## RACING ROUND UP

All the big race action from the last 14 days.

### Arena Racing Company Northern Puppy Derby wide open says General Manager Walton

IAN WALTON, Newcastle's general manager, believes the race to succeed last year's winner Droopys Deploy is wide open after six heats of the Arena Racing Company Northern Puppy Derby at the Byker venue last week.

### Mongys Wild looks to defend Ladbrokes Golden Jacket title

MONMORE racing manager Tony Williamson believes the stage is set for a fantastic Ladbrokes Golden Jacket ahead of Saturday's semi-finals after six heats of the famous event produced some exceptional performances – not least from defending champion Mongys Wild.

### Gary The Arb fastest in Ladbrokes Winter Derby heats

GARY THE ARB heads into Saturday's semi-finals of the Ladbrokes Winter Derby at Monmore as the fastest heat winner after last year's runner-up blasted to victory in heat two of the £10,000-to-the-winner Category One.

## 2025 GBGB AWARD FOR GRADED GREYHOUND OF THE YEAR

GBGB is pleased to announce that Bacon Burrger, trained by Paul Burr, is winner of the 2025 GBGB Award for Graded Greyhound of the Year.

This September 22 daughter of Malachai and Geelo Gold Dust was a standout performer for her owners Kevin Bacon and Paul Burr around Romford in 2025 boasting a graded strike rate of 45.2%.

'Betty' as she is known, recorded 14 wins in 31 races throughout the year, climbing the grades from A9 to A1 securing her home track's 'Graded Performer of the Year' title in the process.

Speaking of Bacon Burrger's victory, Romford Racing Manager Mark Arkell said: "Bacon Burrger has been a real star at Romford for the Paul Burr kennel in 2025; she is cleverly named by her owners Kevin and Paul, to incorporate their names, she's definitely not a spelling mistake.

To go from A9 to Open class takes some doing and what a great training performance by Paul and his team.

The four timer is extra impressive winning A9, A8, A7 and A6 consecutively takes some doing. So well done to Betty.

Paul's good to work with as he's always happy in his work. He certainly puts the miles in from Norfolk to Romford so awards like this are well deserved."

## KENNELHAND OF THE YEAR 2025

GBGB is pleased to announce that Shannon Brown has been named Kennelhand of the Year 2025. Shannon who has recently turned 20, works alongside her father Paul Rutherford at Newcastle and was nominated for this award due to her unrelenting passion for the sport.

Shannon's dedication to the breed throughout their lives, from birth to retirement, impressed the Kennelhand of the Year panel of Duncan Gibson, GBGB's Senior Stipendiary Steward, Owners Representative Tony Brealey, Trainers' Representative Peter Harnden, Louise Warr, GBGB's Racing Operations Executive and 2024's Kennelhand of the Year Kaitlyn Linley.

Commenting on Shannon's win, Duncan Gibson said: *"Kennelhands are the backbone of this sport."*

*Their hard work, dedication, and commitment to greyhounds is always admirable, and is why it is so difficult to select a winner.*

*Shannon has, however, shown the panel that not only is she an outstanding kennelhand, but is one who consistently demonstrates her passion, care, and lifelong commitment to the sport and the greyhounds in her care, and that is why she is kennelhand of the year."*

Congratulating Shannon on the Award, Ian Walton, General Manager at Newcastle Stadium, said: *"We are delighted Shannon has been recognised for her ever-present commitment, enthusiasm and love for the greyhound and greyhound racing."*

*"Even though she is one of the sport's youngest kennel hands, Shannon truly feels part of the furniture at Newcastle Stadium."*

*"She goes above and beyond in every aspect of her work, including finding retired racers their perfect forever home which she takes as much – if not more – pride in as the results achieved on track."*

*"On behalf of everyone at Newcastle Stadium, we congratulate Shannon on this much-deserved achievement."*

Reflecting on what this award means to her, Shannon said: *"I'm very pleased and genuinely surprised by the nomination."*

*I started working in the kennel with my father from a young age, and it's always been a passion of mine, so this means a lot."*

Kennelhands are an integral part of our sport and the panel were inundated with a host of worthy nominations for this award including runner-ups Claire Butler, Abby Race and Kaitlyn Petch.

Kayley Worships, Craig Calvert, Casey Hatch, Sonny Milbanks, Sophie Barrett, Willow Austin-King and Liz Mazey were also nominated.

## MCNAIRS AND K.S.S. SYNDICATE NAMED RECIPIENTS OF GWA SERVICES TO GREYHOUND RACING AWARD

THE KSS Syndicate and the McNairs, trainer Liz and her husband and assistant Rab, have been announced as the latest recipients of the GWA Services to Greyhound Racing Award.

Owners of the Year at the GBGB Awards on no less than nine occasions, the Kent-based set-up have also been one of the most successful British breeders for many years with their King and Queen-prefixed greyhounds winning numerous Category One titles and a host of honours at the annual awards.

In addition to farming the Owners of the Year title and sending out champions such as Shaws Dilemma, Skate On, Queen Joni, Queen Beyonce, King Elvis, King Turbo, Warzone Tom, King Sheeran and King Memphis to land a host of major prizes on the track, the likes of Skate On, Queen Beyonce and Queen Jessie have flourished in the breeding paddocks.

All won Best Dam of British Bred litter awards – Skate On winning four years in row from 2017 to 2020. King Sheeran and King Elvis have also made their names as leading sires.

Greyhound Writers' Association (GWA) chairman Jonathan Hobbs said: "Congratulations to Liz and Rab, but also to Brendan Keogh and Simon Senyk, who very much head the KSS Syndicate, joined successfully in recent years by Ian Openshaw.

"Rab calls Brendan 'the boss' and he and Simon deserve particular credit as true greyhound men, whose passion has underpinned a hugely successful breeding programme at the kennels.

"Liz and Rab have recently announced they are to retire, so the timing of this award is perfect – and there can also be no more deserving recipients this year.

"As we know, Rab's timing in general is brilliant! You only have to remember and re-watch some of those fantastic interviews on Sky and RPGTV – and on the many occasions he has stood on stage at the GBGB Awards.

Even his appearance in the recently released *Gone To The Dogs* film made us all roar with laughter!

"Congratulations to them all. This award is well deserved."

## 100 YEARS ON TRACK- THE EXHIBITION

As part of GBGBs Centenary Celebrations to mark 100 Years since Greyhound Racing began in 1926, we are planning an online exhibition where we will display an exciting mix of photos, trophies, newspapers articles, record books and memorabilia that highlight key moments in the sport's history.

We've already got a good selection but are now reaching out to friends of the sport, tracks, museums, libraries and ambassadors to see if anyone else has anything that they would like to include and celebrate. The weird and wonderful are all welcome!

Please email us at [info@gbgb.org.uk](mailto:info@gbgb.org.uk) to let us know of anything you would like to add to this important historical display. All items would be well cared for and only borrowed by us for a brief period for photography and record generation.

## PROFESSOR RICHARD PAYNE DELIVERS ENGAGING WEBINAR ON GREYHOUND MUSCULOSKELETAL ADAPTATIONS

Last week, Professor Richard Payne delivered the first of the Greyhound Board of Great Britain's 2026 CPD sessions. His webinar focused on the musculoskeletal adaptations which greyhounds have, making them built for running.

Dr Payne opened the session with a discussion on the adaptations seen in all running animals – from gazelles to cheetahs – and how these adaptations appear in greyhounds and other sighthounds. He then went on to discuss how, even where anatomy may differ between animals, the same biomechanical outcomes can be reached, with a focus on how this appears in racing greyhounds.

The session was attended live by licence holders from all sides of the sport – from track vets and racecourse staff to trainers and kennelhands. Several of those who attended the webinar gave highly complimentary feedback on the event.

Adrian Smith-Pope, Hove Racing Office Assistant, said of the session:

*“Once again, Dr. Richard Payne generously shared his knowledge with webinar attendees for those responsible for the care of racing greyhounds. The explanation of both the ‘locomotion’ of the racing greyhound and ‘G-Forces’ produced by a greyhound racing round a bend with a camber, are fascinating points to take away from this webinar to share with colleagues. I always strongly recommend GBGB license holders attend these events as every webinar is extremely enlightening.”*

Jason Smith, a Professional Greyhound Trainer who joined the webinar, said:

*“I always enjoy these webinars because Richard gives clear examples of the issues being discussed. There has been a significant and important increase in welfare standards in recent times and this is because of being proactive rather than reactive and sharing insights that can help constantly improve how we operate. That can only be good for the sport on the whole.”*

Meriel France, Learning and Development Manager for GBGB, said:

*“It was brilliant to see licence holders from across the sport attending Professor Richard Payne’s first webinar of the year. It was a highly engaging session which offered an interesting perspective on what makes our greyhounds such fantastic athletes.*

*“We have many more CPD sessions lined up this year – from practical training days to educational webinars – and we would encourage all licence holders to attend when they can.”*

**A recording of Professor Richard Payne’s webinar, Greyhound Musculoskeletal Adaptations, is available for all licence holders to view on their relevant GBGB Portals or by emailing [meriel.france@gbgb.org.uk](mailto:meriel.france@gbgb.org.uk).**

## Welfare Hotline

If you are concerned about the welfare of any registered racing greyhounds, please call our confidential Welfare Hotline on **020 7822 0917**. The line is available 24 hours a day, seven days a week.

You will be prompted to leave a voicemail message giving as much information as you can so that our team can investigate your concerns fully and ensure appropriate action is taken.

The Disciplinary Committee wish to advise those appearing before them as “the affected person” that the Disciplinary Committee has the discretion to take account of any previous breaches of the rule(s) of racing which they consider are relevant to a case being heard before them irrespective of the date of commission of the breach.

## DISCIPLINARY COMMITTEE INQUIRIES

The Disciplinary Committee was in attendance on 23 October 2025.

### 1 **Doncaster Stadium: Assistant Professional Trainer Craig Mottram (VANCOUVER TANK, MONBEG BLAZING, and JUMEIRAH GROVE)**

#### **Rules 174(vi), 152(i), 152(ii)**

Assistant Professional Trainer Craig Mottram was found to be in breach of Rule 174(vi) of the GBGB Rules of Racing in that he had made false statements and signed a false signature in retirement forms submitted to GBGB in respect of the greyhounds VANCOUVER TANK, MONBEG BLAZING and JUMEIRAH GROVE. In doing so Mr Mottram had acted in a manner prejudicial to the integrity, proper conduct or good reputation of Greyhound racing contrary to Rule 152(ii). Consequently there were also breaches of Rule 152(i).

Mr Mottram was in attendance. Simon Storey, Stipendiary Steward, and Martin Race, Doncaster Racing Manager, were also in attendance.

A Local Inquiry was held on 28 June 2023 at Doncaster Stadium at which Mr Mottram, Graham Banks, Deputy Racing Manager, Doncaster, Chris Hutton, GBGB Investigations officer, and Simon Storey, Stipendiary Steward were also present.

The evidence provided at the Local Inquiry and before the Disciplinary Committee was as follows. Three greyhounds, VANCOUVER TANK,

MONBEG BLAZING, AND JUMEIRAH GROVE were euthanised at Vets4Pets, Durham on 5 January 2023. There had been some concern and discussion at the Local Inquiry as to whether euthanasia was justified but this issue was not one which the Disciplinary Committee was being asked to review.

Three retirement forms were signed by the vet on 21 April, and sent to Mr Mottram who forwarded them to Doncaster Racecourse on 17 May. There was some uncertainty as to the cause of the delay in signature. While there was evidence that Mr Mottram might have been slow to provide forms to the vet there was also evidence that the vet might have used forms held by the practice.

In any event the forms were out of date and details of the dogs euthanised had not been filled in. GBGB asked Mr Mottram to use the up to date form and ensure they were fully completed.

Mr Mottram therefore requested further retirement forms from the senior paddock steward at Doncaster Stadium on 31 May 2023. The forms were returned as completed less than an hour later. The forms were sent to GBGB who were clearly suspicious and on 6 June visited the vet whose signature purported to be on these later forms. The vet said that his name was incorrectly spelt, the postcode of his address wrong on two forms and the signature in the vet's section of the form was not his.

At the Local Inquiry Mr Mottram admitted to completing the vet's section of the form and forging the signature of the vet on the forms submitted on 31 May. He said the reason was that he wanted to avoid delays while the forms were sent

to the vet, referring to the delay in finalising the earlier forms submitted on 17 May.

Mr Weston on behalf of the GBGB argued that the motive was fraud, an attempt to recover rehoming bond money. The Committee considered the evidence pointed more to carelessness and a lack of knowledge and determined that fraud had not been proven.

Clearly, Mr Mottram had in effect made a false statement and signed a false signature in presenting forms to the GBGB as signed and completed by the vet when they had not been completed or signed by him. There were therefore breaches of Rule 174(vi). The Committee accepted that this falsification constituted a breach of Rule 152(ii) as it amounted to behaving in a manner prejudicial to the integrity of greyhound racing. As a consequence of the above breaches Rule 152(i) was also breached.

The Committee then considered the appropriate sanction. While it could be argued that Mr Mottram was simply correcting an administrative error the Committee noted that retirement forms were important in tracking retiring dogs and checking on their welfare. It was important that the forms were correctly completed and the breaches were serious. Forgery might well lead to disqualification. On the other hand, the Committee were told that Mr Mottram had an excellent record and noted that he had co-operated in the Inquiry and been put to some inconvenience when his case was adjourned at the request of the Committee on 19 August and he had also assisted in moving the time of this hearing. The Committee determined that an appropriate

sanction in respect of the breaches taken together would be a reprimand and penalty of £500.

The Disciplinary Committee was in attendance on 9 December 2025.

**1 Monmore Green Stadium: Professional Trainer Mr Richard Rees (CHURCHFIELD SYD)**

The Disciplinary Committee convened to consider the report of a local inquiry held by the area stipendiary steward, on 16 March 2024, into the positive analysis of a pre-race urine sample taken from the greyhound CHURCHFIELD SYD at Monmore Green Stadium on 17 February 2024 which identified the presence of benzoyllecgonine and m-hydroxybenzoyllecgonine.

Mr Rees attended the hearing by video link. Professor Tim Morris, independent scientific advisor and Pete Rosney, GBGB Area Stipendiary Steward were also in attendance.

CHURCHFIELD SYD competed in Race 12, a 480m Category 1 race, the Winter Derby Final, running from trap 6. The greyhound finished first with a time of 28.15 seconds. A pre-race urine sample was taken from the greyhound CHURCHFIELD SYD and analysis of the sample, by LGC, revealed the presence of benzoyllecgonine and m-hydroxybenzoyllecgonine, metabolites of cocaine, a prohibited substance under GBGB rules due to its potential to affect the performance and/or well-being of the greyhound.

The Disciplinary Committee heard that at the local inquiry, Mr Rees stated that he could not explain the positive finding of benzoyllecgonine and m-hydroxybenzoyllecgonine in the greyhound CHURCHFIELD SYD. Mr Rees highlighted at the local inquiry that the greyhound had been sampled on the 10 February 2024 at the semi-final race with a negative result. Mr Rees stated at the local inquiry that the positive sample must be due to environmental cross contamination.

The Disciplinary Committee heard that in light of the positive sample in CHURCHFIELD SYD, the Area Stipendiary Steward had taken swabs from the kennels on 30 March 2024. These swabs from doors within the kennels and feed bags were tested and revealed very low levels of the presence of cocaine. A hair sample

from the greyhound was obtained on 5 May 2024 which was negative.

Professor Morris provided evidence that benzoyllecgonine and m-hydroxybenzoyllecgonine are metabolites of cocaine, indicating that cocaine has passed through the greyhound. He went on to state that cocaine is not a veterinary medicine and is a highly restricted Class A Schedule 2 Controlled Drug and a stimulant of the nervous system. This is a substance which, by its nature, could affect the performance or prejudice the well-being of a greyhound. Professor Morris told the Disciplinary Committee that CHURCHFIELD SYD's exposure to cocaine occurred 3-5 days prior to the sampling procedure. Professor Morris went on to tell the Disciplinary Committee that there was screening evidence of environmental contamination of cocaine at the kennels. Professor Morris confirmed to the Committee that if someone had intended to administer cocaine to a greyhound in order to speed the greyhound up, then the most effective method would be to administer the cocaine to the greyhound as close before the race as possible. Professor Morris highlighted to the Committee that the pre-race urine sample taken from CHURCHFIELD SYD on 17 February 2024 before the race, whilst positive for metabolites of cocaine, was negative for cocaine so the exposure to cocaine was unlikely to have been on the day of the race.

Mr Rees stated, in his account to the Committee, about his initial shock at receiving the positive sample and his view that the explanation for the positive finding in CHURCHFIELD SYD must be due to inadvertent environmental exposure from cocaine on surfaces and feed bags in his kennels from an unknown source. Mr Rees told the Committee that he was confident that none of his staff would have deliberately administered cocaine to the greyhound. Mr Rees highlighted to the Committee that as an experienced trainer, he was well aware that all the greyhounds in the race would be sampled, due it being a Category 1 race and it was illogical to suggest that he would give a substance to the greyhound in these circumstances. Mr Rees explained that in the week before the race, there had been kennel sickness at his kennels, and in light of this CHURCHFIELD SYD had been exercised less than usual and had mostly had contact with Mr Rees's wife, Mr Rees on a couple of occasions and a GBGB steward once who visited his kennels. Mr Rees stated that this reduced contact

was an effort to lower the risk of CHURCHFIELD SYD catching the kennel sickness before the race. Mr Rees told the Committee that he was baffled by the positive sample and in answer to questions from the Committee confirmed that deliveries come to his kennels, his staff can access everywhere in the kennels and that he had not as yet carried out a catering style deep clean of his kennels as he had not been aware of the need to do so before the hearing.

Mr Rees also told the Committee that now he was aware of the environmental contamination of cocaine at his kennels that he would take measures such as a deep clean of all surfaces and items within his kennels as advised by Professor Morris.

Based on the evidence presented, the Disciplinary Committee accepted the account of Mr Rees and concluded that the finding of benzoyllecgonine and m-hydroxybenzoyllecgonine in CHURCHFIELD SYD's sample was due to inadvertent environmental exposure probably from cocaine on surfaces within the kennels rather than any deliberate administration of cocaine to the greyhound.

The Disciplinary Committee found Mr Rees in breach of rules 174(i)(b), 152(i) and 217 of the GBGB Rules of Racing.

The Committee noted the positive references from Mr Rosney, attesting to Mr Rees's high standards and professionalism as a licensed trainer.

The Committee noted Mr Rees's relevant antecedents including previous findings by the Disciplinary Committee for breaches of the rules in 2012 and 2015 in respect of positive samples for which Mr Rees received a caution and a £250 fine.

Taking all of these factors into consideration, the Committee imposed a reprimand and a fine of £500.

**2 Star Pelaw Stadium: Professional Trainer Mr Scott Storie (CLASSY AFTERNOON)**

The Disciplinary Committee convened to consider the report of a local inquiry held by the area stipendiary steward, on 27 June 2024, into the positive analysis of a pre-race urine sample taken from the greyhound CLASSY AFTERNOON at Star Pelaw Stadium on 18 February 2024 which identified the presence of benzoyllecgonine and m-hydroxycocaine.

Mr Storie attended the hearing by video link. Professor Tim Morris,

independent scientific advisor, Simon Storey, GBGB Area Stipendiary Steward and David Gray, Racing Manager at Star Pelaw Stadium, were also in attendance.

CLASSY AFTERNOON competed in Race 6, a 435m flat A2 graded race running from trap 5. The greyhound finished sixth. A pre-race urine sample was taken from the greyhound CLASSY AFTERNOON and analysis of the sample, by LGC, revealed the presence of benzoyllecgonine and m-hydroxycocaine, metabolites of cocaine, a prohibited substance under GBGB rules due to its potential to affect the performance and/or well-being of the greyhound.

The Disciplinary Committee heard that at the local inquiry, Mr Storrie stated that he could not explain the positive finding of benzoyllecgonine and m-hydroxycocaine in the greyhound CLASSY AFTERNOON and had no idea how the positive sample came about.

The Disciplinary Committee heard that in light of the positive sample in CLASSY AFTERNOON the Area Stipendiary Steward had taken swabs from the kennels on 5 June 2024. These swabs from surfaces within the kennels and feed bags were tested and revealed very low levels of the presence of cocaine. A hair sample from the greyhound was also obtained on 5 June 2024 which was negative.

Professor Morris provided evidence that benzoyllecgonine and m-hydroxycocaine are metabolites of cocaine, indicating that cocaine has passed through the greyhound. He went on to state that cocaine is not a veterinary medicine and is a highly restricted Class A Schedule 2 Controlled Drug and a stimulant of the nervous system. This is a substance which, by its nature, could affect the performance or prejudice the well-being of a greyhound. Professor Morris told the Disciplinary Committee that CLASSY AFTERNOON's exposure to cocaine occurred more than 5 days prior to the sampling procedure. Professor Morris went on to tell the Disciplinary Committee that the swabs taken from the kennels indicated that there was screening evidence of environmental contamination of cocaine at the kennels. Professor Morris confirmed to the Committee that if someone had intended to administer cocaine to a greyhound in order to speed the greyhound up, then the most effective method would be to administer the cocaine to the greyhound as close before the race as possible. Professor Morris

highlighted to the Committee that the pre-race urine sample taken from CLASSY AFTERNOON on 18 February 2024 before the race, whilst positive for metabolites of cocaine, was negative for cocaine so the exposure to cocaine was unlikely to have been on the day of the race.

Mr Storrie, in his account to the Committee, outlined his shock on being notified of the positive sample. He explained that his kennels were at his father's home and that he did not employ any staff as it was a small kennels although deliveries do come through his father's home and into the kennels at the rear of the property. Mr Storrie stated to the Committee that he was anti-drugs and would never risk giving any substance to his greyhounds. Mr Storrie told the Committee that he was at a loss to explain the positive sample and that he had not as yet carried out a catering style deep clean of his kennels as he had not been aware of the need to do so until hearing the evidence of Professor Morris at the hearing.

Mr Storrie also told the Committee that now he was aware of the environmental contamination of cocaine at his kennels that he would take measures such as a deep clean of all surfaces and items within his kennels as advised by Professor Morris.

Based on the evidence presented, the Disciplinary Committee accepted the account of Mr Storrie and concluded that the finding of benzoyllecgonine and m-hydroxycocaine in CLASSY AFTERNOON's sample was due to inadvertent environmental exposure probably from cocaine on surfaces within the kennels rather than any deliberate administration of cocaine to the greyhound.

The Disciplinary Committee found Mr Storrie in breach of rules 174(i)(b), 152(j) and 217 of the GBGB Rules of Racing.

The Committee noted the positive references from Mr Storey, attesting to Mr Storrie's high standards of welfare for his greyhounds.

The Committee noted that Mr Storrie had previously appeared before a local inquiry in 2024 in respect of the rehoming of a greyhound but had not previously appeared before the Disciplinary Committee.

Taking all of these factors into consideration, the Committee decided that imposing a reprimand and a fine of £500 was appropriate and in line with similar previous decisions of the Disciplinary Committee.

### **3 Doncaster Stadium: Professional Trainer Miss Debbie Calvert (UHADMEATHELLO and NELLYS FAIRY)**

The Disciplinary Committee convened to consider the report of two local inquiries held by the area stipendiary steward. The first local inquiry was on 29 November 2023, into the positive analysis of a urine sample taken from the greyhound UHADMEATHELLO at Doncaster Stadium on 31 October 2023 which identified the presence of benzoyllecgonine and m-hydroxybenzoyllecgonine. The second local inquiry was on 27 July 2025, into the positive analysis of a urine sample taken from the greyhound NELLYS FAIRY at Doncaster Stadium on 2 June 2025 which identified the presence of benzoyllecgonine and m-hydroxycocaine.

Miss Calvert attended the hearing by video link. Professor Tim Morris, independent scientific advisor, Simon Storey, Area Stipendiary Steward and Helena Wrigglesworth, Area Stipendiary Steward, and Martin Race, Racing Manager at Doncaster Stadium, were also in attendance.

On 31 October 2023 UHADMEATHELLO ran in a 483m trial. However, analysis of a pre-race urine sample from the greyhound, by LGC, revealed the presence of benzoyllecgonine and m-hydroxybenzoyllecgonine.

The Disciplinary Committee heard that at the local inquiry on 29 November 2023, Miss Calvert could give no explanation for the positive finding of benzoyllecgonine and m-hydroxybenzoyllecgonine. Miss Calvert further stated that she would never give such a substance to a greyhound and also highlighted that her kennel hand, on the day, had been asked by the sampling steward to put forward any three of their greyhounds for sampling and the kennel hand had chosen UHADMEATHELLO to be sampled.

On 2 June 2025 NELLYS FAIRY raced in an D4 graded 275m race, out of trap 6 and finished in first place. However, analysis of a pre-race urine sample from the greyhound, by LGC, revealed the presence of benzoyllecgonine and m-hydroxycocaine.

The Disciplinary Committee heard that at the local inquiry on 29 July 2025, Miss Calvert stated that she could not explain the positive finding of benzoyllecgonine and m-hydroxycocaine in NELLYS FAIRY and that neither she nor her staff would administer a substance such as cocaine to a greyhound.

Professor Morris provided evidence that benzoylcegonine, m-hydroxybenzoylcegonine and m-hydroxycocaine are metabolites of cocaine, indicating that cocaine has passed through both greyhounds. He went on to state that cocaine is not a veterinary medicine and is a highly restricted Class A Schedule 2 Controlled Drug and a stimulant of the nervous system. This is a substance which, by its nature, could affect the performance or prejudice the well-being of a greyhound.

Professor Morris told the Disciplinary Committee that UHADMEATHELLO's exposure to cocaine occurred more than 5 days prior to the sampling procedure. Professor Morris went on to tell the Disciplinary Committee that a hair sample from the greyhound UHADMEATHELLO taken on 29 November 2023 was negative but that swabs taken from the kennels on 4 June 2024 indicated that there was screening evidence of environmental contamination of cocaine at the kennels.

Professor Morris told the Disciplinary Committee that NELLYS FAIRY's exposure to cocaine occurred more than 5 days prior to the sampling procedure. Professor Morris went on to tell the Disciplinary Committee that a hair sample from the greyhound NELLYS FAIRY taken on 20 August 2025 was negative but that swabs taken from the kennels on 20 August 2025 indicated that there was environmental contamination of cocaine at the kennels.

Professor Morris confirmed to the Committee that if someone had intended to administer cocaine to a greyhound in order to speed the greyhound up, then the most effective method would be to administer the cocaine to the greyhound as close before the race as possible. Professor Morris highlighted to the Committee that the pre-race urine samples taken from UHADMEATHELLO and NELLYS FAIRY, whilst positive for metabolites of cocaine, were negative for cocaine so the exposure to cocaine was unlikely to have been on the day of the races.

Miss Calvert, in her evidence to the Committee, told of her shock and bewilderment at being informed of the positive results. She informed the Committee that she did not use cocaine and would have no idea how to access it. Miss Calvert stated that she trusted her staff who she knows well and they could not explain the positive findings. She stated that only her licensed staff had access to the kitchen areas of her kennels and that she had not as yet asked

her staff to undergo drug testing as until being informed of the results of the swabs of her kennels, she had believed that the source of the exposure to cocaine must have been external to her kennels. Miss Calvert told the Committee that she was at a loss to explain the positive sample and that she had not as yet carried out a catering style deep clean of her kennels as she had not been aware of the need to do so until hearing the evidence of Professor Morris at the hearing.

Based on the evidence presented, the Disciplinary Committee accepted the account of Miss Calvert and concluded that the finding of benzoylcegonine and m-hydroxybenzoylcegonine in UHADMEATHELLO and benzoylcegonine and m-hydroxycocaine in NELLYS FAIRY's samples were due to inadvertent environmental exposure probably from cocaine on surfaces within the kennels rather than any deliberate administration of cocaine to the greyhounds.

The Disciplinary Committee found Miss Calvert in breach of rules 174(i) (b), 152(i) and 217 of the GBGB Rules of Racing in relation to the positive analysis of urine samples for both greyhounds.

The Committee noted the positive references from Miss Wrigglesworth, attesting to Miss Calvert's high standards of care for her greyhounds.

The Committee noted that Miss Calvert had previously appeared before the Disciplinary Committee on three occasions in respect of positive samples.

Taking all of these factors into consideration, the Committee decided that imposing a severe reprimand and a fine of £1000 was appropriate given Miss Calvert's antecedents.
