## GREYHOUND VACCINATIONS: GUIDELINES FOR TRAINERS

Vaccinations are important to help protect individual greyhounds from infectious diseases and the health of the racing greyhound population through the development of 'herd immunity'. Herd immunity, which can be achieved by vaccination, helps to slow the spread of infectious disease and can prevent disease outbreaks.

Vaccinations must be given at regular intervals to provide greyhounds with protection from infectious diseases. All vaccinations must be supplied and administered by a qualified veterinary surgeon and the greyhound's vaccination certificate (or Pet Passport) must be signed by the veterinary surgeon following the administration of the vaccine.

### GBGB Vaccination Requirements (see 'Rule 60 – Inoculations' of the Rules of Racing)

All greyhounds registered with the GBGB to race/trial at a licensed racecourse, as well as all greyhounds in GBGB licensed kennels, must be vaccinated with the three **core vaccines** against:

- **Canine parvovirus (CPV)**
- **Canine distemper virus (CDV)**
- **Canine viral hepatitis (canine adenovirus [CAV])**

In addition, they must also be vaccinated against **Leptospirosis** (*Leptospira canicola* and *Leptospira icterhaemorrhagiae*). Trainers should always follow the guidance and advice of their veterinary surgeon regarding vaccinations and intervals for initial vaccination courses.

GBGB registration requires that greyhounds are presented with evidence of up-to-date core vaccinations **and** up-to-date vaccination against leptospirosis. A greyhound presented without a record of its current, up-to-date vaccinations will not be registered by GBGB.

Greyhounds **newly registered** with GBGB will only be eligible to trial after seven full days have passed from the last dose of the initial, primary vaccination course or revaccination.

After correct completion of the puppy/initial primary core and leptospirosis vaccination course, all GBGB registered racing greyhounds must maintain their vaccination status with annual vaccinations consisting of (as a minimum) the three core vaccine components and leptospirosis. Vaccinations must be kept up-to-date and all vaccinations given to greyhounds must be correctly recorded in the trainer's Treatment Book.

Annual booster vaccination against leptospirosis, a bacterial infection, is extremely important to ensure protection against the disease. GBGB recommends **Leptospirosis (L2)** vaccination as a minimum leptospirosis vaccination requirement.

### Greyhounds Imported from Ireland

When purchasing a greyhound from Ireland, it is important that trainers or owners instruct the vendor to supply a valid Pet Passport, which has been fully and correctly completed and issued by a veterinary surgeon, with proof of rabies vaccination, up-to-date core vaccinations **and** up-to-date vaccination

*Continued overleaf*

against leptospirosis. Proof of a completed initial leptospirosis vaccination course must be provided if an annual leptospirosis booster has been evidenced. If proof of complete, up-to-date vaccination status is evidenced, greyhounds presented for registration will not require any additional vaccinations at registration, until such time they require their annual booster.

Should a greyhound travel from Ireland without a valid Pet Passport, it will not be registered by GBGB. A greyhound that is presented for registration with its Pet Passport but without proof of valid core vaccinations **and** proof of up-to-date leptospirosis vaccination will be required to have the necessary vaccinations. This may delay registration by up to 4 weeks.

Greyhounds that are purchased from Northern Ireland do not require a Pet Passport, but do require proof of up-to-date core vaccinations **and** up-to-date leptospirosis vaccination (including proof of a completed initial leptospirosis vaccination course if an annual leptospirosis booster has been evidenced).

Greyhounds travelling to sales meetings held at GBGB licensed racecourses without a valid Pet Passport and a record of up-to-date core vaccinations and leptospirosis **will not** be accepted for entry.

### Summary of the minimum GBGB core vaccination + leptospirosis requirements:

Vaccination circumstances	Minimum GBGB vaccination requirements
<b>Initial/puppy vaccinations:</b> <i>Greyhounds ≤16 weeks of age:</i>	2 core vaccine (CDV, CPV, CAV) doses given 2-4 weeks apart, as per the specific vaccine manufacturer's instructions, + 2 doses of leptospirosis (L2) vaccine given 2-4 weeks apart, as per the specific vaccine manufacturer's instructions.
An adult greyhound with <b>lapsed vaccinations</b>	1 dose of core (CDV, CPV, CAV) vaccine <sup>1</sup> , + 2 doses of leptospirosis (L2) vaccine given 2-4 weeks apart, as per the specific vaccine manufacturer's instructions.
<b>No/unknown vaccination history</b> in an adult greyhound or young greyhound >16weeks of age	1 dose of core (CDV, CPV, CAV) vaccine <sup>1</sup> , + 2 doses of leptospirosis (L2) vaccine given 2-4 weeks apart, as per the specific vaccine manufacturer's instructions.
<b>Annual booster</b> vaccinations	1 dose of core (CDV, CPV, CAV) vaccine + one dose leptospirosis (L2) vaccine.

## PETITION CALLING FOR WELSH GOVERNMENT TO SUPPORT GREYHOUND RACING

The Welsh Government has recently announced it will be launching a consultation later this year about animal welfare. This will include a question on the banning of greyhound racing in Wales.

This has been brought on following a petition submitted by an animal welfare group which has been lobbying against the sport. The group has been asked on many occasions to evidence the claims they have made as part of their petition but have refused. The petition gained 35k signatures but less than 19k of these signatures came from within Wales.

Banning greyhound racing would have a significant impact not only on the welfare of greyhounds but on the livelihoods of all individuals involved in the sport. There would also be a direct impact on the Valleys Stadium – which is currently unregulated – and the medium and long-term development of the Ystrad Mynach area.

GBGB has been clear that it supports regulation as the only successful way of promoting and protecting greyhound welfare. A ban on greyhound racing in Wales would only put welfare at risk and would have serious implications for all other activities involving animals. This activism is being driven by those with extreme agendas, using misleading, unevidenced and inaccurate information, and is linked to American funding via Grey2K USA.

Valley Greyhound Stadium is currently in the process of putting in place what is needed to become a GBGB licensed track. As you will know, all tracks licensed by GBGB must adhere to the Rules of Racing which insist upon the very highest standards of greyhound welfare and integrity. These rules covering all aspects of how the sport is run and regulated including how greyhounds are cared for when they are at the track, at home in their trainer's kennels, when being transported, and into their retirement.

Valley Greyhound Stadium has set up a petition for those in Wales who support and rely on greyhound racing. To sign the petition, you can click [here](#), or use the QR code below.

Petitions with more than 10,000 signatures will be considered for a debate in the Senedd. The petition will remain open until 22 August 2023.

## REGULATORY VETERINARY SURGEON VACANCIES X 3

The Greyhound Board of Great Britain (GBGB) is the governing body for licensed greyhound racing in England, Scotland and Wales. As well as overseeing Stadia and the running of each race and trial, we are responsible for regulating the welfare and care of all racing greyhounds, from registration to retirement.

Welfare is of the upmost importance and the top priority for the GBGB, as reflected in the recently published 5 year Welfare Strategy (<https://www.gbgb.org.uk/welfare-care/commitment-to-care/>) which covers all stages of a racing greyhound's life. To support the delivery of the Welfare Strategy and the GBGB's commitment to optimising greyhound welfare, the GBGB has created five new Regional Regulatory Veterinary Surgeon roles.

We still require Regulatory Veterinary Surgeons to cover three geographical regions: The Southeast (including London), the Southwest/West Midlands and the East Midlands/East Anglia.

The Regional Regulatory Veterinary Surgeons will report to the Veterinary Executive. Their functions will include:

- Upholding the GBGB's Rules of Racing in matters relating directly and indirectly to greyhound welfare.
- Acting as a point of reference and support for Track Veterinary Surgeons in respect of their regulatory functions.
- Working closely with and supporting the field staff of Stipendiary Stewards, both at tracks and at trainers' residential kennels.
- Conducting annual veterinary kennel inspections at trainers' residential kennels.

Candidates will be Members or Fellows of the RCVS. You must have broad clinical skills and a minimum of two years' experience working in veterinary practice. A post graduate qualification in animal welfare or other relevant discipline would be desirable. Experience of working in animal sports or with an animal welfare charity would also be desirable.

The position will involve travel and independent working and therefore candidates must be able to work unsupervised and hold a clean and valid driving licence. Candidates must also be prepared to work flexibly and outside of usual working hours when required to do so.

This is a full time, non-clinical position and will be field based.

For a job description, requirements, and person specification, please contact Zoë Brown.

To apply for this position, please email a copy of your CV, together with a covering letter detailing which area you are applying for and how you fit the criteria specification to Zoë Brown, HR Manager, at [zoe.brown@gbgb.org.uk](mailto:zoe.brown@gbgb.org.uk)
