**Dunstall Park up and running**

SOVERIGN POPPY became the first greyhound to win a race at Dunstall Park as the GBGB's newest track got up and running.

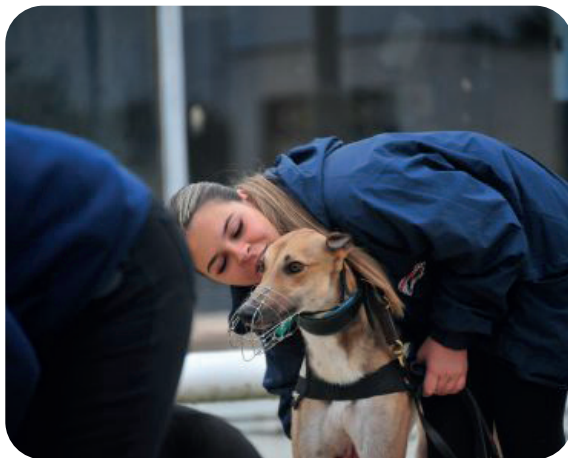

## GBGB LAUNCHES NEW FULLY FUNDED TRAINING PROGRAMME FOR KENNELHANDS

The Greyhound Board of Great Britain (GBGB) has launched a new, fully funded training course for GBGB-licensed kennelhands, aimed at enhancing their professional skills and promoting the highest standards of greyhound welfare.

Open to kennelhands of all experience levels, the course is designed to provide the specific skills and knowledge required for the day-to-day care of racing greyhounds within GBGB-licensed residential kennels.

Incorporated into the wider programme is the **Level 2 Certificate of Technical Competence in Animal Health, Husbandry and Handling**, meaning that learners who successfully complete the course will also receive a nationally recognised and transferable qualification that is recognised across the animal care sector. The delivery of this certificate is accredited by **City & Guilds**, a leading awarding body for vocational qualifications.

*"This new course is a direct reflection of our ongoing commitment to both greyhound welfare and the professional development of our hardworking kennelhands,"* said Meriel France, GBGB Education Manager.

*"It will enhance their skills, deepen their knowledge, and give them the opportunity to earn a nationally recognised qualification at no cost. Expanding education opportunities is a key element of our welfare strategy, and I am incredibly pleased to offer this programme and support learners as they progress."*

Key modules in the programme include:

- GBGB Rules of Racing, legislation, and professional responsibilities.
- Housing, feeding, and hydration standards.
- Disease prevention and promoting good health.
- Greyhound behaviour and appropriate handling.
- Routine care and husbandry tasks.

The course is completed entirely online and at the learner's own pace. There are no formal exams or written assignments; assessment is conducted via a practical evaluation at the trainer's kennels or an agreed-upon assessment site. Successful candidates will receive the City & Guilds Level 2 Certificate and 21 hours of GBGB-accredited CPD.

To qualify, applicants must be aged 16 or over, hold a current GBGB kennelhand licence, and have been employed full-time at a GBGB-licensed kennel for at least 12 weeks. This initiative is fully subsidised by GBGB, underlining its focus on upskilling the industry and strengthening care standards across the sport.

Interested kennelhands should speak with their employer (a GBGB-licensed trainer), who can contact GBGB Education Manager, Meriel France: [meriel.france@gbgb.org.uk](mailto:meriel.france@gbgb.org.uk)

## THIRD NATIONAL GREYHOUND WEEK A ROARING SUCCESS

Tracks across the country attracted fantastic crowds last week as National Greyhound Week returned for the third year running.

Throughout National Greyhound Week, which is dedicated to celebrating British greyhound racing and highlighting its importance to local communities up and down the country, many tracks saw very high attendance. This included Yarmouth, which attracted the biggest crowd of their summer season, Monmore, which recorded the highest attendance for any event since Easter 2024, and Romford, whose Friday night meeting hosted over 800 spectators following the conclusion of their Family Fun Day.

National Greyhound Week 2025 was built around the theme of “Meeting Our Sporting Legends”. This built on the success of GBGB’s **Adopt A Sporting Legend** campaign with rugby legend Joe Marler earlier this year. With the support of local homing centres and Greyhound Ambassadors, tracks made sure that all their spectators had the opportunity to interact with some of their sporting legends and see how fantastic greyhounds are, both on the track and at home as pets.

A range of family-oriented events were run throughout the week, with many tracks offering face painting, goodie bags and colouring competitions. Yarmouth Stadium even offered a carousel ride for kids. Several tracks also hosted fundraising initiatives throughout NGW, for example Monmore Green raised over £500 for Prostate Cancer UK and Children With Cancer UK through their raffle and Harlow raised over £500 for their local greyhound homing centre.

**Commenting on Monmore Green Stadium’s NGW event, Joe Edwards, Communications Manager, said:**

*“Bank Holiday Monday was a wonderful day and it was lovely to see so many people enjoying the racing in the sunshine. The raffle in aid of Prostate Cancer UK and Children with Cancer UK was well supported, raising almost £500 to be split across the two charities. All in all, it was a successful week here at Monmore and we look forward to supporting the occasion again next year.”*

**Commenting on Harlow Stadium’s involvement, Katie Bennison, GBGB Board Director and Promoter for Harlow Stadium, said:**

*“Harlow Stadium were delighted by the success of our recent events for National Greyhound Week raising over £500 for retired greyhounds. It was great to see some new faces attending greyhound racing for the first time.”*

GBGB’s NGW Roadshow also returned for a third year, with representatives – including

GBGB's team of Regional Regulatory Vets – in attendance to answer questions about both racing and rehoming greyhounds.

Sir Philip Davies, who took up his role as Chair of GBGB on 1st September, attended Star Pelaw's NGW event on Saturday night. **Sir Philip said:** *"It was wonderful to go to Star Pelaw during National Greyhound Week and see all that the track had on offer. Greyhound racing is such an exciting sport and it was fantastic to see it being spotlighted through last week's celebrations. In my new role as GBGB Chair, I look forward to supporting National Greyhound Week for many years to come."*

Many adult spectators participated in GBGB's Trap Challenge, which offered a winning prize of a table for 4 in the restaurant at a track of their choice. The winner is expected to be announced next week.

There was plenty of exciting racing throughout the week as well, with a particular highlight being the ARC Puppy Classic Final at Nottingham on Bank Holiday Monday which attracted over 550 spectators.

**Cress Lee, Marketing Manager at GBGB, said:**

*"It was wonderful to see so many tracks getting involved in National Greyhound Week and offering a wide range of different activities for their racegoers."*

*"Through our Roadshow, we not only had some wonderful conversations with spectators about racing and homing, but also saw first-hand the joy which our sport brings to racing communities. Many tracks saw higher than average attendances during the Week and we hope that newcomers to the sport will keep coming back for more exciting greyhound racing."*

*"Thank you to all the tracks who put so much effort into their events, and to the homing centres and Greyhound Ambassadors who came along to show what excellent pets greyhounds make. I look forward to building on the growing success of National Greyhound Week when it returns in 2026."*

### 1 **Oxford Stadium: Professional Trainer Mr Richard Baker**

#### **Rules 174(i)(a) and (b), 152(i) and (ii), and 217**

Mr Baker appealed against the decision of the Disciplinary Committee delivered following a hearing on 18 February 2025. Mr Baker was found guilty of breaches of Rules 174(i)(a) and (b), 152(i) and (ii), and 217. The Disciplinary Committee disqualified Mr Baker for a period of 2 years and fined him £500.

By a Notice of Appeal dated 13 March 2025 Mr Baker appealed against the sanction only. However, Mr Baker later sought, and was given, permission to adduce further evidence and amended his appeal to include an appeal against breaches of the Rules. GBGB was given permission to rely on further evidence in response.

The hearing of the appeal took place in person on 13 August 2025. Mr Baker was assisted by James Anderson, an unregistered barrister. At the outset of the appeal Mr Baker indicated that he would not be challenging the Disciplinary Committee's finding of a breach of Rule 174(i)(b). He therefore accepted that propranolol was present in the greyhound. The focus of the appeal was directed to Rule 174(i)(a), namely whether Mr Baker was responsible for administering the propranolol.

The appeal was by way of a review of the decision of the Disciplinary Committee. It was not a rehearing. In order for his appeal to succeed Mr Baker was required to show that the Disciplinary Committee's decision was wrong. That involves showing that the decision was perverse or contrary to the weight of the evidence, or was reached by an error of law, or was materially incorrect.

### **THE DISCIPLINARY COMMITTEE**

The Disciplinary Committee's reasoning can be seen from the following extensive quotation from its Minutes.

Professional trainer Mr Richard Baker was found to be in breach of GBGB rules of Racing, being responsible for his Greyhound CHATTERBOX KATY testing positive for Propranolol a Beta Blocker in a urine sample which was taken at Oxford Stadium on the 8th August 2024 and analysed by LGC Health Services. The Disciplinary Committee have found on the balance of probability Mr Baker administered or colluded in the administration of propranolol [to a] Greyhound with the purpose of affecting the Greyhound's performance. The Committee particular note that no alternative explanation had been given or could be found for the presence of the banned substance Propranolol in the Greyhound, and the affect that it appears that the substance had on the Greyhound.

Independent expert Professor Tim Morris told the Committee that Propranolol is a beta-blocker that slows the heart beat and reduces the amount of work done by the heart's muscles. Side effects include weakness, lethargy and respiratory issues. Propranolol reduces racing

performance in greyhounds. In the context of the GBGB Rules of Racing it was his opinion that propranolol in any amount with its effects on the heart is a substance which by its nature could affect the performance of the Greyhound or with its side effects could prejudice the well-being of a Greyhound. He qualified his opinion by noting that the source, dose and timing of the exposure to propranolol are not clear. His opinion was that the concentration of propranolol found in the urine of the greyhound before racing indicated that it had been exposed to the substance within the previous 12 hours. The concentration was also such that the substance could have affected the performance of the dog.

...

The Committee found that Mr Baker's explanation that he had not given Propranolol to the Greyhound or directed for this to be done, not to be credible. The Committee bore in mind that the burden of proof was on the GBGB. The Committee found that GBGB had met the burden on the basis that the Propranolol was found to be in the greyhound, there was no credible explanation for it to be in the Greyhound, apart from that it had been fed to the Greyhound to affect the performance, and that the Greyhound clearly ran slower than expected and then did very well in the following races. The Committee therefore found that this was a deliberate act by Mr Baker to affect the performance of his Greyhound.

On the basis of those factual findings the Committee found that all the charges brought against Mr Baker by GBGB were proved. For the avoidance of doubt this meant we found proved the charge under Rules 174 (i)(a) and (b), 152 (i) and (ii), and

rule 217. The Committee found that the Propranolol had been fed to the Greyhound on purpose to affect its performance, and that this conduct by Mr Baker has been prejudicial to the integrity, proper conduct and good reputation of greyhound racing.

The Committee considered what the most proportionate sanction would be. The Committee considered that this is a serious breach of the GBGB Rules of Racing. The Committee also considered the previous findings against Mr Baker's. The aggravating factors are that this was an act to affect the outcome of a race artificially. The Committee considered the appropriate sanction. They started off with the lowest sanction and worked up to the most serious sanction. The Committee found that given the seriousness of the offence they had to consider warning off Mr Baker. They considered that given Mr Baker's conduct, was at the top end of seriousness of matters, this was a real possibility, but the Committee found that this would not be proportional in the circumstances, but a long period of suspension of his licence with immediate effect would be appropriate, with an appropriate fine. The Committee ordered that Mr Baker be suspended with immediate effect for a period of 2 years and pay a fine of £500.

#### **BASIS OF THE APPEAL**

Unlike his case before the Disciplinary Committee, Mr Baker advanced a positive explanation for the presence of propranolol in Chatterbox Katy which he argued is supported by the further evidence. Mr Baker believes that Person A administered propranolol to Chatterbox Katy in what was a deliberate act of spiking. Mr Baker adduced new evidence to support his case that the drug was present on Person A's premises, to demonstrate that there is bad feeling between Person A and himself, and that Person A had had the opportunity to administer the drug. The inference, he submitted, is that Person A was responsible for the presence of propranolol in Chatterbox Katy.

Mr Baker argued that the sanction was disproportionate. He relied on additional further evidence in support of that submission. He argued that that financial impact was not fully appreciated by the Disciplinary Committee because it had not asked him to complete a statement of means and that the sanction fails sufficiently to recognise his positive character. He relied on the glowing references adduced by way of further evidence, which demonstrate the positive impact that he has had on the greyhound community. Mr Baker submitted that a suspended

disqualification would constitute a proportionate sentence, and would provide him with the ability continue his and his family's life with greyhounds.

#### **DISCUSSION**

Mr Anderson submitted that the actions of Person A provide a possible explanation for the presence of propranolol in Chatterbox Katy. The Appeal Board agreed with that submission. However, that did not address the real the question for the Board which was whether the new evidence would have caused the Disciplinary Committee to have reached a different decision.

The Appeal Board had no hesitation in deciding that Mr Baker's new case does not cross that threshold. The Appeal Board considered it probable that Person A had access to propranolol in August 2024. But that, in itself, was not sufficient for the appeal to succeed. The Appeal Board did not consider that the bad feeling between Person A and Mr Baker provides a sufficiently probable motive for Person A to have spiked Chatterbox Katy. Further, it considered that the access that Person A could have had to the kennel was theoretical: it cannot be said that Person A had the probable opportunity.

The Appeal board concluded that even if the new explanation, supported by the new evidence, had been before the Disciplinary Committee it would nevertheless have reached the same conclusion. The appeal against the finding that Mr Baker was in breach of rule 174(i) (a) was dismissed.

The Disciplinary Committee summarised in the following terms the conduct for which Mr Baker was to be sanctioned –

The Committee found that the Propranolol had been fed to the Greyhound on purpose to affect its performance, and that this conduct by Mr Baker has been prejudicial to the integrity, proper conduct and good reputation of greyhound racing.

The Appeal Board considered that this is an entirely accurate summary and were wholly satisfied that the Disciplinary Committees' approach was correct. Further, that the sanction imposed by the Disciplinary Committee based on material before it was proportionate and proper. There can be no doubt that administration of drugs such as propranolol will ordinarily attract a period of disqualification. It was appropriate for the Disciplinary Committee to have adopted that approach in this case.

The Appeal Board considered that the positive character references constituted important mitigation that entitled it to impose a different sanction from that imposed by the Disciplinary Committee. In addition, that it would be wrong not to take into account the fact that Mr Baker has now been suspended for a period of 6 months.

Nevertheless, notwithstanding the new material, the Appeal Board had no doubt that a period of immediate disqualification is appropriate and that the appropriate total period of disqualification should be 2 years. However, in light of the new material the Appeal Board were satisfied that part of that disqualification should be suspended. The Appeal Board considered the appropriate sanction is a period of disqualification for a total period of 2 years, 12 months of which shall be immediate, and 12 months shall be suspended for 2 years. The fine of £500 shall remain unaltered. The appeal fee of £750 shall be forfeited.

The Appeal Board made clear that this variation of sanction implies no criticism of the Disciplinary Committee's decision, which was wholly endorsed, and that it was able to vary that decision only because of the new material that had been put before it.

#### **IMPORTANCE OF ADDUCING FULL CASE**

The Appeal Board considered it appropriate to emphasise to those who may become involved in GBGB disciplinary hearings the importance of adducing their full case at the first hearing. Any appeal is by way of a review, not a rehearing. New evidence will be admitted only in exceptional cases. The Appeal Board will not ordinarily hear any evidence that was not heard by the Disciplinary Committee. It is therefore very important that parties to GBGB proceedings should investigate and bring forward the entirety of their case at the first hearing. The hearing before the Disciplinary Committee is the substantive hearing: it should not be treated as a rehearsal for an appeal.

The Disciplinary Committee was in attendance on 19 August 2025.

Mr Phil Naylor and Assistant  
Trainer Mr Damian Parsons**

## **Rules 174(xi), 152(i), 152(ii), and 216**

Professional Trainer Mr Phil Naylor was found to be in Breach of Rules 174(xi), 152 (i) and (ii) and 216 of the GBGB Rules of Racing following the death of EDIAL SAFFI after a fight in Mr Naylor's kennels in which EDIAL SAFFI had been seriously injured. Mr Naylor had neglected to seek urgent veterinary support resulting in unnecessary suffering on the part of the Greyhound. Mr Naylor's assistant, Assistant Trainer Mr Damian Parsons was found not to be in breach of the GBGB Rules of Racing and the Disciplinary Committee ordered that no further action be taken in his case.

Mr Naylor and Mr Parsons were in attendance. Mr Peter Rosney, Stipendiary Steward, Mr Dave Baldwin, ARC Head of Racing, Mr Chris Black, Stadium Manager Perry Barr, Dr Michelle Tromans, track vet for Perry Barr and Monmore Green, and Dr Susan Andreiser GBGB Regional Regulatory Vet were also in attendance.

Two Local Inquiries were held on 4 August 2025 the first relating to Mr Naylor, the second to Mr Parsons. Mr P Rosney, Stipendiary Steward, Mr D Baldwin, ARC Head of Racing, Mr M Seal, Racing Manager at Perry Barr and Mr C Black, Stadium Manager at Perry Barr were in attendance at both Inquiries.

The basic sequence of events was agreed by all parties. On 28 May 2025 the Greyhound EDIAL SAFFI suffered injuries to her right hock and tendon at Perry Barr Stadium. She was treated at Monmore Green Stadium, where she underwent surgery and was splinted and bandaged. Her dressings were replaced weekly at Monmore Green and her general condition was assessed each time the dressings were changed. The last dressing replacement took place on Tuesday 15 July and no injuries were noted. On the evening of Thursday 24 July 2025 she was placed in a paddock with other dogs and suffered severe bite injuries. She was taken to the track vet at Monmore Green on Friday 25 July, as she was already booked in for an appointment on that day to review the injuries suffered on 28 May. She was seen by the track vet, Dr Michelle Tromans. Numerous bite injuries were identified, euthanasia was recommended, but EDIAL SAFFI died before any action was taken.

The injuries identified by Dr Tromans fell into three categories. First, there was evidence of bites which Dr Tromans estimated to be about two weeks old, but she was unable to advise as to how serious they

would have been and whether veterinary treatment would have been advisable at the time. These earlier injuries were not therefore relevant to the Disciplinary Committee's determinations. Secondly, there was evidence of a bite wound of approximately 5 to 7 days old, (probably incurred between 18 and 20 July). This had been untreated and necrosis was occurring. Third, there were fresh bites, no doubt suffered on the evening of the 24th July, including one which was very serious.

In addition to Dr Tromans' evidence the Committee heard evidence from Dr Susan Andreiser to the effect that she had noted during inspections at Mr Naylor's kennels on 27 June and 28 July 2025 that some dogs required worming and better teeth care. The failure to treat worm infestation adequately or provide adequate dental care in her view could cause unnecessary suffering to the greyhounds concerned. Dr Andreiser also reported that the kennels were in poor condition and cleaning was inadequate.

Mr Naylor disagreed with Dr Tromans' assessment of EDIAL SAFFI's injuries. Mr Naylor found it inconceivable that a severe wound could have been incurred around 18-20 July and not noticed by either himself or Mr Parsons. In his view all injuries had been sustained on the evening of 24 July. He denied that there was a smell of necrosis saying he would have noticed this in transporting EDIAL SAFFI to the vet. He attributed the death of EDIAL SAFFI to her being anaesthetised on 25 July combined with a possibly weak condition rather than as a result of her injuries. However, he did acknowledge he had failed to assess how serious her injuries were on the evening of 24 July and regretted not having sought veterinary help at that point. Mr Naylor pointed out that on the morning of 25 July, when taking EDIAL SAFFI to the vet she was able to jump in and out of the van and walk into the treatment room. In his view this was evidence that her injuries were not serious.

In addition, the Committee took evidence from Mr Parsons who was both Assistant Trainer to Mr Naylor and the owner of EDIAL SAFFI. He recollected that advice had been given, when EDIAL SAFFI was treated for her hock and tendon injury, to the effect that she should avoid excitement and serious exercise and be kept separate from other dogs. Mr Naylor did not recollect having received this advice. Mr Parsons said he loved his dogs and they loved him and the Committee believed him. As a result, in order to discourage EDIAL SAFFI from leaping

up to welcome him he had limited interaction with her, simply placing food in her kennel rather than making contact with her. Mr Naylor on the other hand admitted to grooming EDIAL SAFFI. Mr Parsons did not deny that EDIAL SAFFI might have been injured around 18-20 July, but he had not noticed any deterioration in her condition or noticed the wound itself, but this in turn might have been explained by his avoiding contact with her in order to protect her hock/tendon injuries. He had not smelt the necrosis but said that he had no sense of smell.

It was agreed that Mr Parsons had followed advice to keep EDIAL SAFFI separate from other dogs but Mr Naylor had not followed this advice taking the view that fights in his kennels were all but unknown and he believed he only paddocked EDIAL SAFFI with calm dogs.

Mr Naylor confirmed that a fight had taken place in the paddock on the evening of 24 July when EDIAL SAFFI was paddocked for about an hour with other dogs and no doubt attacked by them. Mr Naylor assessed the injuries but believed them not to be serious enough to warrant taking veterinary advice immediately. The dogs were brought in after 11.00 p.m. It was not clear how good the lighting was when Mr Naylor assessed the injuries. Mr Naylor referred to "feeling" the wounds. Mr Parsons was not on duty on the evening of 24 July as he usually only worked mornings.

On the morning of Friday 25 July Mr Parsons began his normal routine of feeding the dogs and cleaning the kennels and, shortly after 7.00 am discovered signs of blood which led him to EDIAL SAFFI who was clearly severely injured. He gave basic treatment to the injuries and then spoke to Mr Naylor at about 9.00 am. Mr Parsons was clearly angry at the state of the dog which he owned. He tried phoning Dr Tromans and sent a photograph but failed to get through. Mr Parsons does not have a driving licence and was unable himself to take EDIAL SAFFI to a vet. He suggested to Mr Naylor that EDIAL SAFFI needed urgent treatment. Mr Naylor suggested that it was enough to rely on the 12 noon appointment. Mr Parsons deferred to Mr Naylor on the basis that he was more experienced. There was some disagreement as to exactly when EDIAL SAFFI was taken to see Dr Tromans, Mr Naylor said he arrived about 11 am but Dr Tromans' recollection was that he arrived shortly before 12 noon.

The Treatment book was shown in evidence and it was clear that

certain entries had been made retrospectively.

The Disciplinary committee first considered whether on the evidence, Mr Naylor was in breach of the Rules of Racing. It was clear that there was a breach of Rule 216, the duty to maintain a treatment book but this was less significant than the issue of the failure to treat injuries.

The Committee considered Mr Naylor an unreliable witness. The evidence provided by Dr Tromans and Dr Andreiser was more convincing. Accordingly, on the balance of probabilities the Committee determined that EDIAL SAFFI had indeed suffered a severe wound on or about 18-20 July and Mr Naylor should have seen this wound and should have obtained veterinary care. Failure to do so did in all probability cause unnecessary suffering on the part of EDIAL SAFFI. Having said that, in the view of the Committee this was a case of neglect rather than intentional cruelty. Secondly, Mr Naylor, as a professional trainer, should have identified the severity of the wounds incurred on 24 July, sought immediate veterinary advice or care and by failing to do so had in all probability caused unnecessary suffering. Mr Naylor was therefore in breach of Rule 174(xi). In the view of the Committee, causing unnecessary suffering was a serious issue and, particularly in the current climate, would undoubtedly be seen as prejudicial to the integrity or good conduct of Greyhound racing. It was therefore a breach of Rule 152 (ii) and it followed from these breaches that there was also a breach of Rule 152 (i).

In the case of Mr Naylor, the Committee advised that any breach of the rules involving the welfare of a Greyhound was extremely serious and in assessing a penalty the welfare of greyhounds had to be paramount. Mr Naylor was responsible for serious errors of judgement and the Committee also noted the concerns expressed by Dr Andreiser about the state of his kennels. Accordingly, the Committee ordered that Mr Naylor be disqualified for a period of three years commencing on the date of his initial suspension by the GBGB. In addition, the Committee ordered a financial penalty of £1000 in respect of all breaches including the breach of Rule 216.

In the case of Mr Parsons, the Committee found Mr Parsons to be a helpful witness with the best interests of greyhounds at heart. The Committee believed that Mr Parsons had been acting reasonably and in the interests of EDIAL SAFFI

in limiting interaction with her while her tendon and hock repaired. It was unfortunate, indeed tragic, that Mr Parsons therefore failed to spot the injury of 18-20 July but this failure did not amount to a breach of Rule 174(xi). As for the injuries on 24th July, Mr Parsons was not at the kennels at the time and played no part in any neglect. On the morning of 25 July he did what he could by seeking to contact Dr Tromans and sending her a photograph of the injury. He tried to treat the injuries. He raised his concerns with Mr Naylor but, not unreasonably, deferred to Mr Naylor's seniority and experience. The Committee determined that Mr Parsons' actions did not give rise to unnecessary suffering, there was no breach of Rule 174(xi) and consequently no breach of either part of Rule 152. The Committee ordered that in the case of Mr Parsons no further action be taken.

The Appeal Board was in attendance on 20 August 2025.

### **Rules 174(xi), and 152(i) and (ii)**

Mr Phil Barlow and Mr Martin Barlow (Mr Phil Barlow's father) appealed against the decision of the Disciplinary Committee delivered following a hearing on 8 May 2025. Mr Phil Barlow and Mr Martin Barlow were each found guilty of breaches of Rule 174(xi) (treating a greyhound with cruelty/conduct likely to cause unnecessary suffering) and of Rule 152(i) & (ii) (prejudicing the integrity of greyhound racing). The Disciplinary Committee disqualified both Mr Phil Barlow and Mr Martin Barlow each for a period of 2 years with effect from the date of the hearing. By undated Notice of Appeal Mr Phil Barlow appealed on behalf of himself and on behalf of Mr Martin Barlow against both the conviction and the sanction.

The hearing of the appeal took place by way of a Teams meeting held on 20 August 2025. Neither Mr Phil Barlow nor Mr Martin Barlow appeared or were represented.

The appeal was by way of a review of the decision of the Disciplinary Committee. It was not a rehearing.

### **Cruelty**

Rule 174(xi) empowers the Disciplinary Committee to impose

a sanction if it is satisfied that an individual has treated any Greyhound or caused or permitted any Greyhound to be treated with cruelty or in such a manner as causes or is likely as to cause the Greyhound unnecessary suffering. "Cruelty" is not defined in the Rules. It does not feature in the Animal Welfare Act 2006, which focuses on the concept of "unnecessary suffering". In the absence of any definition in the Rules or in a statute we consider that "cruelty" should be given its ordinary meaning. Accordingly, "cruelty" requires conduct that amounts to abuse of a greyhound. Physical harm will frequently be present, but is not an essential element of "cruelty". Similarly, the second limb of the rule does not require actual suffering but only conduct likely to cause unnecessary suffering.

The Appeal Board considered that Rule 174(xi) is intended to address two different categories of conduct. Conduct likely to cause unnecessary suffering is of a lesser category than treating a greyhound with cruelty. Accordingly, when considering a charge under Rule 174(xi) a tribunal should be astute to differentiate between the different categories of offence. The decision requires analysis of the facts of an individual case, and is one of fact and degree. It is a classic example of a case in which the decision of a specialist tribunal requires considerable respect.

The fact that the appellants chose not to attend the hearing means that their case has not been amplified beyond what it contained in the Notice of Appeal and subsequent email. The issues, however, are clear. The appellants dispute that the evidence justified findings of cruelty and/unnecessary suffering. Further, they argue that the penalty imposed by the Disciplinary Committee was disproportionate and excessive.

### **Findings**

There was no issue before the Disciplinary Committee that video clips relevant to this appeal showed Mr Phil Barlow or Mr Martin Barlow. There was therefore no dispute that the conduct revealed by those clips was the conduct of Mr Phil Barlow and Mr Martin Barlow respectively. The Minutes of the Disciplinary Committee demonstrate that it heard submissions on the character of that conduct, and that before reaching a decision re-viewed the clips. In terms of procedure and fairness that approach was exemplary.

The Appeal Board adopted the same approach. It viewed the clips and received submissions about them. The question for the Appeal

Board was whether the Disciplinary Committee's findings of cruelty and conduct likely to cause unnecessary suffering were properly open to the Committee on the basis of the evidence contained in the clips. After careful review, the Appeal Board found Mr Phil Barlow to have committed 3 acts of cruelty and Mr Martin Barlow to have committed 2 acts of cruelty and 1 act involving unnecessary suffering. Those offences were spread across a period of 6 months and demonstrate habitual and persistent behaviour.

### **Sanction**

The appropriate sanction was determined in light of the Appeal Board's determination of guilt. Fewer incidents of Rules breaches were found proved on Appeal than were found proved by the Disciplinary Committee. Nevertheless, the appellants' conduct remains serious and unacceptable treatment. It involves six offences spread across a period of six months. That is serious, persistent misconduct.

The Disciplinary Committee's reasoning can be seen from the following extract from the Minutes.

The Committee considered that this was a serious case where there were clear acts of cruelty to the greyhounds in the care of both Phil Barlow and Martin Barlow. The Committee found that this was particular serious as both were experienced in the sport and had been in the sport for a long time (over 20 years). The Committee took into consideration their character as well as their temporary suspensions. The Committee considered that the public interest required that the serious offences were marked by an appropriate penalty to protect the welfare of greyhounds and maintain proper standards of conduct of licensed persons. However, given the nature of the rule breaches and the acts of cruelty that were found proved, the Committee also considered that an appropriate penalty was necessary to protect the integrity of greyhound racing and maintain public confidence in the greyhound industry. The Committee was mindful of the potential impact on the reputation of the sport of the rule breaches which were found proved. The Committee found that though Phil Barlow was the licensed trainer, and Martin Barlow was one of his licensed kennel hands, Martin Barlow was more experienced, and both of them acted independently in the acts they carried out. Therefore, both were equally culpable.

Although dealing with a reduced number of Rule breaches to that found by the Disciplinary Committee,

the Appeal Board considered that that the principle that underlies the Disciplinary Committee's conclusion about the gravity of the offences is perfectly proper and continues to apply. There can be no doubt that ill treatment of greyhounds calls for a significant penalty, not only to punish the offender but also to protect the reputation of the greyhound community. It was appropriate for the Disciplinary Committee to have adopted that approach in this case. The Appeal Board also agreed that the Disciplinary Committee was correct not to differentiate between Mr Phil Barlow and Mr Martin Barlow but to treat them equally.

The Appeal Board found this case requires a period of disqualification. However, although the conduct that constitutes cruelty it is not of the worst, or even significant cruelty. There was no evidence that any of the greyhounds were injured by the appellants' conduct. In those circumstances, although there must be a period of disqualification, the Appeal Board considered it right to suspend part of that disqualification. The Appeal Board considered that a period of two years disqualification remains appropriate but that part of that sentence should be suspended. The Appeal Board directed that both Mr Phil Barlow and Mr Martin Barlow should be disqualified for a period of two years. 12 months of that disqualification shall be immediate, the balance of 12 months shall be suspended for two years.

The Disciplinary Committee was in attendance on 19 August 2025.

1 **Jonathan Deane**

### **Rules 152(i) and (ii)**

The Disciplinary Committee convened to consider the report of the Director of Regulation, into the conduct of registered owner Jonathan Deane on 28 May 2025.

Mr Deane did not attend the hearing which, as previously requested by him, was held at GBGB offices in central London rather than a virtual hearing.

The start of the hearing was delayed whilst enquiries were made by GBGB as to whether Mr Deane would be attending with representation as previously indicated by him. Mr Deane did not respond to GBGB's attempts to contact him by email and telephone on the morning of the hearing.

The Committee considered the emails from GBGB showing that Mr Deane had not responded to any GBGB correspondence since 7 August 2025. The Committee also considered the information from the organisation Mr Deane had said would be representing him at the hearing, in which that organisation stated that they have never been instructed by Mr Deane to represent him at the hearing that day. The Committee were mindful that Mr Deane's hearing had previously been adjourned at Mr Deane's request in July 2025.

Taking all of these factors into account, the Committee were satisfied that proper notice of the hearing had been given to Mr Deane, who was clearly aware of the hearing this day. Given that the Committee had no information that an adjournment would secure Mr Deane's attendance at any hearing in the future, the Committee decided that it was fair and appropriate to proceed with the hearing in Mr Deane's absence.

On 28 May 2025 Mr Deane sent an email to a GBGB employee querying payment of prize money and expressing Mr Deane's frustration at his perceived lack of timely response from the employee. In the email Mr Deane went on to make a number of assumptions about the employee's heritage and religion as well as giving Mr Deane's views about members of that religion's hatred and hostility towards dogs. Mr Deane then questioned how the employee came to be employed by GBGB and whether they had ever owned a dog, placed a bet on a greyhound or attended a track meeting.

The Committee considered the email of the 28 May 2025 and subsequent emails between Mr Deane and the Director of Regulation in which Mr Deane was informed that he should explain his language which the Director of Regulation considered to be inappropriate, racially aggravated and a breach of both the Rules of Racing and the Code of Conduct. Mr Deane responded stating that he considered the contents of his email to be free speech, simple statements of fact and legitimate public interest inquiries and not a breach of any rules.

The Committee considered carefully all the evidence and information before it and noted the context as to the how the email came to be sent by Mr Deane and his frustration from his perception of not receiving a timely response from the employee. However, based on the evidence before it, the Committee's view was that the nature and tone of

Mr Deane's email to the employee was unjustified and contained Mr Deane's negative assumptions about members of a particular religion as well as making racial or religious tropes or barbs. The Committee also considered that the email was hostile towards the employee in demanding that the employee justify to Mr Deane their employment with GBGB. The Committee considered that this is a matter between the employee and GBGB only. Overall, the Committee viewed Mr Deane's email to the employee as completely unacceptable and inappropriate.

The Committee considered that the GBGB Code of Conduct was clear at paragraphs 1, 2, 4 and 6 about the expectation of behaviour and conduct of all participants in the sport.

The Committee concluded that Mr Deane's actions amounted to a breach of Rule 152 (i) and (ii) of the GBGB Rules of Racing.

The Committee considered Mr Deane's lack of any previous appearances before the Disciplinary Committee. The Committee had no information about Mr Deane's financial circumstances. Taking these factors into consideration, the Committee imposed a severe reprimand and a £500 fine. The Committee also ordered costs to be paid by Mr Deane of £2484.
