REGULATORY VETERINARY SURGEON VACANCIES X 3

The Greyhound Board of Great Britain (GBGB) is the governing body for licensed greyhound racing in England, Scotland and Wales. As well as overseeing Stadia and the running of each race and trial, we are responsible for regulating the welfare and care of all racing greyhounds, from registration to retirement.

Welfare is of the upmost importance and the top priority for the GBGB, as reflected in the recently published 5 year Welfare Strategy (<https://www.gbgb.org.uk/welfare-care/commitment-to-care/>) which covers all stages of a racing greyhound's life. To support the delivery of the Welfare Strategy and the GBGB's commitment to optimising greyhound welfare, the GBGB has created five new Regional Regulatory Veterinary Surgeon roles.

The GBGB wishes to recruit a team of Regulatory Veterinary Surgeons to cover five geographical regions: the North (including Scotland), the Southeast (including London), the Southwest/West Midlands, the East Midlands/East Anglia, the Northwest/Northeast. *Please note that the North (including Scotland) and Northwest/Northeast vacancies have been filled.*

The Regional Regulatory Veterinary Surgeons will report to the Veterinary Executive. Their functions will include:

- Upholding the GBGB's Rules of Racing in matters relating directly and indirectly to greyhound welfare.
- Acting as a point of reference and support for Track Veterinary Surgeons in respect of their regulatory functions.
- Working closely with and supporting the field staff of Stipendiary Stewards, both at tracks and at trainers' residential kennels.
- Conducting annual veterinary kennel inspections at trainers' residential kennels.

Candidates will be Members or Fellows of the RCVS. You must have broad clinical skills and a minimum of two years' experience working in veterinary practice. A post graduate qualification in animal welfare or other relevant discipline would be desirable. Experience of working in animal sports or with an animal welfare charity would also be desirable.

The position will involve travel and independent working and therefore candidates must be able to work unsupervised and hold a clean and valid driving licence. Candidates must also be prepared to work flexibly and outside of usual working hours when required to do so.

This is a full time, non-clinical position and will be field based.

For a job description, requirements, and person specification, please contact Zoë Brown.

To apply for this position, please email a copy of your CV, together with a covering letter detailing which area you are applying for and how you fit the criteria specification to Zoë Brown, HR Manager, at zoe.brown@gbgb.org.uk

GBGB is an equal opportunities employer

NORETHISTERONE

GBGB is aware that a number of trainers are, and have been, using an **illegally imported source of norethisterone tablets** for oestrus suppression (see pictures below). A link between these norethisterone tablets and a succession of positive samples for **cetirizine hydrochloride**, and other prohibited substances, has been established by GBGB.

Trainers are instructed to **cease using these tablets with immediate effect**, and for any remaining tablets to be disposed of responsibly and in accordance with the Veterinary Medicines Directorate (VMD) guidelines. Medicines **MUST NOT** be disposed of with general waste items, and **YOU SHOULD** speak to your local or track veterinarian who will be able to advise on the correct methods of disposal.

Only norethisterone which has a UK authorisation for human use may be used for oestrus suppression, and this must be prescribed by a veterinary surgeon.

IMPORTING GREYHOUNDS FROM IRELAND – REQUIRED DOCUMENTATION

As of March 1st 2023, greyhounds purchased directly from Ireland, or via a Sales meeting held at a GBGB licensed racecourse, will not be eligible for registration unless the correct documentation accompanies the GBGB Registration Certificate.

The additional documentation required is as follows:

- ICC Identity Book
- Completed ICC Transfer of Ownership Form
- Pet Passport *
- Valid Inoculation Certificate**

***Pet Passport**

Each greyhound imported from Ireland to Britain must travel with a valid Pet Passport, completed fully, and issued by a registered veterinary surgeon. A Pet Passport is required for movement between EU and third countries (Britain) and records the vaccination history for rabies and tapeworm treatment. Incomplete Pet Passports will not be accepted by GBGB.

**** Core Vaccinations - distemper, viral hepatitis, leptospira and parvovirus**

From March 1st 2023, imported greyhounds must travel from Ireland to Britain with proof of its core vaccinations. The vaccination can be recorded by a veterinary surgeon in the Pet Passport, ICC Identity Card, or in the form of a vaccination certificate. A greyhound presented for registration without a record of its current vaccinations will not be accepted by GBGB.

Greyhounds travelling to Sales meetings held at GBGB licensed racecourses without a valid Pet Passport and a record of core vaccinations will not be accepted for entry.

Please contact the GBGB Registry Department on 020 7822 0900 or email Registry@gbgb.org.uk for any queries relating to the correct documentation required for registering a greyhound with GBGB.

IMPORTANT NOTICES

Complaints

The Greyhound Board of Great Britain will receive complaints in confidence from anyone concerned about a possible breach of the Rules of Racing. Send emails to complaints@gbgb.org.uk or call the GBGB office on **020 7822 0900**. Alternatively, write to:

The Greyhound Board of Great Britain Ltd,
Genesis House, 17 Godliman Street, London EC4V 5BD

Welfare Hotline

If you are concerned about the welfare of any registered racing greyhounds, please call our confidential Welfare Hotline on **020 7822 0917**. The line is available 24 hours a day, seven days a week.

You will be prompted to leave a voicemail message giving as much information as you can so that our team can investigate your concerns fully and ensure appropriate action is taken.

The Disciplinary Committee wish to advise those appearing before them as "the affected person" that the Disciplinary Committee has the discretion to take account of any previous breaches of the rule(s) of racing which they consider are relevant to a case being heard before them irrespective of the date of commission of the breach.

DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB was in attendance at a meeting held on 17th January 2023

Those present:

Mr R Woodworth CBE (chair)
Mr P O'Dowd
Mr R O'Donovan

1 **Pelaw Grange Stadium – BUTTERBRIDGE KAZ – Professional Trainer Mr Robert Rotherham**

Professional Trainer Mr Robert Rotherham was in attendance by computer link. David Gray, Racing Manager at Pelaw Grange Stadium, Simon Storey, Stipendiary Steward and Professor Tim Morris, independent scientific adviser were also in attendance by computer link.

On September 11th 2022 a pre-race sample was taken from **BUTTERBRIDGE KAZ** trained by Mr Rotherham which upon analysis by LGC identified the presence of ranitidine. **BUTTERBRIDGE KAZ** was competing in a graded race at Pelaw Grange in which she finished 4th at odds of 6/1. The greyhound has raced solely at Pelaw Grange while in the UK and its form lines displayed consistency. No unusual betting patterns were indicated.

Professor Morris gave evidence that ranitidine is a human medicine which can be used in dogs only under the prescribing cascade for the symptomatic treatment for the reduction of vomiting associated with severe gastritis. It is not available as a veterinary medicine in the UK and there is a similar drug cimetidine available in the UK as a veterinary medicine for the same purpose. The alleviation of symptoms by ranitidine

could have an indirect effect on performance by mitigating adverse effects of any gastritis.

The exposure to ranitidine could have been as a result of a deliberate administration or from cross-contamination especially as ranitidine can remain in a dog's system for days. It could not have come through contaminated red meat as Mr Rotherham does not feed red meat to his dogs. Mr Rotherham is the only licenced party with access to his dogs and made clear that when he was exercising them, he was rarely approached by third parties making cross-contamination unlikely.

Mr Rotherham gave evidence that he had not administered ranitidine to his charge and that he was not on medication containing ranitidine. As far as he was aware the greyhound had not suffered from gastritis and his Treatment Book did not suggest otherwise. His only explanation was that his greyhound must have ingested a ranitidine tablet which had accidentally fallen from someone's pocket in the paddock where his dog had been un-muzzled pre-race. The Committee did not consider this explanation to be entirely credible but equally felt that there was no compelling evidence that a deliberate administration had occurred.

On the balance of probabilities, the Committee concluded that Mr Rotherham had committed a breach of the "strict liability" rules 152(i), 174(i)(b) and 217 of the GBGB Rules of Racing. Recognising his good disciplinary record, the Committee agreed with the submission of the Director of Regulation and cautioned Mr Rotherham and fined him £100.

2 **Brighton & Hove Stadium – SEALS MACHINE – Professional Trainer Mr Seamus Cahill**

The Disciplinary Committee considered the report of a Local Inquiry by the Stipendiary Steward on September 29th 2022 into the positive analysis of a urine sample taken from the greyhound **SEALS MACHINE** at Brighton & Hove Stadium on August 10th 2022 which was analysed by LGC Health Sciences as containing the presence of hydroxylated metabolites of pentobarbital.

Professional Trainer, Mr Seamus Cahill was in attendance by computer link. Annie Poole, Stipendiary Steward, Robert Abery, Assistant Racing Manager (Brighton & Hove Stadium) and Professor Tim Morris, independent scientific adviser were also in attendance by computer link.

A pre-race sample was taken from **SEALS MACHINE** trained by Mr Cahill which upon analysis by LGC identified the presence of hydroxylated metabolites of pentobarbital. **SEALS MACHINE** was competing in a low grade race at Brighton & Hove where she finished second. Her form is consistent and there were no unusual betting patterns.

Professor Morris gave evidence that the finding of hydroxylated metabolites of pentobarbital was consistent with exposure of the greyhound to pentobarbital, a veterinary medicine used for euthanasia of animals in the UK and Ireland. It causes sedation, anaesthesia and death through respiratory and cardiac arrest and as such is a substance which by its nature could affect the performance

of a greyhound or prejudice its wellbeing. As pentobarbital was widely used by veterinary surgeons for the euthanasia primarily of horses and also of farm animals it is not uncommon to find residues of drugs including pentobarbital in Category 2 Animal By Products. However, on occasion there have also been cases that appear to involve the feeding of contaminated meat labelled as Category 3 Animal By Products. Professor Morris concluded that the likely source of pentobarbital in this case was the feeding of meat contaminated with pentobarbital residues.

Mr Cahill gave evidence that he fed his racing greyhounds *inter alia* with “meat raw and boiled” which he obtained from one of the main suppliers to greyhound kennels in the UK. Receipts demonstrated that the meat was sold as Category 3 Animal By Products but Mr Cahill had noticed on at least one occasion that the batch of meat had not been “up to the usual standard”. As far as he was concerned the meat supplied was only beef, as the receipts confirmed. He was adamant that he would never administer pentobarbital to a greyhound and there was no evidence to suggest that the pentobarbital could have come other than from the feeding of contaminated meat. Mr Cahill told the Committee that he had reduced his purchase of meat after the positive sample to reduce still further the very small risk of Category 3 Animal By Product being contaminated.

While there had been breaches of the “strict liability” rules 152 (i), 174(i) (b), 214 and 217 of the GBGB Rules of Racing in this case the Committee accepted the submission of the Director of Regulation and concluded that Mr Cahill was not culpable. They took no further action.

3 Doncaster Stadium – GOWLANE RODDY – Professional Trainer Mr Lee MacManus

The Disciplinary Committee considered the report of a local inquiry held by the area stipendiary steward on July 31st 2022 into the possibility that Professional Greyhound Trainer Lee MacManus had treated, caused or permitted the greyhound **GOWLANE RODDY** to be treated with cruelty or in a manner which caused or was likely to cause unnecessary suffering and had also failed to maintain his GBGB Greyhound Treatment Book in accordance with the requirements set out in that book contrary to Rules 174 (xi), 174 (vi), 152 and 216 of the GBGB Rules of Racing.

Professional Trainer Lee MacManus was in attendance by computer link as were Simon Storey, Stipendiary Steward and Jack Saunders, Racing Manager at Doncaster Stadium

The essential facts in this case were not disputed. The greyhound GOWLANE RODDY suffered a broken hock in the 10.46 am race at Doncaster Stadium on Sunday July 31st 2022 and was treated by the Track Veterinary Surgeon John Saunders (commonly referred to as “Ian”) by the application of a support dressing including a splint and the administration of Rimadyl and Buprenorphine for pain relief. In accordance with agreed GBGB practice Mr Saunders issued a Transport Certificate to Mr MacManus detailing the treatment he had administered to GOWLANE RODDY together with advice for the further required treatment of the dog. The advice included the need to transport the dog to the surgery of Gabriel Freiria (Veterinary Surgeon) located near Lincoln by lunchtime the following day, August 1st 2022. Mr MacManus agreed at the local inquiry that the Certificate had been handed to him and that he understood the advice. In the event GOWLANE RODDY was not treated by Gabriel Freiria until August 12th 2022. The reasons for the delay causing as it did unnecessary suffering to GOWLANE RODDY were disputed.

On August 1st 2022 “Ian” Saunders was on duty at Doncaster Stadium and claims that Mr MacManus told him that “his friend” had taken the dog to Gabriel Freiria – despite difficulty finding his surgery where the dog’s hock had been “plated”. Mr Saunders became suspicious and contacted Simon Storey, Stipendiary Steward as he was aware that Gabriel Freiria no longer plated broken hocks. On August 9th 2022 Mr MacManus admitted to Simon Storey that GOWLANE RODDY had in fact not been treated by Gabriel Freiria as his friend Keiron Woods could not find the surgery believing the postcode provided by “Ian” Saunders in the Transport Certificate to be incorrect. Mr Woods supported this account in an email on November 25th 2022 claiming that he attempted to telephone Mr MacManus to describe his dilemma without success. Simon Storey texted Mr MacManus several times on August 10th and 11th 2022 about the matter and it was only when Mr MacManus was informed that the matter would be referred to the GBGB’s Director of Regulation, Mr Law, that Mr MacManus acted and took the dog to Gabriel Freiria. Mr MacManus gave evidence that the dog had responded well to Ian

Saunders’ temporary treatment, did not appear to be discomforted and that in any event he had given the dog 11 days of Carprofen for pain relief which he initially claimed he had obtained from Ian Saunders. This was denied by Ian Saunders. At the hearing Mr MacManus then stated that he had in fact used carprofen that he already had in his kennels from earlier prescriptions for other dogs. A statement from Gabriel Freiria confirmed that Mr MacManus had made an appointment for August 1st 2022 but had not turned up and had not responded to his telephone inquiry. On 12th August 2022 he had treated the dog’s hock and inserted a screw. He had also stitched an open wound on the dogs left rear leg and administered medication for pain relief. He added that in his opinion if the dog had been taken to him as planned on August 1st 2022 the dog in all probability would have been able to race again although Mr MacManus stated that this had not been his intention. He attended on the 30 August 2022 when the splint was removed and the dog was discharged. The bill was £720 but Simon Storey had confirmed to Mr MacManus in a text exchange on August 1st 2022 that 50% of the veterinary surgeons bill would be paid under the GBGB’s support scheme.

The Committee was unpersuaded that Mr MacManus had attempted to take the dog to Gabriel Freiria’s surgery on August 1st 2022 through Keiron Woods (despite Mr Wood’s statement). The postcode in the Transport Certificate was correct and the evidence did not support Mr MacManus’ account of events.

As it transpired Mr MacManus, after a short “apprenticeship” with Ken Bowman, a fellow Doncaster trainer, had found himself on his own in charge of 30 dogs at the time of the incident. He now has the support of 2 full-time licenced kennel staff.

The Committee felt that Mr MacManus had been minded to avoid the cost of the operation (despite GBGB support) if he could and simply did not have the time to care properly for the dog.

With regard to his Treatment Book Mr MacManus stated that he made notes on his mobile phone as “treatments” were administered and entered these in the Treatment Book periodically. However the entries were not in chronological order, lacked details of attending veterinary surgeons and were extremely neat and tidy. The Committee considered that it was likely that the entries had only been inserted in the Treatment

book immediately before the local inquiry.

Mr MacManus stated that he realised he had been at error in both the treatment of the dog and in timeously completing his Treatment Book. This would not happen again as he had the staff to help. He added that GOWLANE RODDY had recovered completely from his hock injury and was "bouncing" at home in his kennels awaiting rehoming.

The Committee considered this case to be at the less serious end of the "unnecessary suffering" spectrum as the dog had been stabilised by Ian Saunders and was given pain relief until finally operated on. Nevertheless, all cases of this nature are regarded as serious and determined that Mr MacManus was guilty of breaches of Rules 174 (xi), 174 (vi), 216 and 152 (i) & (ii) of the GBGB Rules of Racing. He was disqualified for two years, which is suspended for two years, and fined £500.
