Splendid isolation: Queen Shakira powers clear in a qualifier for the RPGTV English Puppy Derby over 500m at Towcester in 28.99sec, the fastest clock of the day. Trainer Liz McNair was on fire last Sunday, sending out five of the eight trial stakes winners, and will be looking for more of the same this weekend in the Cat One event's opening round.

BANG IN FORM SWIFT ICONIC SETS THE STANDARD IN TONIGHT'S SEMI-FINALS OF THE ARC CLASSIC AT SUNDERLAND FOLLOWING RUNAWAY SUCCESS IN OPENING ROUND

SWIFT ICONIC heads into tonight's semi-finals of the Arc Classic at Sunderland as the fastest heat winner after a faultless performance from the Steel City Cup champion in heat one of the Category One competition over 450m at Sunderland.

John Mullins' consistent sort now replaces Links Maverick as ante-post favourite for the £12,500 prize after Tom Heilbron's star bowed out of the event after suffering an injury setback in heat four. Never really in contention off a moderate start, the hot favourite moved off at the first bend, which is where his trainer believes the three-time Category One champion damaged a muscle before finishing out of the places.

"He's done a shoulder unfortunately, and that will be him for the year," said Heilbron. "He's had a fantastic year and we couldn't have asked anymore. He's a Greyhound of the Year contender and it would have nice to round things off with a Sunderland win.

"However, that's not be now and we'll give him plenty of time - he'll mate a few bitches over the winter and hopefully make his mark at stud - and then we'll bring him back when the better weather arrives. He's still the star of the kennel!"

Swift Iconic is a major star at John Mullins' kennel as the Yarmouth Derby runner-up and Steel City Cup winner - he also won Oxford's Gold Cup last year - kicked off the event in the best possible style with a runaway success in heat one.

The October 2020 son of Droopys Roddick and Swift Biology broke smartly inside and was always bossing proceedings as he drew away to score by five lengths from Keefill George (Phil Milner) and Watchall Sid (Carl Jackson) in 26.70sec (normal).

Next quickest was posted by Jonny Whiskers as Harry Burton's May 2021 son of Skywalker Logan and Cudkevinbwrong clocked a fastest-of-the-session 4.71sec sectional before coming away to score by five and a quarter lengths from Pape Di Oreo (Savva Roberts) and March On Frankie (Neil Brown) to win in 26.76sec, with Links Maverick (Tom Heilbron) fading in fourth after suffering a shoulder injury.

However, there was better luck for the Heilbron camp in heat as Magical Rubble reeled in longtime leader Bluejig Hank (Yvonne Bell) in heat two to land the odds in 26.98sec, winning by one and three-quarter lengths from that rival and the winner's kennelmate Links Dasher to give Heilbron two semi-finalists.

Michael Hurst will also be double represented in the semis after his Stormy News, the Gymcrack winner at Kinsley earlier this year, struck in heat six with a superb exhibition of front-running as he denied favourite Whisky Champ (Craig Marston) by a length and a half in 26.96sec, with March On Larry in third. The latter will be one of three Harry Burton-trained semi-finalists.

Jill Sutherst struck for the locals in heat five as Witton Venus, a British-bred October 2020 daughter of Laughil Blake and Witton Derecho, was soon in charge on her way to an impressive four-and-a-half lengths win over Riverside Lisa (Raymond Hale) and another Sunderland-based runner Kitty The Step (Paul Miller) in 26.92sec.

Heat three had been voided after the hare was stopped for safety reasons. Following the race a draw was made for places in the semi-finals with the connections of Droopys Soldier (Michael Hurst), Paisley Pearl (Harry Burton) and Trouble Shooter (Stuart Tighe) successful and securing places in the last-18 stage.

FAMILIES TURN OUT IN FORCE AS GBGB LICENCED RACING GETS UNDERWAY AT A SUN-DRENCHED VALLEY

GREYHOUND RACING under rules returned to Wales last Friday as Valley staged its first GBGB-licensed meeting - with the Martin Thomas-trained Catunda Spirit having the distinction of being the first winner.

Making all in the opening A4 in 28.60sec for the 460m trip, the May 2021 daughter of Droopys Sydney and Murlens Maura led home favourite Vico Road (Leigh Williams) by three and a quarter lengths to make her mark at the former South Wales independent which has been taken over by Harlow promoter Dave Barclay.

Following track modifications and extensive trials at the venue, the SIS cameras were on hand to broadcast the first meeting which featured a mix of graded and open contests - with Rob Short's Castell Nia winning the first open race.

Pacing up to lead at the bend, the August 2019 daughter of Out Of Range ASB and Got The Edge crossed the line just over a length clear of Harlow raider Lincoln Lawyer (Paul Clarke) in 16.33sec for the 260m sprint distance.

A later open race was won by Ballydorgan Gema who clocked a fastest-of-the-meeting 28.09sec for the 460m, the June 2021 daughter of Droopys Sydney and Madgies Wish racing away to win impressively from Splendid Mendax (Steven Howard).

The victory delighted his trainer Mike Burton, well known as a leading owner and breeder with his grandson George, but who has now taken out a trainer's licence.

"After 42 years in a business, which I'm now out of, I can now pursue my lifelong interest in greyhound racing even more!" revealed Burton.

He added: "Myself and George had a common interest in the sport for many years going back to before Screen Critic made the Derby at Wimbledon in 2012 under the guidance of Kevin Hutton.

"Most people know we've been busy on the breeding scene for many years and have two litters to introduce in the new year - Newinn Taylor x Signet Storm and Magical Bale x Lights Out. We're looking forward to the progress of both.

"It was great to support Valley's first meeting. The track is a happy place which attracts lots of local dog people and I'm sure it'll be a success. The Barclay family are very professional in their approach and that was reflected in the first meeting.

"The track is in superb condition and the new owners have completed a lot of safety work - Friday's card was completed without incident.

"Malcom Tams, the outgoing owner, deserves credit for keeping greyhound racing going there since the 1970s."

REGULATORY VETERINARY SURGEON VACANCIES X 3

The Greyhound Board of Great Britain (GBGB) is the governing body for licensed greyhound racing in England, Scotland and Wales. As well as overseeing Stadia and the running of each race and trial, we are responsible for regulating the welfare and care of all racing greyhounds, from registration to retirement.

Welfare is of the upmost importance and the top priority for the GBGB, as reflected in the recently published 5 year Welfare Strategy (<https://www.gbgb.org.uk/welfare-care/commitment-to-care/>) which covers all stages of a racing greyhound's life. To support the delivery of the Welfare Strategy and the GBGB's commitment to optimising greyhound welfare, the GBGB has created five new Regional Regulatory Veterinary Surgeon roles.

We still require Regulatory Veterinary Surgeons to cover three geographical regions: The Southeast (including London), the Southwest/West Midlands and the East Midlands/East Anglia.

The Regional Regulatory Veterinary Surgeons will report to the Veterinary Executive. Their functions will include:

- Upholding the GBGB's Rules of Racing in matters relating directly and indirectly to greyhound welfare.
- Acting as a point of reference and support for Track Veterinary Surgeons in respect of their regulatory functions.
- Working closely with and supporting the field staff of Stipendiary Stewards, both at tracks and at trainers' residential kennels.
- Conducting annual veterinary kennel inspections at trainers' residential kennels.

Candidates will be Members or Fellows of the RCVS. You must have broad clinical skills and a minimum of two years' experience working in veterinary practice. A post graduate qualification in animal welfare or other relevant discipline would be desirable. Experience of working in animal sports or with an animal welfare charity would also be desirable.

The position will involve travel and independent working and therefore candidates must be able to work unsupervised and hold a clean and valid driving licence. Candidates must also be prepared to work flexibly and outside of usual working hours when required to do so.

This is a full time, non-clinical position and will be field based.

For a job description, requirements, and person specification, please contact Zoë Brown.

To apply for this position, please email a copy of your CV, together with a covering letter detailing which area you are applying for and how you fit the criteria specification to Zoë Brown, HR Manager, at zoe.brown@gbgb.org.uk

DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee of the GBGB was in attendance at a meeting held on 17 October 2023.

Mr R O'Donovan (in the Chair)

Mr H Starte

Mr R Woodworth CBE

1 **Crayford Stadium:
ROXHOLME DUCHESS –
Professional Trainer
Mr Kevin Hutton**

Professional Trainer Mr Kevin Hutton was found to be in breach of rules 174(i) (a) and (b), 152(i), 216 and 217 of the GBGB Rules of Racing in that a pre-race urine sample taken from the greyhound **ROXHOLME DUCHESS** at Crayford Stadium on 8 April 2023 was analysed by LGC Health Sciences as containing the presence of lidocaine and 3-hydroxylidocaine and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of the greyhound or prejudice its well-being.

Mr Hutton was in attendance.

Mariel France, Stipendiary Steward, Danny Rayment, Racing Manager at Crayford and Professor Tim Morris, Independent Scientific Adviser, were also in attendance.

A Local Inquiry was held on 7 July 2023 at which it was recorded that on 8 April 2023 Roxholme Duchess had finished fifth in a heat of the Cat One Ladbrokes TV Trophy over 874m. In relation to the finding of lidocaine and 3-hydroxylidocaine Mr Hutton said that the greyhound in question had suffered a superficial wound on her wrist on Sunday 2 April. He had administered a spray (ID Spray), previously used for his wisdom tooth,

to aid healing, not realising that it would remain in the dog for a week.

The Disciplinary Committee heard evidence from Professor Morris that lidocaine is a local anaesthetic available as an injection, spray and cream for veterinary use including cats, dogs and horses. 3-hydroxylidocaine is a metabolite of lidocaine in dogs. Professor Morris confirmed that ID Spray contains lidocaine. If administered, the use of lidocaine should have been recorded in the treatment book. When applied in large amounts lidocaine has the potential for toxicity and in the opinion of Professor Morris could affect the performance of the greyhound or prejudice its wellbeing.

The Disciplinary Committee concluded that on the balance of probabilities the lidocaine and 3-hydroxylidocaine found in Roxholme Duchess derived from the use of the ID Spray six days before the race in question. The ID Spray had been intentionally applied.

The DC considered that there had been errors of judgement on Mr Hutton's part in administering the spray and then entering the dog for a race within seven days. Mr Hutton had not appreciated the risk that traces of the spray would remain for six days.

There were therefore breaches of Rules 174(i)(a) and (b) in that a prohibited substance had been found in the dog and such substance had been negligently administered by Mr Hutton.

The Disciplinary Committee noted that the treatment book merely recorded "cut wrist in paddock" and "bandaged manuka and spray". Mr Hutton acknowledged that this was

inadequate as there was no indication of the type of spray, and there was therefore a breach of Rule 216 in that the treatment book was not maintained in accordance with the requirements set out in that book.

As for the alleged breach of Rule 217 the Disciplinary Committee found that Roxholme Duchess was not free of a substance that could affect her performance or wellbeing and that there had been a breach of the requirement that a dog should not race within seven days of the application of medicinal products.

While it followed from the above that Rule 152(i) had been breached the Committee did not consider that the circumstances gave rise to a breach of rule 152(ii).

The Disciplinary Committee considered that there had been multiple breaches of the Rules deriving from this one incident and the application of medication not approved for veterinary use was a serious breach of GBGB rules and potentially a criminal offence. It could also have masked an injury. A severe reprimand and financial penalty might well be an appropriate starting point. On the other hand, the Committee noted (i) that Mr Hutton had an excellent reputation and had been helpful in admitting the administration of the ID Spray and (ii) Mr Hutton acknowledged that he should not have used the spray and that his entry in the treatment book was inadequate. In light of this mitigation, the Committee ordered the sanction in respect of all breaches to be a reprimand and a penalty of £750.

2 **Yarmouth Stadium: FERRYFORTH AOIFE – Professional Trainer Mr Ricky Thom**

Professional Trainer Mr Ricky Thom was found to be in breach of rules 174(i)(b), 152(i), and 217 of the GBGB Rules of Racing in that a post-race urine sample taken from the greyhound **FERRYFORTH AOIFE** at Yarmouth Stadium on 5 April 2023 was analysed by LGC Health Sciences as containing the presence of guaifenesin and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of the greyhound or prejudice its wellbeing.

Mr Thom was in attendance. Carol Chown-Smith, Stipendiary Steward, and Professor Tim Morris, Independent Scientific Adviser, were also in attendance.

A Local Inquiry was held on 31 May 2023 at which it was recorded that on 5 April 2023 Ferryforth Aoife took part in a 472m race finishing fourth, beaten four lengths. A pre-race urine sample was later analysed as containing the drug guaifenesin. Mr Thom was unable to identify the source of this drug suggesting that it must have come from contaminated deer meat. He believed deer were given cough mixture to calm them down.

Mr Law in presenting the case on behalf of the GBGB noted that guaifenesin has a sedative effect but Ferryforth Aoife's performance at the time was normal.

The Disciplinary Committee heard evidence from Professor Morris that guaifenesin is available as a veterinary medicine and used as a muscle relaxant in horses. For humans it is mainly used as an expectorant and cough remedy. Guaifenesin has sedative effects. In his opinion it was a substance which could affect the performance of a greyhound or could prejudice the wellbeing of a greyhound. It was unlikely that contaminated deer meat was the source of contamination as this would exclude the deer meat from the food chain.

The Disciplinary Committee found that there was inadequate evidence on which to form a view as to the source of the drug. Mr Thom said that he fed his dogs with dried meat and Professor Morris advised that the meat used should not have contained category 2 Animal by-product meat and so the guaifenesin was unlikely to have come from the dried meat used.

The Disciplinary Committee concluded that given an absence of

evidence of how the drug came to be in the dog, there was no evidence of intentional administration and accordingly rule 174(i)(a) had not been shown to be breached. In its view the circumstances did not give rise to a breach of Rule 152(ii) in that the reputation of greyhound racing was not an issue. However, the GBGB Rules of Racing provide for strict liability if a dog is found with a prohibited substance, without regard as to how it came to be there and so Mr Thom was found to be in breach of Rules 174(i)(b), 217 and 152(i). The Committee considered taking no further action, particularly in light of Mr Thom's previously good record, but given the fact that a prohibited substance was found in the greyhound even in the absence of evidence as to how it got there, something had gone wrong and the Committee ordered a caution and a penalty of £200 in respect of all breaches.

3 **Towcester Stadium: BALLYMAC SEANIE – Professional Trainer Mr Liam Dowling**

Professional Trainer Mr Liam Dowling was found to be in breach of Rules 174(i)(b), 152(i), and 217 of the GBGB Rules of Racing in that a urine sample taken from the greyhound **BALLYMAC SEANIE** at Towcester Stadium on 20 May 2023 was analysed by LGC Health Sciences as containing the presence of meloxicam and that he had in his charge a greyhound that showed the presence of a substance that by its nature could affect the performance of the greyhound or prejudice its wellbeing.

Mr Dowling was in attendance. Phil McComish Stipendiary Seward, and Professor Tim Morris, Independent Scientific Adviser were also in attendance.

A Local Inquiry was held on Saturday 10 June 2023. This Inquiry recorded that Mr Dowling is an Irish trainer who on 20 May 2023 came over and entered Ballymac Seanie for a trial at Towcester Stadium in preparation for the English Derby intending to be an international entry.

The Local Inquiry noted that Ballymac Seanie had dislocated a toe on 13 May 2023, and was seen by his vet Dr Peter Hill on 15 May 2023 when it was treated and an injection of meloxicam was given. Mr Dowling asked Dr Hill how long the withdrawal period would be as the dog was being prepared for the English Derby, and Dr Hill informed Mr Dowling that the withdrawal period would be 72 hours. Ballymac Seanie was taken to the vet again a couple of days later (on or

about 17 May) and declared fit. In fact Ballymac Seanie dislocated his toe again in the trial and was not entered for the English Derby.

The Disciplinary Committee heard evidence from Professor Morris that meloxicam is available as a veterinary medicine and is in the class of drugs known as Non Steroidal Anti-inflammatory Drugs (NSAIDs) which relieve pain, reduce fever and reduce inflammation. All NSAIDs have the potential to induce adverse reactions, some of which can be life threatening. There is no evidence that meloxicam itself could directly affect the performance of a greyhound but the alleviation of symptoms by meloxicam could have an indirect effect on performance by mitigating the adverse effects of pain or inflammation. In his opinion meloxicam is a substance which by its nature could affect the performance of the greyhound or could prejudice the wellbeing of a greyhound.

Given the level of meloxicam found Professor Morris thought it likely that a clinical dose of meloxicam had been administered on or about 17 May. Mr Dowling said that he was not aware of any meloxicam being given, other than the dose on 13 May, but could not exclude the possibility that a second dose had been given by Dr Hill or one of his staff on the second visit around 17 May.

Notwithstanding the advice from Dr Hill, the guidance from GBGB is clear and is that a dog should not be raced or trialled within 30 days of being treated with meloxicam. If racing in the UK it was the duty of an overseas trainer to follow UK guidelines.

The Disciplinary Committee decided that on the evidence available the presence of meloxicam derived from the injection on 15 May or a later application around 17 May, although there was no evidence as to who was responsible or that Mr Dowling was aware of this second application. Mr Dowling's evidence was that he was not aware. Either application would have been given within seven days before the trial on 20th May.

In analysing the alleged breaches the committee did not decide that rule 174(i)(a) had been breached. While meloxicam had been administered with the approval of Mr Dowling, the Committee did not consider that there was a breach when the prohibited substance had been administered by a vet.

On the other hand rule 174(i)(b) provided for strict liability if a prohibited substance were found in the greyhound with only limited exceptions, and the Committee

did consider this rule to have been breached.

Rule 217 had been breached in its terms first by the finding of meloxicam and secondly by the administration of meloxicam whether on the 15 or 17 May in that Ballymac Seanie had been entered for trial within seven days of meloxicam being administered. There was also a breach of the GBGB guideline that a dog should not be raced or trialled within 30 days of the administration of meloxicam.

In considering an appropriate sanction the committee considered that Mr Dowling had been over casual in his research on British requirements. In mitigation, however, the Committee noted that the screening level for meloxicam in Ireland was such that a normal application would not exceed the screening level and Mr Dowling might not have expected any difficulty. It was noted that Mr Dowling had clean records both in Ireland and Great Britain. The Committee therefore ordered a caution and penalty of £300 in respect of all breaches.

The Disciplinary Committee of the GBGB was in attendance at a meeting held on 19 October 2023.

1 **Swindon Stadium - Professional Trainer Mervyn Jeans**

Professional Trainer **Mr Mervyn Jeans** was found in breach of Rules 174 (i)(b), 217 and 152(i) of the GBGB Rules of Racing in that a urine sample taken from the greyhound **CANT BLAME KAY** at Swindon Stadium on 24th April 2023 was analysed by LGC Health Sciences as containing the presence of bendroflumethiazide.

Professional Trainer Mervyn Jeans was in attendance by computer link as were Meriel France Stipendiary Steward, Professor Tim Morris, independent scientific adviser, and Peter Geeves, General Manager at Swindon Stadium

On the 24 April 2023 a pre-race sample was taken from Cant Blame Kay trained by Mr Jeans which upon analysis by LGC identified the presence of bendroflumethiazide. Cant Blame Kay was competing in an A9 graded race at Swindon in which she finished fifth beaten some 18 lengths at 18-1 (having opened at 7-1) after being badly crowded at

the first bend. The greyhound was some five years old at the time of the race and approaching the end of her racing career. She has since been retired and rehomed at Mr Jeans' kennel. Her form at Swindon had been consistent and there were no unusual betting patterns on the race in question. In particular Mr Geeves was happy with the race and stated that the increasing age of the greyhound and the little chance that the dog would lead accounted for the long odds.

Professor Morris gave evidence that bendroflumethiazide is not available as a veterinary medicine, although it has been used historically in dogs. It is used as a medicine for people with high blood pressure either alone or with other antihypertensives such as ACE inhibitors and beta blockers. It comes as generics and one branded preparation. Bendroflumethiazide is a thiazide diuretic. Diuretics dilute the urine and thiazide diuretics may cause metabolic disturbances especially at high doses and also have a range of other potential side effects. Thus bendroflumethiazide as a thiazide diuretic is a substance which by its nature could affect the performance or could prejudice the wellbeing of a greyhound. While bendroflumethiazide is a relatively more potent thiazide diuretic effective for up to 24 hours and excreted unchanged and hydrolysed in the urine of dogs there appear to be no records of it being used or abused in greyhound racing although it is in other sports.

The presence of this particular diuretic in the dog's sample could not be accounted for by anything in the Treatment Book, the feeding and care regime or the list of medicines supplied by Mr Jeans for himself and his kennel staff. The process of transporting the greyhound to the track and its kennelling appeared secure although it was noted that Cant Blame Kay was not muzzled when she was in the paddock and race kennels at the track. A practice Mr Jeans said he would now change. Apart from Mr Jeans and his wife no other person had access to Mr Jeans' kennels apart from a very occasional visit from the greyhound's owner. The greyhound would not by its nature pick up and consume a stray tablet, according to Mr Jeans.

Every opportunity to provide a credible explanation for the presence of bendroflumethiazide in the greyhound was firmly excluded by Mr Jeans whom the Committee found to be palpably honest.

Nonetheless Mr Jeans accepted that there had in some way occurred the

accidental presence of a prohibited substance in a greyhound for which he was responsible. The Committee noted his very long exemplary disciplinary record. However, he was in breach of the strict liability rules 174(i)(b) and 217 and therefore 152 (i). He was cautioned but no financial penalty was applied.

2 **Professional Trainer Mr Jason Foster**

Professional Trainer **Mr Jason Foster** was found in breach of Rules 174 (xi), 152 (i) and (ii) of the GBGB Rules of Racing in that Treated, caused or permitted the Greyhound **BOBBING GNIPPER** to be treated, with cruelty or in a manner which caused or was likely to cause unnecessary suffering.

The Disciplinary Committee considered a report of a Local Inquiry held by the Stipendiary Steward on the 8 August 2022 into the follow-up management and care of Bobbing Gnipper after his injury at Towcester on 10 March 2022. The dog had been competing in a graded race at Towcester in which it had stopped at the fourth bend and then been diagnosed by Track Veterinary Surgeon Dr Polly Smith as having suffered a Central Tarsal Bone fracture to its right hock.

Professional Trainer Jason Foster (who no longer holds a Trainers licence) was not in attendance having submitted a letter saying he would not attend but not seeking an adjournment. Accordingly, the Committee decide to continue to hear the Inquiry.

On 10 March 2023 at the track Dr Smith had provided initial veterinary care to Bobbing Gnipper in terms of strapping the injury and had administered pain relief. She had then given Mr Foster's kennelhand – Mr Foster not having been present at the track that day - a sealed envelope containing 12 days of medication, together with a Transport Certificate and had also made clear to the kennelhand that the greyhound required secondary treatment. In the interests of the greyhound's welfare this document (a copy of which the Committee was able to review) details the injury, the temporary treatment provided and Advice to the Trainer/ Owner in terms of: "... if needed NAMED VETERINARY PRACTICE and MAXIMUM TIME ALLOWED UNTIL NEXT VETERINARY EXAMINATION". Inter alia Dr Smith advised the Trainer to take the greyhound "to see an orthopaedic vet (Daniel Doherty) within 48 hours. (NOTE – the Transport Certificate appears to be incorrectly dated as

the 10/6/21 rather than as it should have been 10/6/22 but the description of the greyhound and its injury are correct so the Committee concluded that this was the relevant document).

On 14 March, Dr Smith spoke to Mr Foster's kennelhand as she was concerned about the dog. The kennelhand said "that the trainer had liability for the greyhound" appearing, in Dr Smith's words to be "cagey", but described Bobbing Gnipper as okay but as having a "swollen foot".

From this it was clear to Dr Smith that it was most unlikely the greyhound had been to an orthopaedic veterinary surgeon as the injury would be strapped up and the foot not visible. She had provided more pain relief for the greyhound and emphasized that the dog must see a vet. Her attempt to contact Mr Foster had only elicited a response on the 21 March when he had sent a photo of Bobbing Gnipper lying down in the paddock. No dressing could be seen on the injured leg. However, Mr Foster subsequently suggested that in error he had sent a photo of the wrong greyhound. On 22 March Dr Smith had contacted Mr Foster to express surprise that there was no dressing on the greyhound's leg and asked Mr Foster if he had taken the greyhound to Daniel Doherty, who had a particular reputation with injuries of this type, or a local veterinary surgeon. Mr Foster contacted Dr Smith on the 23 March to confirm that he had taken Bobbing Gnipper to a local veterinary surgeon on that day and that the dog had been given medication to relieve inflammation and pain. Further he stated that the local vet had advised him "to take the dressing off and on to let air get to the leg". This was a form of treatment unfamiliar to Dr Smith, but was one which Mr Foster was following. However he had removed the dressing before seeing the local vet leaving the dog with an unsupported fracture which was inappropriate for an unstable central tarsal bone fracture.

At the Local Inquiry Mr Foster stated that he had not received the Transport Certificate from Dr Smith (in the envelope given to him by his kennel hand on 10 March) although in a Witness Statement given by Annie Poole, Stipendiary Steward on 10 June she recited that when she interviewed Mr Foster at his kennels on the 17 March he had stated that "he didn't remember receiving a transport certificate" otherwise he would have followed Dr Smith's advice to take the greyhound to a vet within 48 hours.

As it was, the medication from Dr Smith for approximately 12 days (Dr

Smith had given the kennelhand additional medication on 14 March) had been sufficient for him to conclude that "the injury was not very bad" and accordingly he had taken the greyhound to the local vet only when the medication ran low on the 23 March. He believed that the greyhound suffered no ill effects from not being treated earlier. This was clearly not the view of Dr Smith.

Bobbing Gnipper was re-homed on the 26 Jun but the new owner found it necessary to take the greyhound to her own local vet on the 30 June, but it was not possible for the Committee to conclude from the documentation that the greyhound's condition had been adversely affected by the March injury or in fact a later event

There was clearly a conflict of evidence concerning Mr Foster's receipt of the Transport Certificate but the Committee on the balance of probabilities found Dr Smith's evidence compelling. In any event Dr Smith had given advice to Mr Foster's kennelhand concerning the greyhound and if Mr Foster had not in fact seen the Transport Certificate he should from his own considerable experience requested one and also known to have sought secondary treatment for an unstable hock injury. Despite Mr Foster's evidence the Committee considered that the avoidance of a potentially significant vet's bill was uppermost in Mr Foster's mind especially as he thought the time had come to retire the greyhound.

The failure on Mr Foster's part to have the greyhound professionally treated within 48 hours of its suffering the injury on 10 March, leaving the injury unstrapped and only finally attending a veterinary surgeon on the 23 March amounted in the view of the Committee to causing the Greyhound unnecessary suffering. His actions were deliberate, uncaring and casual in terms of the good reputation of the industry.

Mr Foster, when he held a Trainer's licence, had a poor disciplinary record up to 2013 but without blemish thereafter. In this case Rule 2 applied to make Mr Foster a responsible person notwithstanding that he no longer has a Trainer's licence and the Committee found him in breach of rule 174 (xi) and therefore rules 152 (i) and (ii) of the Rules of Racing through causing unnecessary suffering to a greyhound. He was disqualified for five years but no financial penalty was applied.

3 Mr Derek Davy

Mr Davy had been the subject of an indefinite banning order imposed by

a Disciplinary Committee on the 10 October 2019 for race fixing when he was a trainer at Perry Barr stadium. He now repented and wished to have it lifted in order to submit an application for a kennelhand's licence in support of his wife Donna, who intended to run dogs at the newly licensed Valley Stadium. He had been advised that Donna would not be able to make a successful application for a Trainer's licence based on their home if he was still a "banned" person (as he is not allowed on GBGB licenced premises).

The Committee considered Mr Davy's written submission and that of Mr David Cartwright, the then Racing Manager at Valley who was very supportive of Mr Davy's application. Mr Cartwright faced aggressive questioning from Mr Law (GBGB Director of Regulation) as well as the Committee about the desirability of having someone with Mr Davy's earlier track record being associated with his track, but his support remained unqualified.

Concern was also expressed that in the event that Donna Davy was granted a Trainers licence the operation would to all intents and purpose be run by Mr Davy if he was a licenced kennelhand.

Mr Law citing the seriousness of the 2019 breaches and the determination of that Committee to impose an indefinite ban was opposed to the lifting of the ban at this time suggesting that insufficient time had elapsed since its imposition.

The Committee was split on the matter with one dissenting member, with very considerable experience in racing matters opposing the lifting of the ban. However, the majority was in favour of taking Mr Davy at his word that he had learnt his lesson and would henceforth adhere to the rules.

Accordingly, the Committee lifted the indefinite ban imposed on the 10 October 2019 leaving Mr Davy free to apply for a kennel hand licence, the grant of which was entirely at the discretion of the GBGB which might also apply whatever conditions it chooses to secure Mr Davy's good conduct.
