licence so that she could help that trainer at the track.

The Committee was shown Ms Corner's completed kennelhand licence application signed by her on 25 April 2022. In it she had answered "No" to the question "Have you or any members of your family been subject to any disciplinary action by any greyhound regulator? (if yes, please give details)." Ms Corner said that it had not occurred to her that what had happened some 32 years ago under the NGRC could be relevant and need to be declared. She had also assumed that if the NGRC disqualification was relevant it would have been raised when recording the change of ownership into her name when they had bought a greyhound at the beginning of 2022.

The Committee heard that the issue of Ms Corner's disqualification in 1991 had come to light when, in September this year, she and her father decided to become active again in greyhound training, with herself licensed as trainer and her father licensed as kennelhand to her. Completing the application form for their trainer and kennelhand licences, Ms Corner again answered "No" to the question "Have you or any members of your family been subject to any disciplinary action by any greyhound regulator?" but also completed the form so that her father answered "No" to the same question in his kennelhand licence application. The connection was spotted between Ms Corner and the "S L Corner" recorded as disqualified in the archived NGRC records.

Ms Corner said that just as she had not thought her disqualification in 1991 could be relevant or had to be disclosed when making her application in April, she had not thought her NGRC disqualification or her father's NGRC disqualification should be declared when making

their licence applications in September.

Ms Corner told the Committee that she had been a director of a local estate agents where she lived for some 25 years. Away from work and home life, she was a keen fund-raiser for Colchester and Ipswich hospital charities. Her father, who continues to be a licensed trainer, was well and had now resumed training, with one greyhound in his care. She said her hope now was to be licensed so that she could support him if his circumstances were to change.

The Committee accepted that Ms Corner had not intended to mislead in her kennelhand licence application in April or in her trainer and kennelhand applications in September. There did not appear to be any good reason why the disqualification imposed for her unfortunate decisions and conduct as an immature teenager should continue. That disqualification was rescinded. Ms Corner could apply in the normal way for a kennelhand or trainer licence, which applications would be considered in the normal way. The Committee wished Ms Corner well in her efforts to support her father in his resumed activities as a trainer.

CHANGES OF GREYHOUNDS' NAMES

The following Changes of Greyhounds' Names have been effected in accordance with the Rules of Racing:-

03/01/2023, **DROMANA FURY**, (late MADABOUT BUDDY), I, bk, D, Eden The Kid, Aayamazabella, 23/02/2019, Mr Adrian McPherson

03/01/2023, **PAISLEY TIPP**, (late UP TIPP), I, bk, D, Azza Azza Azza, Haynes Turbo, 24/07/2020, Mr Neil Brown

03/01/2023, **LOSTRIGG FURY**, (late SKIDROES BUICK), I, bk, D, Droopys Buick, Kingdom Queen, 14/06/2020, Lostrigg Racing

04/01/2023, **YOU TWO**, (late SWIFT BURST), I, bk, D, Broadstrand Bono, Swift Biology, 01/07/2021, Miss Helen Addison, Mr Chris Waters

06/01/2023, **HITHELIDS STEVO**, (late KILBREEDY CAIN), I, bk, D, Droopys Cain, Good Story, 14/05/2021, Hit The Lids Racing

GBGB RULES OF RACING

RULE AMENDMENTS TAKE EFFECT FROM FRIDAY 20th JANUARY 2023

Rule 106

GBGB, Stipendiary & Local Stewards – access

Reason for amendment

Update the Rule to reflect the appropriate persons from GBGB to have access

Amendment

Remove “, its” from the first sentence and add “GBGB Regulatory Veterinary Surgeons” to the list.

Amended Rule

The GBGB Chief Executive Officer, members of the Greyhound Regulatory Board, the Director of Regulation, Members of the Disciplinary Committee, duly authorised representatives of any of them, GBGB Regulatory Veterinary Surgeons and GBGB Stipendiary Stewards shall have free access to all places used for the conduct of Trials and Races, to all Licensed Kennels and to all records connected with Greyhounds. The Local Stewards shall have similar powers in respect of the Racecourse for which they are licensed and in respect of the Licensed Kennels of that Racecourse’s attached Trainers and of any other Trainers who enter Greyhounds for Races at that Racecourse.

Rule 111

Admission to Racing Paddock

Amendment

add “GBGB Regulatory Veterinary Surgeon” to sub rule (iii) of Rule 111

Amended Rule

Only the following persons shall be admitted to the Racing Paddock:

- i) Officials licensed in respect of the Racecourse.
 - ii) Holders of temporary appointments under Rule 104.
 - iii) Members of the Disciplinary Committee, the Chief Executive Officer of GBGB, the Director of Regulation, the Manager of Welfare and Integrity Services, GBGB Sampling Stewards, GBGB Regulatory Veterinary Surgeons and GBGB Stipendiary Stewards.
 - iv) Licensed Trainers and Kennelhands having charge of any Greyhound at the Meeting
 - v) Any person specifically authorised to be admitted on a particular occasion by the Racing Manager or the appropriate Members of the Disciplinary Committee or Local Steward and accompanied by a Local Steward throughout.
 - vi) Registered sales persons and their registered agents at a Sales Trials Meeting.
-

Rule 173

Examinations, tests, samples – procedure

Amendment

add “GBGB Regulatory Veterinary Surgeon” and “GBGB Sampling Steward” to sub-rule (i) of Rule 173

Amended Rule

- i) The Local Stewards or the licensed Veterinary Surgeon or GBGB Regulatory Veterinary Surgeon or GBGB Sampling Steward or the GBGB Stipendiary Steward shall have power at any time to order any examination of and/or test and the taking of samples for test and/or analysis from, any Greyhound which is due to take part in or has taken part in any Trial or Race at, or which is in any Licensed Kennels. Samples shall be taken only when so ordered. The taking of a sample for analysis may or may not result in a Preliminary Investigation.
-

Open Races

General Conditions

Unless otherwise stated the following will apply to all open races advertised in this issue of the Calendar:

- The Standard Conditions of Entry (Rules of Racing, Rule 82) and international Entries and Conditions where applicable (Rule 83).
- Classification Wide Runners – Open Races (Rules of Racing, Rule 79(b)).
- Entries close to the Racing Managers, at the addresses of the stadiums concerned, at the times and on the date shown.
- The draw for traps (and heats, where applicable) is made under Rule 80 by the Secretary of the GBGB, or their appointed representative, as soon as possible after the closing date for entries unless otherwise indicated in the conditions.
- When reference is made in the calendar regarding greyhounds who have not won an open race at the time of closing, it refers to GBGB open races.
