## SPACE JET OUT OF THIS WORLD IN FIRST ROUND OF CAT ONE PREMIER GREYHOUND RACING REGENCY AT HOVE

SPACE JET again wowed the crowds as Matt Dartnall's superstar produced another amazing performance in the heats of the Premier Greyhound Racing Regency at Hove on Saturday.

Lining up at the scene of her record-breaking 2022 Coral TV Trophy success, the crowd-pleasing February 2019 daughter of Droopys Jet and Volcano came from off the pace to strike gold in heat three of the GBGB Category One event- albeit that does not tell the whole story of the race!

Coming to challenge and win the race approaching the last bend of the 695m contest, Space Jet was forced to check her stride and then had to show great trackcraft to catch kennelmate leader Swiper close home for a Dartnall-trained one-two in 43.02sec (-60). Jurassic Rose (Tony Collett) was back in third.

Bubbly Scorchers set the standard in heat one as Paul Young's June 2021 son of Good News and Bubbly Firebird was always handy and took up the running off the third bend before going on to score by a length from the staying-on Baggios Champ (Frank Bryce), with early leader Free Style Sue (Tom Levers) qualifying in third.

The winning time was 42.34sec (-60), the fastest of the round.

Lively Lauren then initiated a double for the Matt Dartnall camp when producing a game performance in heat two, coming through well to lead off the last bend before running away from her field to win by three and a half lengths from Hopes Woofwoof (Jason Heath) and Roll On Sydney (Paul Young) in 42.50sec (-60).

Jacktavern Magic (Mark Wallis) followed up his recent Coral Maiden 695 success with an impressive heat four victory in 42.65sec (-60), coming home ahead of Savana Queen (Diane Henry) and Gutsy Jet (Kevin Boon), before the runner-up's kennelmate Savana Heross produced a powerful finish to land heat five.

Led by Lightfoot Falcon (Seamus Cahill) for almost all of the six-bend contest, the eventual winner overcame crowding on route before reeling in the pace-setter to score by half-a-length in 42.69sec (-60), with Teds Dexter (Nathan Hunt) making the semis in third.

The sixth and final heat saw the Belinda Green-trained Turkish Lira, second to Jacktavern Magic in the Coral Maiden 695, frank the form of that two-run event with a good front-running performance to score by a length and a half from Romeo Turbo (Patrick Janssens) and Droopys Seniorita (Carl Gardiner) in 43.03sec (-60).

Rob Abrey, Hove's racing manager, said: "On what was a windswept night for all, fair play to all the runners in our two Category One competitions - the Premier Greyhound Racing Regency and Coral Sussex Cup. These two prestigious events made up the entire card here on Saturday and they didn't disappoint!

"The Premier Greyhound Racing Regency got the party started with Bubbly Scorchers for Romford handler Paul Young clocking the fastest time, albeit it was good to see Baggios Champ, a finalist last year for Swindon trainer Frank Bryce, book his semi-final place.

"Crowd favourite Space Jet won her heat by getting up on the line to beat kennelmate Swiper by a neck to keep her campaign on track, while Towcester trainer Diane Henry justified her decision to travel south by qualifying both Savana Queen and Savana Heross for Saturday's semi-finals, which will not disappoint."

## **IVANEXILE SO IMPRESSIVE IN HEATS OF STADIUM BOOKMAKERS PALL MALL AT OXFORD FOR THE IN-FORM MATT DARTNALL**

IVANEXILE roared back to his very best with a brilliant fastest-of-the-night victory in heat four of the Stadium Bookmakers Pall Mall at Oxford on Saturday.

On a superb night for the Matt Dartnall camp given victories for Space Jet and Lively Lauren in the heats of the Premier Greyhound Racing Regency at Hove, last year's M Lambe Birmingham Cup winner at Perry Barr was foot-perfect at lid-rise and never headed as the August 2020 son of Laughil Blake and Trusted Exile quickly raced clear.

Keeping up the gallop, Ivanexile stopped the clock in 26.71sec (-20) - his calculated time one spot inside Links Maverick's track record, incidentally - as he crossed the line four and a quarter lengths clear of Coppice Tenzin (Kevin Hutton) and Links Dasher.

The latter's trainer Tom Heilbron had earlier been on the mark in heat two as Links Maverick followed up a cracking track record-breaking official trial stakes victory a week before with another all-the-way triumph, winning by three and a quarter lengths from Eze (Angie Kibble) and Churchtown Annie (Kevin Hutton) in 27.08sec (-20).

Winning trainer Heilbron, delighted once again with the May 2021 son of Grangeview Ten and Havana Lottie, said of Links Maverick and Links Dasher: "The pair of them are doing me proud and Maverick's form at Oxford, especially, has justified the decision not to take him to Towcester for the Derby.

"The aim this last eight weeks has been about having him ready for the Pall Mall. It's a great competition and the semi-finals will be hot.

"I think the track conditions were against both of mine on Saturday, with them being out-and-gone types, so hopefully we don't get the same weather the next few weeks! The Dasher pup is coming on really well and was game to hang on against Rioja Joey to make the semis in third.

"I'd prefer him closer to the rails and Maverick out in two or three would be perfect, but overall I couldn't be happier with them and think we've got to hold a big chance in the competition now - albeit you always need that slice of luck."

The heats kicked off with victory for Kevin Hutton's Singalong Stacey as the BGBF Truframe British Bred Champion Stakes runner-up at Towcester produced a strong-running performance to reel in her rivals in heat one - albeit only in the last stride.

Led for almost all the 450m trip by kennelmate Mustang Ojay, the December 2020 daughter of Droopys Sydney and Bull Run Byte swooped to conquer on the run for home and got up in the shadow of the post to score by a short-head from Mustang Ojay, with Moments Of Magic making it a brilliant 1-2-3 for the Hutton camp back in third.

Out of luck with fourth-placed Coolavanny Shado in that heat, the Patrick Janssens camp nevertheless struck gold with Arc Laurels winner Hawkfield Ozark in heat three.

A fast start set up a runaway seven-and-a-quarter length victory for the January 2020 son of Laughil Blake and Brownstown Tango who raced away to score from Milton Noah (Laurence Tuffin) and Salthill Ranger (Ron Peckover) in 27.01sec (-20).

## CAT ONE FINAL AWAITS NEW DESTINY IF MARK WALLIS' TALENTED BITCH COMES THROUGH SUNDAY'S JUVENILE CLASSIC SEMI-FINAL

MARK WALLIS was at the double in the heats of the Juvenile Classic at Towcester on Sunday as New Destiny, fastest in the official trial stakes a week previously, underlined her position as favourite for the GBGB Category One competition.

Victory for the October 2021 daughter of Grangeview Ten and Coonough Dolly in heat four rounded off a good afternoon for the champion trainer after his Rapido Lady started the ball rolling for Imperial Kennels in heat one - a fast start laying the foundation for an all-the-way success over the 500m trip at the Northamptonshire venue.

Posting a 4.15sec split, the August 2021 daughter of Sparta Maestro and Perfecto Rosie was soon in command and, with favourite Droopys Reserve slower away before being crowded out, went on to score by three and a half lengths from kennelmate Droopys Prymtime for a Wallis 1-2, with Blue Mustang (Patrick Janssens) in third.

The winning time for Rapido Lady was 29.60sec (+10).

New Destiny then completed the Wallis double and clocked the fastest time of the round with a 28.93sec (+10) in heat four. Quickly into stride, the 4-11 favourite was soon well clear and drew steadily away to win by eight and a half lengths from Coppice Warrior (Kevin Hutton) and Bombay Zero (Paul Young) in 28.93sec (+10).

Wallis also qualified Chanceme Jacko and Ballymac John from the other heats and, with Newinn Syd later clocking a fastest-of-the-day 28.90sec (+10) in winning a maiden contest on the card, it was a good day at the office for Wallis, who said: "It was a cracking day all round - and hopefully can continue next Sunday for the semis!

"Getting all five runners through to the Juvenile Classic semi-finals is no mean feat and well done to them all. New Destiny is carrying all before her at the moment. She just didn't make the bend in the match race against Maree Champion, who's very strong, but she's definitely come forward since and is clocking some fantastic times.

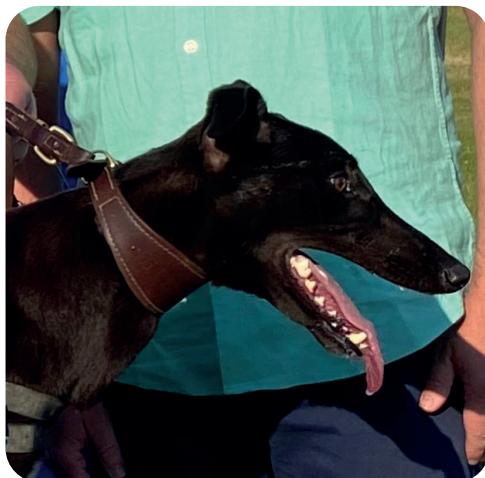

"Rapido Lady made the Greyhound Trader final at Towcester but is best when she hits the ground running and won well, while Chanceme Jacko and Ballymac John both kept on well to qualify, as did Droopys Prymtime from a tough draw in his heat behind Rapido Lady. And then to cap it all, Newinn Syd did a flying time in a later race.

"Syd's a nice prospect. He was off after Monmore in May and Sunday was only his this race for us - so that sort of time was pretty good indeed. He's off to Nottingham next week to begin his preparation for the (JenningsBet) Puppy Classic there."

The other Juvenile Classic heats were won by John Mullins's Wrighty, who again made all to score by five and a half lengths from Chanceme Jacko and Make It Flo (Frank Gray) in 29.22sec (+10), and Seamus Cahill's Droopys Clue, who led early to score by the same margin from Ballymac John and Coppice Rocket (Kevin Hutton) in 29.00sec (+10).

## REGULATORY VETERINARY SURGEON VACANCIES X 3

The Greyhound Board of Great Britain (GBGB) is the governing body for licensed greyhound racing in England, Scotland and Wales. As well as overseeing Stadia and the running of each race and trial, we are responsible for regulating the welfare and care of all racing greyhounds, from registration to retirement.

Welfare is of the upmost importance and the top priority for the GBGB, as reflected in the recently published 5 year Welfare Strategy (<https://www.gbgb.org.uk/welfare-care/commitment-to-care/>) which covers all stages of a racing greyhound's life. To support the delivery of the Welfare Strategy and the GBGB's commitment to optimising greyhound welfare, the GBGB has created five new Regional Regulatory Veterinary Surgeon roles.

We still require Regulatory Veterinary Surgeons to cover three geographical regions: The Southeast (including London), the Southwest/West Midlands and the East Midlands/East Anglia.

The Regional Regulatory Veterinary Surgeons will report to the Veterinary Executive. Their functions will include:

- Upholding the GBGB's Rules of Racing in matters relating directly and indirectly to greyhound welfare.
- Acting as a point of reference and support for Track Veterinary Surgeons in respect of their regulatory functions.
- Working closely with and supporting the field staff of Stipendiary Stewards, both at tracks and at trainers' residential kennels.
- Conducting annual veterinary kennel inspections at trainers' residential kennels.

Candidates will be Members or Fellows of the RCVS. You must have broad clinical skills and a minimum of two years' experience working in veterinary practice. A post graduate qualification in animal welfare or other relevant discipline would be desirable. Experience of working in animal sports or with an animal welfare charity would also be desirable.

The position will involve travel and independent working and therefore candidates must be able to work unsupervised and hold a clean and valid driving licence. Candidates must also be prepared to work flexibly and outside of usual working hours when required to do so.

This is a full time, non-clinical position and will be field based.

For a job description, requirements, and person specification, please contact Zoë Brown.

To apply for this position, please email a copy of your CV, together with a covering letter detailing which area you are applying for and how you fit the criteria specification to Zoë Brown, HR Manager, at [zoe.brown@gbgb.org.uk](mailto:zoe.brown@gbgb.org.uk)

## STIPENDIARY STEWARD VACANCY – SOUTH EAST

The GBGB is currently looking to recruit a Stipendiary Steward to cover the South East. This will include Brighton & Hove, Central Park, Crayford and Romford Stadia and trainers in the South East region.

Reporting to the Senior Stipendiary Steward, duties will include:

- Upholding the GBGB's Rules of Racing and related policies regarding the regulation and integrity of GBGB licensed greyhound racing and greyhound welfare.
- As a member of the Greyhound Regulatory Board (GRB) Disciplinary Authority, conduct and make findings at Local Inquiries in accordance with the GBGB Rules of Racing.
- Inspect and report on all premises licensed by GBGB.
- Undertake the annual inspection audit of racecourses, in line with GBGB's UKAS-accredited scheme.
- Assessing and inspecting new training licence applications and premises.
- Working alongside GBGB Regional Regulatory Veterinarians to maintain the highest standards of greyhound welfare.
- To support the Trainers Assistance Committee in relation to improvement and development funding for residential kennels.
- Acting as the lead, or assisting, in investigations into serious rule breaches and providing supporting evidence as part of the disciplinary process.
- To exercise further duties as allocated by the Greyhound Regulatory Board.

You will need to have the ability to work well within a team, be confident and motivated, work well under pressure, and possess the ability to show initiative and a willingness to learn.

You must be able to demonstrate a very high standard of professional integrity and have proven experience working within the greyhound industry, either at a racecourse, as a trainer or assistant trainer. A strong interest and enthusiasm for greyhound racing and greyhound welfare is essential. Candidates who have worked in a regulatory background or have had experience working within a similar role will also be considered.

Familiarity with the Rules of Racing, auditing and inspection principles and conducting investigations would be a distinct advantage, although full training will be provided.

The position will largely involve lone working and therefore you must be able to work unsupervised and hold a clean and valid driving licence. This role will include a high volume of driving and it is therefore a condition of employment that you live in the South East region.

Starting Salary: £41k per annum (subject to review after 12 months) + benefits.

To apply, please email a copy of your CV, together with a covering letter, detailing how you fit the criteria to Zoë Brown, HR Manager at [zoe.brown@gbgb.org.uk](mailto:zoe.brown@gbgb.org.uk) and [Duncan.gibson@gbgb.org.uk](mailto:Duncan.gibson@gbgb.org.uk)

### 1 Nottingham Stadium – Professional Trainer Ms L Cook

Professional Trainer Ms Lynn Cook was found in breach of Rules 174 (i) (b), 214 & 217 and 152 (i) of the GBGB Rules of Racing in that a urine sample taken from the greyhound **BURGHEAD FRANBY** at Nottingham Stadium on 26 September 2022 was analysed by LGC Health Sciences as containing the presence of a hydroxylated metabolite of secobarbital.

Professional Trainer Ms Lynn Cook was in attendance by computer link as were Phil McComish Stipendiary Steward, Professor Tim Morris, independent scientific adviser, Dave Baldwin ARC Representative and Jason Smith Racing Manager Nottingham Stadium

On the 26 September 2022 a pre-race sample was taken from **BURGHEAD FRANBY** which upon analysis by LGC identified the presence of a hydroxylated metabolite of secobarbital. **BURGHEAD FRANBY** was competing in an A2 graded race at Nottingham in which he finished fourth at odds of 6/1 after stumbling at the start. The

greyhound's form at Nottingham has been consistent and there were no unusual betting patterns on the race in question.

Professor Morris gave evidence that secobarbital is available as a veterinary medicine in concentrated solution for injection for euthanasia of dogs, cats, horses and cattle. The metabolism of secobarbital has been reported for the dog as including hydroxylated metabolites. Secobarbital affects dogs as it does other animals and people with increasing doses causing sedation, anaesthesia and ultimately death through respiratory and cardiac arrest. Secobarbital as a depressant of the nervous and respiratory systems is a substance which by its nature could affect the performance of the greyhound or could prejudice its wellbeing. Professor Morris continued that the most likely source of Secobarbital would be as a common drug used by Veterinary Surgeons for euthanasia of individual horses away from the slaughterhouse. Professor Morris agreed that while not an uncommon occurrence the fact that **BURGHEAD FRANBY** had stumbled after coming out of the starting traps may have been attributable to the effect of the secobarbital causing a degree of incoordination.

While nothing in Ms Cook's training regime or staff medication could suggest a use of secobarbital (and Ms Cook was adamant that she had not administered it to her charge) she admitted that she had fed her racing greyhounds over an extended

period of time with Category 2 Animal By-Product meat (including on occasions horsemeat) obtained from a supplier who did not appear to be registered as a slaughterhouse under the Food Standards Agency, but may have been a “knackerman” dealing with fallen stock. Ms Cook had admitted at the Local Inquiry that she was aware of the Board's guidance on the use of Category 2 ABPs but considered the meat to be of decent quality and safe to feed to her greyhounds since she had had no positive tests for many years. However, she accepted that one of the attractions of the meat was that it was very cheap as the supplier was not registered as an abattoir, she had no certainty what exactly the meat was.

Ms Cook confirmed that she had now changed her meat supplier and fed Category 3 meat to her racing greyhounds.

The Committee accepted Ms Cook's assurance that the secobarbital had not been administered to **BURGHEAD FRANBY** but considered that she had taken a serious risk by buying meat which she believed to be Category 2 especially as the supplier was unregistered as an abattoir. She presented as an honest witness with a good disciplinary record over many years, but she had in the view of the Committee been fortunate that none of her greyhounds had given a positive sample before this time. Ms Cook was found in breach of Rules 174 (i) (b), 214 & 217 and 152 (i) of the GBGB Rules of Racing and was cautioned and fined £300,

## 2 **Towcester Racecourse – Professional Trainer Mr C Joyce**

Professional Trainer Mr Chris Joyce was found in breach of Rules 214 and 152 (i) of the GBGB Rules of Racing in that a urine sample taken from the greyhound **LONGCROFT PADDY** at Towcester Stadium on 9th April 2023 was analysed by LGC Health Sciences as containing the presence of ampyrone and 4-methylaminoantipyrine.

Professional Trainer Chris Joyce was in attendance by computer link as were Phil McComish, Stipendiary Steward, Professor Tim Morris, independent scientific adviser and Andrew Lisemore Racing Manager at Towcester Stadium.

On the 9 April 2023 a pre-race sample was taken from greyhound **LONGCROFT PADDY** which upon analysis by LGC identified the presence of ampyrone and 4-methylaminoantipyrine. **LONGCROFT PADDY** had been competing in an Open race at Towcester over 712m where he finished third, beaten 7 1/4 lengths at odds of 6/1. **LONGCROFT PADDY**'s form has been consistent and there were no unusual betting patterns reported.

Professor Morris gave evidence that ampyrone and 4-methylaminoantipyrine are not available as a veterinary or human medicine in the UK. Ampyrone has pain killing and anti-inflammatory properties but carries a risk of blood disorders. 4-methylaminoantipyrine is pharmacologically active. Ampyrone is also a metabolite of dipyrone (also known as metamizole) which in turn is a constituent of a veterinary medicine, Buscopan Compositum. This medicine relieves muscle spasms and so is pain relieving while dipyrone itself is a Non-Steroidal Inflammatory drug with painkilling and anti-inflammatory properties. 4-methylaminoantipyrine is reported as a metabolite of metamizole. In total, metamizole and antipyrone both with painkilling properties and anti-inflammatory properties (but in the case of antipyrone with the risk of blood disorders) and 4-methylaminoantipyrine with anti-inflammatory properties are substances which by their nature could affect the performance of a greyhound or prejudice its wellbeing.

Professor Morris advised that the more likely source of the metamizole was the veterinary preparation Buscopan Compositum licensed in the UK for use in cattle horses and dogs. A direct administration by injection of Buscopan Compositum is a potential

source for the finding of ampyrone and 4-methylaminoantipyrine in **LONGCROFT PADDY** to avoid the characteristic of "tie-up" around racing. At the same time the metamizole would have a pain-killing effect.

Professor Morris also advised that beef trimmings from a retail butcher which Mr Joyce said he fed to his racing greyhounds would be an unlikely source of metamizole via residues in horse meat, but the possibility could not be completely excluded. It is possible that a farm animal was treated with Buscopan Compositum before finding its way into the food chain just after the withdrawal period. Even though the resulting meat was Category 3 ABPs the particular sensitivity of the tests conducted by LGC could have resulted in **LONGCROFT PADDY**'s low-level positive test. The Committee reviewed a statement from Mr Joyce's supplier of beef trimmings which confirmed that he does not handle ABPs.

Mr Joyce gave evidence that he never fed Category 2 meat to his greyhounds. He knew of Buscopan Compositum but had not administered it to his greyhound, who had not been lame at the time. He suggested the possibility of cross-contamination from another greyhounds racing jacket, but Professor Morris described this as most unlikely.

The Committee found this a most perplexing case. On the balance of probability there was no evidence that there had been a deliberate administration in this case and yet the beef trimmings used by Mr Joyce were unlikely to be the source of the positive sample. This was nevertheless a possibility. Accordingly, he was entitled to the benefit of the doubt and the defence of "normal and ordinary feeding" under Rule 174 (i) C applied. However, in the circumstances he was still in breach of Rules 214 and 152 (i). He was cautioned but no fine was imposed.

## 3 **Romford Stadium – Professional Trainer Mr P Young**

Professional Trainer Mr Paul Young was found in breach of Rules 152 (i) 174 (i) (b) and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound **YOUNG DIRECTION** at Romford Stadium on 27th February 2023 was analysed by LGC Health Sciences as containing the presence of gabapentin.

Professional Trainer, Mr Paul Young was in attendance by computer link

as were Annie Poole, Stipendiary Steward, Professor Tim Morris, independent scientific adviser and Mark Arkell, Racing Manager at Romford Stadium.

On the 27 February 2023 a pre-race sample was taken from **YOUNG DIRECTION** trained by Mr Young which upon analysis by LGC identified the presence of gabapentin. **YOUNG DIRECTION** was competing in a graded Race at Romford where he finished fourth, beaten 6 lengths at odds of 5-2f. His finishing position was attributable to being bumped at the start and badly bumped at the 1st bend. The greyhound's form is consistent and there were no unusual betting patterns. Mr Young stated that neither he nor his kennelhand had Betfair accounts.

Professor Morris gave evidence that gabapentin is not available as a veterinary medicine and is used as a medicine in people to treat epilepsy and long-term pain. It has been prescribed by Veterinary Surgeons under the prescribing cascade to treat epilepsy and long-term pain in dogs. As gabapentin may cause mild incoordination and sedation in dogs it is a substance which by its nature could affect the performance of a greyhound or could prejudice its wellbeing. Professor Morris added that he could see nothing in either the treatment books or the feeding regime that could account for the finding of gabapentin but stated that there are recorded instances of findings of gabapentin in racehorses from human and canine sources. In horses where the contamination source appeared directly associated with human use it is reported that urine levels are in the order of micrograms. That is similar to the level found in **YOUNG DIRECTION**.

Mr Young stated that he divided his kennels into a number of blocks, two of which were overseen by one of his "long term" kennelhands who was in charge of feeding the greyhounds. On inquiry he had discovered the kennelhand had been taking gabapentin (three times a day) as treatment for epilepsy from the 23 February 2023, i.e. four days before the positive sample. Mr Young admitted that while he knew the kennelhand had hospital appointments he had not bothered to inquire if any new medication was involved or to warn them of the risks of cross contamination. The kennelhand gave evidence to the Stipendiary Steward that when he was taking gabapentin, he took it at night and the medication remained at home, i.e. not in the kennels. However, he did admit that he occasionally urinated in the paddock

used by YOUNG DIRECTION if the kennel toilets were occupied.

Later evidence came to the Committee's attention that at the same time as the positive sample, another of Mr Young's greyhounds BELFAST DAKOTA was being treated with gabapentin for an injury and that dog used the same paddock as YOUNG DIRECTION.

Mr Young described the means by which tablets were given to greyhounds in their feed, but admitted that he left this to his kennelhands and conceded that the gabapentin might have been given to the wrong greyhound, or that the greyhound might have urinated in the paddock after receiving its medication.

The Committee accepted that there had been no deliberate administration in this case by Mr Young or his kennelhand but could not be sure whether YOUNG DIRECTION's positive sample came from the dog ingesting a tablet of gabapentin intended for another, or from its consumption of tainted human or canine urine which it had found in the paddock. In any case, the Committee felt that Mr Young's stewardship had been sloppy and needed more attention.

There had been breaches of the rules 152 (i) 174 (i) (b) and 217 of the GBGB Rules of Racing in this case. The Committee considered the submission of the Director of Regulation and Mr Young's recent good disciplinary record. He was cautioned and fined £250.

*Howay for Harry: Just look at what it means to the connections of Ballybough Mags, winner of the Arena Racing Company Puppy Cup Final at Sunderland recently. Trained by Harry Burton, business partner Glenn Foot has put a lot of graft into this dog and took her in to the track as Harry had to be over at Newcastle with runners that afternoon. Harry's omission however did not deter this daughter of Droopys Sydney, who flew the traps and made all in 27.01sec, roared on by the family of owners Sue and Stephen Johnson, and friends of Glenn, a successful local boxer, many of whom are still celebrating!*
