STAR SPORTS & TRC ENGLISH GREYHOUND DERBY HERO GAYTIME NEMO LEAVES RIVALS TOILING IN £175K DECIDER

GAYTIME NEMO landed Ireland a fourth success in the last five years when running riot in Saturday's 2023 Star Sports & TRC English Greyhound Derby Final at Towcester.

One of three Graham Holland-trained finalists – a feat last achieved by Charlie Lister in 2003 – the July 2020 son of Droopys Sydney and Gaytime Derval was soon in command in the 500m showpiece off the back of a 4.08sec sectional and, never headed thereafter, raced away for a three-and-half lengths success from Romeo Command (Patrick Janssens) and the staying-on Cochise (Richard Rees).

The winning time was a slick 28.89sec (-10).

Gaytime Nemo's kennelmates Swords Rex and Clona Duke, neither of whom were that well away before pacing up and being crowded at the turn, finished fourth and fifth respectively, ahead of Ninja Kerry (Belinda Green). However, it was connections of the O'Connell family-owned Gaytime Nemo who celebrated success in the Classic with the £175,000 first prize – and greyhound immortality.

The Cork-based O'Connells, led by Gaytime Nemo's breeder Brendan, had witnessed their runner go off the outsider of Holland's trio but were always confident after the 9-1 chance came out the traps running as his improvement throughout the English Derby, following a long spell off the track, came to a glorious conclusion at the Northamptonshire venue.

A delighted Graham Holland, landing back-to-back wins in the English Derby after sending out Romeo Magico for English Derby glory 12 months previously, said: "That was brilliant. It's all about getting out in front in any race, let alone the Derby, and we knew he was good enough. He was always likely to improve with his lack of racing and thankfully the O'Connells let us bring him over. He's always had the speed – he just needed the racing, and a touch of luck in the early rounds, which they all need.

"Swords Rex just stumbled out the boxes. He's been so good during the Derby, as has Clona Duke, but he just made a mistake which was crucial in such a good race. It's great to win another English Derby and thanks go to all the team at home – and to the management team at Towcester and the sponsors."

Nicky Holland, assistant and wife of the Co Tipperary-based winning trainer, added: "It was Nemo's night. He bombed out and was always going to be hard to peg back – he's so strong. I'm just delighted for the O'Connells given he was a home-bred of theirs.

"It was a last-minute decision to bring him. He'd been trialling back really well and, fair play to the family, they were happy for us to bring him to Towcester. We're glad they did!"

Brendan O'Connell, Gaytime Nemo's breeder and owner, paid his own tribute to the Holland team at Riverside Kennels.

He said: "This is a dream come true for us all – and it's a special night indeed. Graham and Nicky have done a fantastic job, as have all the Holland family. Special thanks to them and to my family and friends back home. This is for them as much as it is for us."

SUSSEX CUP TILT COULD BE ON THE CARDS FOR WHYAYE MAN AFTER POWERFUL PERFORMANCE IN RPGTV DERBY PLATE FINAL

WHYAYE MAN produced a powerful performance to claim victory in the RPGTV Derby Plate Final at Towcester on Saturday.

The £5,000-to-the-winner GBGB Category Two competition, for dogs knocked out in the early rounds of the Classic, played chief supporting role to the main event and was won by the Mark Wallis-trained, MWD Partnership-owned two-year-old but only after what proved a fascinating contest over 500m.

Rioja Joey (Kevin Hutton) trapped in front and led early but it was Brookside Richie (Jimmy Fenwick) who then paced up and slipped into the lead at the bend and looked to stretch them out, only for Whyaye Man to now launch a challenge.

The January 2021 son of Droopys Jet and Droopys Megan, led in the early exchanges, produced a cracking burst of middle pace to rail into a prominent position off the second turn and grabbed the leader down the back before going on.

Hitting the front rounding the penultimate turn, Whyaye Man was away and on his way to a three-and-a-quarter lengths success over the keeping-on Droopys Google (Nathan Hunt) in 29.11sec (-10), with Fromposttopillar finishing well in third.

An 11-10 favourite, Liz McNair's Olympic champion was moderately away and crowded at the first and third bends before picking up well, albeit too late to trouble the principals.

Winning trainer Mark Wallis, who formed the owning MWD Partnership alongside Michelle Connolly and Mike Davis earlier this year, said: "It's great to have a winner on such a great card. We didn't have too many runners this year for obvious reasons, but will certainly be launching a bigger challenge next year!

"However, to win the RPGTV Derby Plate is superb – it's the second most valuable race on the card and the line-up this year was one of the best I can remember.

"Whyaye Man hasn't been with us for long, of course, so we've been learning about him pretty much through the Derby. You could have been forgiven for thinking he was quite a clumsy dog when he went out of the Derby, even though the speed was there for all to see when he won his first round heat – his debut for us!

"Tonight, however, he showed he actually has great trackcraft and took his chance really well. We'll be looking at either the (Coral) Sussex Cup for him or possibly the (Time Greyhound Nutrition) Dundalk International should he get an invite."

Clive Lawrence, executive producer at RPGTV, said: "Congratulations to Mark and well done to Whyaye Man – not to mention Emily (Wallis), who paraded him. Emily joins us as an analyst shortly at RPGTV and we look forward to her becoming part of the team."

"Well done to the Hollands for their Derby success with Gaytime Nemo and hopefully everyone enjoyed RPGTV's coverage throughout the Derby. It's seven or eight weeks of hard work and preparation, but through an exceptional amount of broadcast and social media promotion hopefully we got across the passion that exists for our greatest race."

REGULATORY VETERINARY SURGEON VACANCIES X 3

The Greyhound Board of Great Britain (GBGB) is the governing body for licensed greyhound racing in England, Scotland and Wales. As well as overseeing Stadia and the running of each race and trial, we are responsible for regulating the welfare and care of all racing greyhounds, from registration to retirement.

Welfare is of the upmost importance and the top priority for the GBGB, as reflected in the recently published 5 year Welfare Strategy (<https://www.gbgb.org.uk/welfare-care/commitment-to-care/>) which covers all stages of a racing greyhound's life. To support the delivery of the Welfare Strategy and the GBGB's commitment to optimising greyhound welfare, the GBGB has created five new Regional Regulatory Veterinary Surgeon roles.

We still require Regulatory Veterinary Surgeons to cover three geographical regions: The Southeast (including London), the Southwest/West Midlands and the East Midlands/East Anglia.

The Regional Regulatory Veterinary Surgeons will report to the Veterinary Executive. Their functions will include:

- Upholding the GBGB's Rules of Racing in matters relating directly and indirectly to greyhound welfare.
- Acting as a point of reference and support for Track Veterinary Surgeons in respect of their regulatory functions.
- Working closely with and supporting the field staff of Stipendiary Stewards, both at tracks and at trainers' residential kennels.
- Conducting annual veterinary kennel inspections at trainers' residential kennels.

Candidates will be Members or Fellows of the RCVS. You must have broad clinical skills and a minimum of two years' experience working in veterinary practice. A post graduate qualification in animal welfare or other relevant discipline would be desirable. Experience of working in animal sports or with an animal welfare charity would also be desirable.

The position will involve travel and independent working and therefore candidates must be able to work unsupervised and hold a clean and valid driving licence. Candidates must also be prepared to work flexibly and outside of usual working hours when required to do so.

This is a full time, non-clinical position and will be field based.

For a job description, requirements, and person specification, please contact Zoë Brown.

To apply for this position, please email a copy of your CV, together with a covering letter detailing which area you are applying for and how you fit the criteria specification to Zoë Brown, HR Manager, at zoe.brown@gbgb.org.uk

DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB was in attendance at a meeting held on 15 June 2023.

Those present:

Mr H Starte (in the chair)

Dr J Hunt

Mr P O'Dowd

1. Towcester Stadium: Professional Trainer Mr F Gray

Professional Trainer Mr Frank Gray was found in breach of Rules 152 (j), 147 (i) (b) and 217 in that a urine sample taken from the greyhound **MAKEIT A DANCER** at Towcester Stadium on 27 February 2023 was analysed by LGC Health Sciences as containing the presence of dexamethasone, paracetamol, codeine, and norcodeine.

Mr Gray, Stipendiary Steward Phil McComish, Towcester Stadium Racing Manager Mr Andy Lisemore and independent scientific adviser Professor Tim Morris were in attendance.

The Committee heard that a urine sample was taken from **MAKEIT A DANCER** before the fifth race at Towcester Stadium run at 11.46 on the morning of Monday, 27 February 2023, a D2 race over 270 metres in which the greyhound finished second. The sample subsequently tested positive for the presence of dexamethasone, paracetamol, codeine and norcodeine, a metabolite of codeine.

Professor Morris gave evidence that dexamethasone is used as a veterinary medicine for a range of species including cattle, dogs and

horses. It is a corticosteroid with potent anti-inflammatory activity and side effects that include metabolic disturbances and reduction of the body's response to infection. As such, it is a substance which by its nature could both affect the performance and prejudice the wellbeing of a greyhound.

Professor Morris said that paracetamol is only available as a veterinary medicine for dogs in combination with codeine. Overdosage can reduce the capacity of the blood to carry oxygen and damage the liver. As a pain reliever with a range of potential side effects, it is a substance which by its nature could both affect the performance and prejudice the wellbeing of a greyhound. Codeine is available as a veterinary medicine for dogs in combination with paracetamol and in a wide range of preparations for human medical use. In combination with paracetamol it is a prescription only or pharmacist-authorised only medicine. Norcodeine is the main metabolic product from codeine found in dog urine. Codeine affects dogs by relieving pain and suppressing coughing. It is also a drug of dependency if abused, with a range of potentially serious side effects such as constipation and depression of breathing. As such it is a substance which by its nature could both affect the performance and prejudice the wellbeing of a greyhound.

In evidence to the Local Inquiry held on 23 April 2023, Mr Gray said that **MAKEIT A DANCER** and another racing greyhound, **SAVANA BUTLER**, were kennelmates at his kennels. On Sunday, 26 February 2023, the

day before **MAKEIT A DANCER**'s pre-race sample was taken, **SAVANA BUTLER** had been treated by the Towcester track vet for a badly swollen eye and face. The vet had treated the bitch with injections and eyedrops and pain-killing tablets and had prescribed eyedrops and pain killing tablets for Mr Gray to continue treatment at his kennels. He had taken **SAVANA BUTLER** back to his kennels and kennelled her with **MAKEIT A DANCER** as usual. **MAKEIT A DANCER** was a habitual faeces-eater and would have been wearing a faeces guard while kennelled with **SAVANA BUTLER** between the bitch returning to the kennels after being treated on the Sunday afternoon and **MAKEIT A DANCER** going to the track the next morning. The vet had not advised him to isolate **SAVANA BUTLER** at the kennels. Nevertheless, he believed that the substances found in its sample came from **MAKEIT A DANCER** eating the faeces of **SAVANA BUTLER**.

In a written statement to the Committee, Towcester track vet Dr Polly Smith confirmed that on 26 February 2023, **SAVANA BUTLER** was treated by her with a Dexamethasone injection, with Pardale V (a paracetamol and codeine preparation), with Piriton, with chloramphenicol eye drops and with a long-acting amoxycillin injection. She had prescribed and supplied Mr Gray with chloramphenicol eye drops and an 18-tablet course of Pardale V for ongoing pain relief. She had advised Mr Gray to give **SAVANA BUTLER** a dose of two Pardale V tablets that Sunday evening and then to give the greyhound two tablets, three times a day.

Dr Smith also confirmed that she had not advised Mr Gray to isolate SAVANA BUTLER at his kennels. She said that while it was her practice to warn trainers of the risk of exposure to a kennelmate when giving a topical treatment such as eye or ear drops because of the risk of a kennelmate licking eyes or ears, she did not give a similar warning when treating greyhounds with medicines administered orally or by injection.

Reviewing the circumstances of the case and the levels of concentration of the different substances detected in the sample from MAKEIT A DANCER, Professor Morris advised that the most likely explanation for the presence of dexamethasone was that it had been ingested by the greyhound eating the faeces of SAVANA BUTLER. He advised that the codeine and its metabolite norcodeine detected in MAKEIT A DANCER's sample were equally likely to be from codeine ingested directly by the greyhound, accidentally or otherwise, or from the greyhound ingesting the faeces of SAVANA BUTLER. However, in contrast, the presence of paracetamol in the urine sample was more likely the result of it being ingested directly by MAKEIT A DANCER, accidentally or otherwise. Paracetamol that had been ingested by mouth by SAVANA BUTLER or MAKEIT A DANCER, whether from a deliberate or accidental administration, was likely to be fully absorbed into the dog's body and mainly excreted in the dog's urine and not in its faeces.

In evidence to the Committee, Mr Gray said that he always fed his greyhounds separately, in the run and not in the kennels. This was to avoid dogs fighting or eating another dog's food ration or eating another dog's medication that was being administered by being put into the dog's food. In any event, SAVANA BUTLER had been given its medication by the vet early in the afternoon on Sunday, 26 February 2023. None of his greyhounds were fed after that time until the kennels' usual mealtime at 11 am on Monday, the following morning. MAKEIT A DANCER had been weighed in at Towcester Stadium by 9.15am that Monday. Further, he did not recall the track vet telling him to give SAVANA BUTLER any of the Pardale V paracetamol and codeine tablets on Sunday evening and, in any event, he had not done so. After being treated by the vet early Sunday afternoon, SAVANA BUTLER had received no

further pain relief until it was given its first two-tablet dose in its next meal at about 11am the next day.

Questioned by the Committee, Mr Gray said medication was never given in his kennels before the first meal at about 11am and that where more than one dose a day was prescribed, these would be spaced through the day until the final dose was given "last thing" at around 9pm. This prompted committee member and practising vet Dr Hunt to advise that multiple doses of medication should be as evenly spaced as practicable through a 24-hour period, with the first dose before 11 am and as early as the number of doses made necessary.

Regarding the faeces guard worn by MAKEIT A DANCER, Mr Gray explained that while faeces guards were intended to deter a greyhound from eating faeces and reduce its ability to do so, they could not entirely prevent a determined dog from eating faeces if it pressed the guard into them. MAKEIT A DANCER did this and it was not exceptional behaviour in greyhounds. The kennel had to clean faeces of kennelmates off greyhounds' faeces guards every morning. Nor did faeces guards prevent greyhounds from licking other greyhounds' urine, which was something that many greyhounds did, including MAKEIT A DANCER.

Mr Gray told the Local Inquiry that in light of this positive sample he had started isolating new dogs when they entered his kennel and any dogs that have been treated by a vet or were on antibiotics. He confirmed to the Committee that he would now ask a vet if a greyhound needed to be isolated during treatment with any medication, including where its kennelmate was known to be a faeces eater.

Following Mr Gray's evidence, Professor Morris was asked if the likelihood of paracetamol in the urine of SAVANA BUTLER from its treatment on the Sunday explained its presence in the sample taken from MAKEIT A DANCER. Professor Morris said that if the track vet's instructions had been followed and the medication had been given to SAVANA BUTLER on the Sunday, the paracetamol in the sample could have come from an accidental administration to MAKEIT A DANCER, or from that medication being vomited by SAVANA BUTLER and eaten by MAKEIT A DANCER. He knew of no studies that assisted with the likelihood of the paracetamol

in the sample coming from the medication administered to SAVANA BUTLER by the vet being ingested by MAKEIT A DANCER licking SAVANA BUTLER's urine. However, in his opinion the presence of paracetamol could be reasonably explained as resulting from MAKEIT A DANCER pressing his faeces guard into and eating SAVANA BUTLER's faeces and/or licking that greyhound's urine.

The Committee was satisfied on the balance of probabilities that this was the explanation for all the proscribed substances being found in the sample taken from MAKEIT A DANCER. On this basis, Mr Gray had not himself administered or knowingly caused or permitted someone else to administer any of the substances to MAKEIT A DANCER. He had not breached Rules 174 (i) (b) or 152 (ii). However, he was in breach of Rules 174 (i) (b) and 217, which impose strict liability on a trainer and, by virtue of those breaches, he was necessarily also in breach of Rule 152 (1).

Mr Law for the Board set out what the Committee agreed was Mr Gray's lamentable disciplinary record over the last 10 years for administering proscribed substances to his greyhounds. This had culminated in him receiving a 3-month suspension, suspended for 12 months, and a fine of £1,250 in September 2020 for administration of meloxicam. 28 days of this suspension had been activated in November 2021 when he had received a severe reprimand and £750 fine for an unintentional administration of the oestrus suppressant norethisterone to a dog.

The Committee was concerned that Mr Gray had not followed the instructions that it found the vet had given him to give pain relief medication to SAVANA BUTLER in the evening of 26 February 2023. It also hoped Mr Gray would follow the advice to change his practice of not giving medication to greyhounds before 11 am and would in future space multiple doses of medication as evenly as possible through the day. However, these were not matters relevant to the appropriate sanction for the rule breaches found today. These breaches were not deliberate or the result of poor kennel management of the kind for which Mr Gray had previously been disciplined. The appropriate sanction was that Mr Gray receive a Caution and pay a fine of £200.

2. Professional Trainer Mr B Reynolds

Professional Trainer Mr Ben Reynolds was found in breach of Rules 152 (i) and (ii), 174 (xiii), 174 (xv) and 178 of the GBGB Rules of Racing in that on one or more dates between 1 January 2022 and 27 September 2022 he permitted, directly or indirectly, Barry Murphy, a warned off individual, to be present on GBGB licenced premises and aided, abetted and/or assisted the said Barry Murphy to be present on GBGB licenced premises and thereby acted in a manner prejudicial to the integrity, proper conduct and good reputation of greyhound racing as regulated by GBGB.

The Committee received a written statement from Mr Reynolds stating, *inter alia*, that he could not attend the meeting because he could not absent himself from a recently acquired new job. Director of Regulation Mr Phillip Law told the Committee that he had informed Mr Reynolds in the previous week that he could ask for an adjournment and that it was probably in his interests to appear and address the Committee. Mr Reynolds had told Mr Law he did not want an adjournment and wanted the hearing to proceed even though he could not attend. In the circumstances, the Committee felt it unlikely Mr Reynolds would attend if an adjournment were ordered and that it was appropriate to proceed in his absence.

Stipendiary Steward Mr Pete Rosney and GBGB Investigating Officer Mr Chris Hufton were in attendance.

The Committee heard that Mr Ben Reynolds was a 29-year-old man who, with his brother Jack Reynolds and father Ian Reynolds, had been involved in Independent greyhound racing for many years before applying to become GBGB-licensed Owner Trainer when that licensing scheme started. He had trained about 4 greyhounds from home kennels in Rochdale Road, Bury, with a fair degree of success.

In early 2020 when the Owner Trainer licence was abolished, Mr Reynolds applied for and was granted a Greyhound Trainer licence to train from his home kennels. Stipendiary Steward Pete Rosney told the Committee that when he visited to inspect those kennels and assess Mr Reynolds' capacity and suitability to hold the licence, he raised the issue of a professional gambler, Mr Barry Murphy. Mr Murphy had been warned off indefinitely and fined £5,000 by the Committee in 2019 when it was

found that in 2016 and 2017 he had run and been acting as *de facto* Trainer in a team of individuals that had systematically doped greyhounds and abused prescription medicines at Chips Farm Kennels, Ormskirk. Those kennels had supposedly been run by Professional Trainer Richard Whelan (who was also warned off indefinitely and fined £5,000) but Mr Whelan had effectively been a "front" for Mr Murphy and his associates. None of the Reynolds had been involved in any way in that matter but Mr Rosney knew that Mr Ian Reynolds was a friend and associate of Mr Murphy. On his assessment visit Mr Rosney had made clear that if Mr Ben Reynolds got his licence, Mr Murphy could not be allowed to enter any part of the home kennel licensed premises. Mr Rosney said that Mr Reynolds and his brother Jack and his father Ian had all been told and accepted that Mr Murphy could not visit the Rochdale Road kennels.

The Committee heard that Mr Reynolds's success as a trainer attached to Perry Barr Stadium from his Rochdale Road kennels attracted the attention of a substantial greyhound owner, Mr Trevor Coote. Mr Coote approached Mr Reynolds to be the Professional Trainer operating a large establishment at 3 Pilsworth Cottages, Bury, that Mr Coote was buying to kennel his greyhounds. These new kennels also provided accommodation for Mr Pearson and his brother Jack. The brothers accepted the offer and got the keys to the property in the Christmas period 2021. Mr Rosney inspected the kennels and passed them as suitable to be licensed. He told the Committee that before the licence was granted, he had told Ben Reynolds, his brother Jack and his father Ian that, just as at the Rochdale Road kennels, Mr Murphy could not be allowed onto the licensed premises. They had all said they understood the risk of Mr Murphy being involved at the kennels and that Mr Murphy would not be allowed on the premises or to have anything to do with the running of the kennels.

Mr Rosney said that he had been concerned that Mr Murphy would be interested in being involved with large kennels like those at 3 Pilsworth Cottages, where 20-30 dogs had been kennelled from the start and there was accommodation for around 100 dogs. But he had been reassured by Mr Ian Reynolds telling him Mr Murphy would not be involved and that he, Ian Reynolds, would be at the

kennels on a daily basis to support his son. However, in July 2022 Mr Ian Reynolds had applied for and been granted a trainer's licence to operate from the Rochdale Road home kennels and it appeared from his visits to Pilsworth Cottages that from this time Mr Ian Reynolds had withdrawn from and wanted nothing to do with those kennels.

In September 2022 the organization CAGED NationWide tweeted a screenshot from a video showing Mr Murphy appearing to leave the premises at Pilsworth Cottages on or about 23 August 2022. The organization then provided the GBGB with the same screenshot and the video from which it was taken, showing a white Peugeot vehicle and its registration number, said to be a vehicle used by Mr Murphy to visit the kennels. GBGB Investigations officer Chris Hufton told the Committee he had visited Pilsworth Cottages on 27 September 2022. He had been driven past by the same vehicle as he approached the kennels and then photographed the vehicle parked outside the kennels' boundary wall. He had kept the van under observation there for an hour.

A Local Inquiry was held at Perry Bar Stadium on 17 November 2022 at which Mr Ben Reynolds was questioned by Mr Rosney and Mr Hufton. Mr Reynolds maintained that Mr Murphy had never entered the licensed premises at Pilsworth Cottages and that the only time he had come to the kennels was on 23 August 2022. On this occasion he had only reversed his van into the drive, to drop off a walking machine, a freezer and a mag box that the kennels' owner had been offered by Mr Murphy through his father, Mr Ian Reynolds, and had decided to buy. He said he had only been informed this was happening 20 minutes before the van arrived and he had told kennel staff not to allow Mr Murphy through the gate onto the premises. It was pointed out to Mr Reynolds that by driving through the gate Mr Murphy had entered on the licensed premises. When confronted with Mr Hufton's evidence of Mr Murphy being parked outside the kennels for over an hour on 27 September 2022, Mr Reynolds denied any knowledge of this. He could not explain why Mr Murphy would have been parked there except, he said, perhaps Mr Murphy had come into the kennels to have a cup of coffee or tea with his father, Mr Ian Reynolds.

However, in an email to the GBGB Director of Regulation dated 2 June 2023 Mr Ben Reynolds admitted that it had turned out that he was not in charge of the kennels at Pilsworth Cottages but had been a “front man” with no control. People had been “coming and going” all the time who he would be instructed to let in, including Mr Murphy. He said he had left the kennels in December after learning that Mr Murphy had been there “all the time” when he had been away on holiday.

In a statement to the Committee, Mr Reynolds said that he understood that, as the licensed Trainer, he should have been making the decisions. He said he had been scared to assert himself because he lived as well as worked at the kennels and could have been sent packing, losing his job and home. He said that in the end he had “lost everything”: the gardening business he had pursued before becoming Trainer at Pilsworth Cottages; his small kennel of good dogs; his reputation at the tracks he attended; and his previously clean disciplinary record in greyhound racing.

The Committee found that Mr Reynolds had knowingly permitted a person who had been warned off, Mr Barry Murphy, to enter on GBGB licensed premises for which he was the responsible Trainer on occasions between 1 January 2022 and 27 September 2022 and thereafter and had aided and abetted Mr Murphy in entering on GBGB licensed premises on those occasions when he was warned off. By this conduct he had acted in a manner that was very seriously prejudicial to the integrity and the proper conduct and the reputation of Greyhound racing. He was in serious breach of Rules 174 (xiii), 174 (xv), 178 and 152 (ii) of the GBGB Rules of Racing. By virtue of those breaches, he was also in breach of Rule 152 (i).

The Committee could not decide with any confidence how willingly or unwillingly Mr Reynolds had collaborated in Mr Murphy being allowed to visit the kennels at Pilsworth Cottages, or when and why he had finally decided to leave those kennels. Nevertheless, it was accepted that he was a comparatively young man who was vulnerable to being led astray and overwhelmed, who had found himself having to choose between carrying on in a position with considerable opportunities to grow as a trainer or lose that opportunity, together

with his new home. The Committee found that the proportionate and appropriate sanction was that Mr Reynolds be disqualified with immediate effect for a period of two years and pay a fine of £500.

3. Towcester Stadium – Professional Trainer Mrs C Grasso

Professional Trainer Mrs Carol Grasso was found in breach of Rules 152 (i), 147 (i) (b), 214 and 217 in that a urine sample taken from the greyhound ANY MOMENT NOW at Towcester Stadium on 21 February 2023 was analysed by LGC Health Sciences as containing the presence of paracetamol, caffeine and paraxanthine.

Mrs Grasso, Stipendiary Steward Mr Phil McComish, Towcester Stadium Racing Manager Mr Andy Lisemore and independent scientific adviser Professor Tim Morris were in attendance.

The Committee heard that on 21 February 2023 a random pre-race urine sample was taken from ANY MOMENT NOW, trained by Professional Trainer Mrs Carol Grasso, before it finished second in the 6th race at Towcester Stadium, an A2 grade race over 500m. That sample subsequently tested positive for paracetamol, caffeine and paraxanthine.

The evidence of independent scientific advisor Professor Tim Morris was that caffeine is not now a veterinary treatment but is present in a wide range of foods. Paraxanthine is a metabolite of caffeine. Caffeine affects dogs as it does other animals and people, stimulating the brain and heart and opening up the airways. It is recognised as a stimulant, including of sporting performance. Possible side effects include restlessness, agitation, excitement, vomiting, diarrhoea and excessive thirst and urination. As such it was in his opinion a substance which by its nature could both affect the performance and prejudice the wellbeing of a greyhound. Paracetamol is only available as a veterinary medicine for dogs in combination with codeine. It is widely available as a medicine for people. Overdosage can reduce the capacity of the blood to carry oxygen and damage the liver. As a pain reliever with a range of potential side effects, it was in his opinion a substance which by its nature could both affect the performance and prejudice the wellbeing of a greyhound.

Professor Morris said that caffeine was present in a wide range of foodstuffs, including tea, coffee and foods containing chocolate. The GBGB particularly warned trainers to avoid tea, coffee and energy drinks and chocolate products in advice published in the Calendar. It was also contained in some human medicines, including being used in combination with paracetamol. A medicine combining paracetamol and caffeine was a possible source of those substances found in this greyhound's sample. The absence of codeine or its metabolites excluded a veterinary medicine as the source. The absence of metabolites of paracetamol was no reason to conclude the paracetamol had not been ingested and passed through the greyhound. The concentration of caffeine found in the sample was comparatively high, considerably exceeding the lower levels that had commonly been found in samples tested since new screening limits were introduced by the GBGB in 2020. Professor Morris could only say that the concentration of paracetamol was above the internal marker level of 50 micrograms per millilitre. Studies of humans and dogs indicated that paracetamol is fairly rapidly eliminated in the urine of dogs. The indications were that the paracetamol and caffeine had been ingested by the greyhound days rather than weeks before the sample was taken and possibly within the previous 24 hours.

In her evidence to the Local Inquiry held on 23 April 2023 and to the Committee, Mrs Grasso said that she had no idea how these substances came to be in the urine of ANY MOMENT NOW. Neither she nor any of her staff had given treatments involving these substances to the greyhound. She had questioned the kennel staff, which in addition to herself comprised her husband and her sister and volunteer walkers. All had said they had not used any treatments at the time that could have included either of these substances and that they had not consumed any chocolate products or tea or coffee around the greyhounds or fed anything to the greyhounds. She trusted them all that this was true. All staff were trained on what dogs could and could not have.

Mrs Grasso said that ANY MOMENT NOW was not injured in any way at the time. Hers was not a gambling kennel. She loved her dogs and would never give them any substance to affect their performance.

She said that she could not say that the greyhound had eaten or been fed anything at the track on the day of the race but she had been so concerned that she had tried to get CCTV footage from the track to see if it revealed anything. She and her husband had asked for the footage three times. The first two times they had no response from the track. The third time they had asked the Racing Manager, Mr Andy Lisemore, to help get the footage but were told that by that time it was no longer available. Mr Lisemore confirmed to the Committee that this was what had happened, saying that on the first two occasions the footage was asked for the stadium staff had been busy with preparations for the Derby.

In his evidence to the Committee, Stipendiary Steward Phil McComish vouched for Mrs Grasso's qualities as a conscientious trainer, describing the set up and condition of her greyhounds as exceptional. He said that he had observed that both Mrs Grasso and her husband had been sincerely upset by the positive test result.

On the evidence, the Committee found that the more likely source of caffeine and paracetamol in the sample taken from ANY MOMENT NOW was a human medicine combining those substances, rather than from separate sources of each. It could not determine whether they were ingested by the greyhound at Mrs Grasso's kennels or when it was being walked or transported or at the track. Wherever it happened, the greyhound was in the charge of Mrs Grasso and she was responsible for its care. The Committee was quite sure that Mrs Grasso had not herself administered anything to the greyhound or consciously allowed anyone else to. But Mrs Grasso was in breach of Rules 147 (i) (b), 214 and 217, which impose strict liability on a trainer. By virtue of those breaches, she was also in breach of Rule 152 (i).

The Committee accepted that Mrs Grasso was a conscientious kennel manager who attempted to train her staff to avoid inadvertent or careless contamination with proscribed substances and sought to protect and nurture her greyhounds. She was sincerely distressed by her greyhound testing positive. However, as caffeine is notoriously a substance that has been abused to dope racing greyhounds, it will always be a more serious matter where a trainer is found to have allowed a greyhound to be exposed to the substance. The

appropriate sanction was that Mrs Grasso receive a Caution and pay a fine of £100.
