## **GBGB TRAINERS' ASSISTANCE FUND (TAF)**

### **TRANSPORTATION FUNDING (INCLUDING VEHICLE PURCHASE, AIR CONDITIONING AND VEHICLE INSULATION)**

GBGB would like to remind all trainers and racecourses that from 01 April 2023 all vehicles used to transport racing greyhounds will be required to be air conditioned and able to maintain the cargo area of a vehicle within a greyhound's thermo-neutral zone (TNZ) viz between 10°C and 26°C. To assist trainers in meeting this requirement, GBGB will provide a one-off grant payment up to a maximum of **£2,000 per vehicle** (capped at a maximum of 2 vehicles) towards replacement vehicles (see points 1 & 2 below), or a one-off payment of **£1,000 towards** insulation / ac repairs or modifications (see points 3 & 4). The payment can be used in several different ways (listed below) which best enables a vehicle to meet this requirement.

For example, a trainer may apply for grant towards replacing an existing non-air-conditioned vehicle for a vehicle with air-conditioning and make a further application to insulate a further vehicle that is already air conditioned.

Grant payments towards the cost of replacement travel cages is distinct from the one-off payment and remains at 50% of the total cost (excluding VAT). Trainers applying for travel cages should complete the Travel Cage application form available in the GBGB Trainers Portal or by contacting [grants@gbgb.org.uk](mailto:grants@gbgb.org.uk)

#### **One-off payment - grants available to trainers:**

- 1) **Replacement Vehicle Grant (commercial vehicles only)** – the one-off grant can be used towards the purchase of an air-conditioned vehicle which is used as the main or secondary vehicle for transporting racing greyhounds.
- 2) **Purchase Hire / Leased Commercial Vehicle** – the one-off grant can be used towards the deposit or monthly payments of a newly acquired hire purchase or lease hire air-conditioned commercial vehicle to be used as the main or secondary vehicle for transporting racing greyhounds.
- 3) **Insulation / repairs** – trainers with vehicles that are equipped with fully functioning air conditioning can apply for a grant of up to £1,000 per vehicle (maximum 2) to fully insulate the cargo area to assist in controlling heat transfer into and out of the vehicle (see guidance notes below). Vehicles with air conditioning units in disrepair, may apply for funding towards the repair or replacement of existing air conditioning units.
- 4) **Extension of air conditioning unit to the cargo area / stand-alone air condition units** – the one-off grant can also be used towards the cost of extending the factory fitted air conditioning to the cargo area (tap-in system), or towards the costs of installing a stand-alone air condition unit to the cargo area.

## **Application process**

To apply for TAF Transportation funding, please read the attached notes carefully and then complete the enclosed application form in full. Incomplete application forms will not be considered.

Applications should be emailed to [grants@gbgb.org.uk](mailto:grants@gbgb.org.uk), or posted to GBGB at Genesis House, 17 Godliman Street, London EC4V 5BD and marked for the attention of the Trainers Assistance Fund. Please keep a copy of all paperwork in case a duplicate is required.

Once received, your application will be checked for completeness and a report on the completed work will be requested from your stipendiary steward.

**Please note:** GBGB reserves the right to be fully recompensed for any grant money paid when falsified documents have been supplied, or where a trainer relinquishes or has their training licence withdrawn, sells, exchanges, or gives away the vehicle within 12 months of the money being paid. The committee reserves the right to hold over any application pending the outcome of any GBGB disciplinary hearing or investigation.

Should you have any questions regarding the application process, please contact GBGB on 020 7822 0900.

## **HOW TO APPLY FOR TAF TRANSPORT FUNDING**

1. You must have held a GBGB training licence for 12 months.
2. The application is for a commercial type of vehicle used primarily to transport racing greyhounds. Grants are **not permitted** for the purchase or lease of a car or equivalent.
3. The attached application form must be completed in full. Incomplete application forms will not be considered.
4. Enclose copies of fully paid invoices which include the suppliers name, address, and contact details, VAT registration number (where applicable) and Companies House registration number (where applicable). Invoices will be checked for authenticity. Where it is discovered that falsified claims have been supplied, the application will be rejected, and the applicant may be subject to disciplinary action.
5. Enclose copies of any other supporting material such as photographs.
6. Notify your local Stipendiary Steward of your intention to apply for a grant as they will be able to advise you on the current GBGB transport requirements.

## VEHICLE REQUIREMENTS / RECOMMENDATIONS

- A vehicle to qualify for TAF Transport funding must be a commercial type of vehicle (van), in a good state of repair and used primarily for transporting racing greyhounds. Cars, taxis, and people carriers do **not** qualify as a commercial vehicle as decided by the TAF Committee.
- All commercial vehicles used to transport racing greyhounds **shall** have the bulkhead section removed unless air conditioning is fed directly to the cargo area.
- The term air conditioning is the process of removing heat and controlling the humidity within a vehicle to achieve a comfortable interior environment. This is usually achieved using vapour-compression refrigeration. The use of motorised fans does not constitute air conditioning.
- **Vehicle insulation (recommendation)** – during the summer months, greyhounds have an increased risk of heat stress due to the effects of solar radiation and higher levels of humidity. When being transported, this risk is increased due to heat transfer that occurs within the vehicle from the effects of solar radiation, conduction, and convection. To mitigate against the effects of heat transfer, vehicles will benefit from the installation of reflective panels on windows (where applicable) and by insulating the vehicle walls, floor, and ceiling with a suitable insulating material such as natural wool or polyisocyanurate foam board covered by a plywood lining or equivalent. When an insulated van is combined with air conditioning, this will provide the best means of reducing heat transfer and maintaining the cargo area within the greyhound's thermo-neutral zone. In addition, an insulated vehicle will also stay warmer during the colder months by reducing heat loss.

## REGULATORY VETERINARY SURGEON VACANCIES X 3

The Greyhound Board of Great Britain (GBGB) is the governing body for licensed greyhound racing in England, Scotland and Wales. As well as overseeing Stadia and the running of each race and trial, we are responsible for regulating the welfare and care of all racing greyhounds, from registration to retirement.

Welfare is of the upmost importance and the top priority for the GBGB, as reflected in the recently published 5 year Welfare Strategy (<https://www.gbgb.org.uk/welfare-care/commitment-to-care/>) which covers all stages of a racing greyhound's life. To support the delivery of the Welfare Strategy and the GBGB's commitment to optimising greyhound welfare, the GBGB has created five new Regional Regulatory Veterinary Surgeon roles.

The GBGB wishes to recruit a team of Regulatory Veterinary Surgeons to cover five geographical regions: the North (including Scotland), the Southeast (including London), the Southwest/West Midlands, the East Midlands/East Anglia, the Northwest/Northeast. *Please note that the North (including Scotland) and Northwest/Northeast vacancies have been filled.*

The Regional Regulatory Veterinary Surgeons will report to the Veterinary Executive. Their functions will include:

- Upholding the GBGB's Rules of Racing in matters relating directly and indirectly to greyhound welfare.
- Acting as a point of reference and support for Track Veterinary Surgeons in respect of their regulatory functions.
- Working closely with and supporting the field staff of Stipendiary Stewards, both at tracks and at trainers' residential kennels.
- Conducting annual veterinary kennel inspections at trainers' residential kennels.

Candidates will be Members or Fellows of the RCVS. You must have broad clinical skills and a minimum of two years' experience working in veterinary practice. A post graduate qualification in animal welfare or other relevant discipline would be desirable. Experience of working in animal sports or with an animal welfare charity would also be desirable.

The position will involve travel and independent working and therefore candidates must be able to work unsupervised and hold a clean and valid driving licence. Candidates must also be prepared to work flexibly and outside of usual working hours when required to do so.

This is a full time, non-clinical position and will be field based.

For a job description, requirements, and person specification, please contact Zoë Brown.

To apply for this position, please email a copy of your CV, together with a covering letter detailing which area you are applying for and how you fit the criteria specification to Zoë Brown, HR Manager, at [zoe.brown@gbgb.org.uk](mailto:zoe.brown@gbgb.org.uk)

## IMPORTING GREYHOUNDS FROM IRELAND – REQUIRED DOCUMENTATION

As of 01 March 2023, greyhounds purchased directly from Ireland or via a Sales meeting held at a GBGB licensed racecourse will not be eligible for registration unless the correct documentation accompanies the GBGB Registration Certificate. The additional documentation required is as follows:

- ICC Identity Book
- Completed ICC Transfer of Ownership Form
- Pet Passport \*
- Valid Inoculation Certificate\*\*

### **\*Pet Passport**

Each greyhound imported from Ireland to Britain must travel with a valid Pet Passport, completed fully, and issued by a registered veterinary surgeon. A Pet Passport is required for movement between EU and third countries (Britain) and records the vaccination history for rabies and tapeworm treatment. Incomplete Pet Passports will not be accepted by GBGB.

### **\*\* Core Vaccinations - distemper, viral hepatitis, leptospira and parvovirus**

From 01 March 2023, imported greyhounds must travel from Ireland to Britain with proof of its core vaccinations. The vaccination can be recorded by a veterinary surgeon in the Pet Passport, ICC Identity Card, or in the form of a vaccination certificate. A greyhound presented for registration without a record of its current vaccinations will not be accepted by GBGB.

Greyhounds travelling to Sales meetings held at GBGB licensed racecourses without a valid Pet Passport and a record of core vaccinations will not be accepted for entry.

**Please contact the GBGB Registry Department on 020 7822 0900 or email [Registry@gbgb.org.uk](mailto:Registry@gbgb.org.uk) for any queries relating to the correct documentation required for registering a greyhound with GBGB.**

# IMPORTANT NOTICES

## Complaints

The Greyhound Board of Great Britain will receive complaints in confidence from anyone concerned about a possible breach of the Rules of Racing. Send emails to [complaints@gbgb.org.uk](mailto:complaints@gbgb.org.uk) or call the GBGB office on **020 7822 0900**. Alternatively, write to:

The Greyhound Board of Great Britain Ltd,  
Genesis House, 17 Godliman Street, London EC4V 5BD

## Welfare Hotline

If you are concerned about the welfare of any registered racing greyhounds, please call our confidential Welfare Hotline on **020 7822 0917**. The line is available 24 hours a day, seven days a week.

You will be prompted to leave a voicemail message giving as much information as you can so that our team can investigate your concerns fully and ensure appropriate action is taken.

The Disciplinary Committee wish to advise those appearing before them as “the affected person” that the Disciplinary Committee has the discretion to take account of any previous breaches of the rule(s) of racing which they consider are relevant to a case being heard before them irrespective of the date of commission of the breach.

## DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB was in attendance at a meeting held on 21 February 2023.

Those present:

Mr R Woodworth CBE (in the chair)  
Mr H Starte  
Mr P O'Dowd

### 1 Professional Trainer Mr G Cunningham

Professional Trainer Mr George Cunningham was found in breach of rules 152 (i) and (ii) of the GBGB Rules of Racing acted in a manner or published statements prejudicial to the integrity, good conduct or good reputation of greyhound racing.

The Disciplinary Committee considered the report of a Local Inquiry by the Stipendiary Steward on the 7 December 2022 into several posts (and accompanying photographs) on the Twitter account linked to Professional Trainer George Cunningham. Mr Cunningham had been invited to attend the Local Inquiry via an emailed “calling-in letter” from the Stipendiary Steward dated the 23 November 2022 but had claimed to be too busy to attend. He further claimed that use of his Twitter account was a matter of freedom of speech and could not therefore constitute a breach of the GBGB Rules of racing.

Simon Storey, Stipendiary Steward was in attendance by computer link but once again Mr Cunningham had declined to attend the Inquiry or seek an adjournment of the Disciplinary Committee whether by computer link or in person citing the

same reasons for his non-attendance as at the Local Inquiry.

Although Mr Cunningham’s professional trainer’s licence had expired on the 31 December 2022 he had been a licenced Professional Greyhound trainer at the time of the alleged breaches and was therefore a “Person subject to Rules” in accordance with Rule 2.

Between the 26 June 2022 and 16 September 2022 a number of tweets and accompanying photographs were posted on Mr Cunningham’s Twitter account which were not only seriously defamatory but also used grossly offensive and abusive language to describe the GBGB. One in particular posted on the morning after Towcester’s Greyhound Derby suggested linkage between the sport of greyhound racing and the illegal use of a Class A drug.

The Committee concluded that on the balance of probabilities the tweets were authored by Mr Cunningham.

The Committee determined that while Mr Cunningham was entitled in accordance with Article 10 of the ECHR to use his Twitter account to voice any criticisms of the GBGB which he considered merited he was not entitled to use defamatory and grossly offensive language. Further, while he stated that the use of the adjective “black” in his tweet had a particular non-racist meaning in Scottish vernacular the term would be considered to constitute racist abuse by “a man in the street” reading Mr Cunningham’s tweets. Further his tweets associated greyhound racing with the illegal

use of a Class A drug and plainly condoned and cast drug taking in a positive light. The Committee concluded that Mr Cunningham had published statements prejudicial to the integrity, proper conduct or good reputation of greyhound racing as regulated by GBGB contrary to rules 152 (i) and (ii) of the GBGB Rules of Racing.

Accordingly the Committee made Mr Cunningham a disqualified person who could not re-apply to the GBGB to be a licenced person before 31 December 2024

### 2 Inquiry discontinued under rule 160

The Disciplinary Committee considered the report of a Local Inquiry by the Stipendiary Steward into the positive analysis of a urine sample taken from a greyhound which was analysed by LGC Health Sciences as containing the presence of hydroxynorketamine.

Professor Morris gave evidence that hydroxynorketamine is one of several metabolites which result from exposure of dogs to ketamine. Ketamine had been the subject of an administration study performed with Greyhounds Australasia which had established a Screening Limit for the ketamine metabolite dehydroxynorketamine but not for the metabolite hydroxynorketamine. Professor Morris stated that further screening analysis conducted by LGC, whilst not a confirmatory analysis suggested that the sample tested in this case would have been well below the established Screening Limit for dehydroxynorketamine.

He added that it was therefore probable that if there had been a screening limit established for hydroxynoretamine this sample would have been below that limit and would not have been reported by LGC. In those circumstances the Disciplinary Committee decided to terminate the inquiry within the terms of Rule 160 (v) d
